Hasty Named H'coming Queen

The most exciting and busiest week of the year? Nearly everyone would agree it was Homecoming, Oct. 10-14. Monday was devoted to Super-Heroes day, while Tuesday and Wednesday were designated Cowboy and Indian day and Masquerade day. The Seniors received the spirit stick for their participation on Tuesday, and the Sophomores received the award Wednesday.

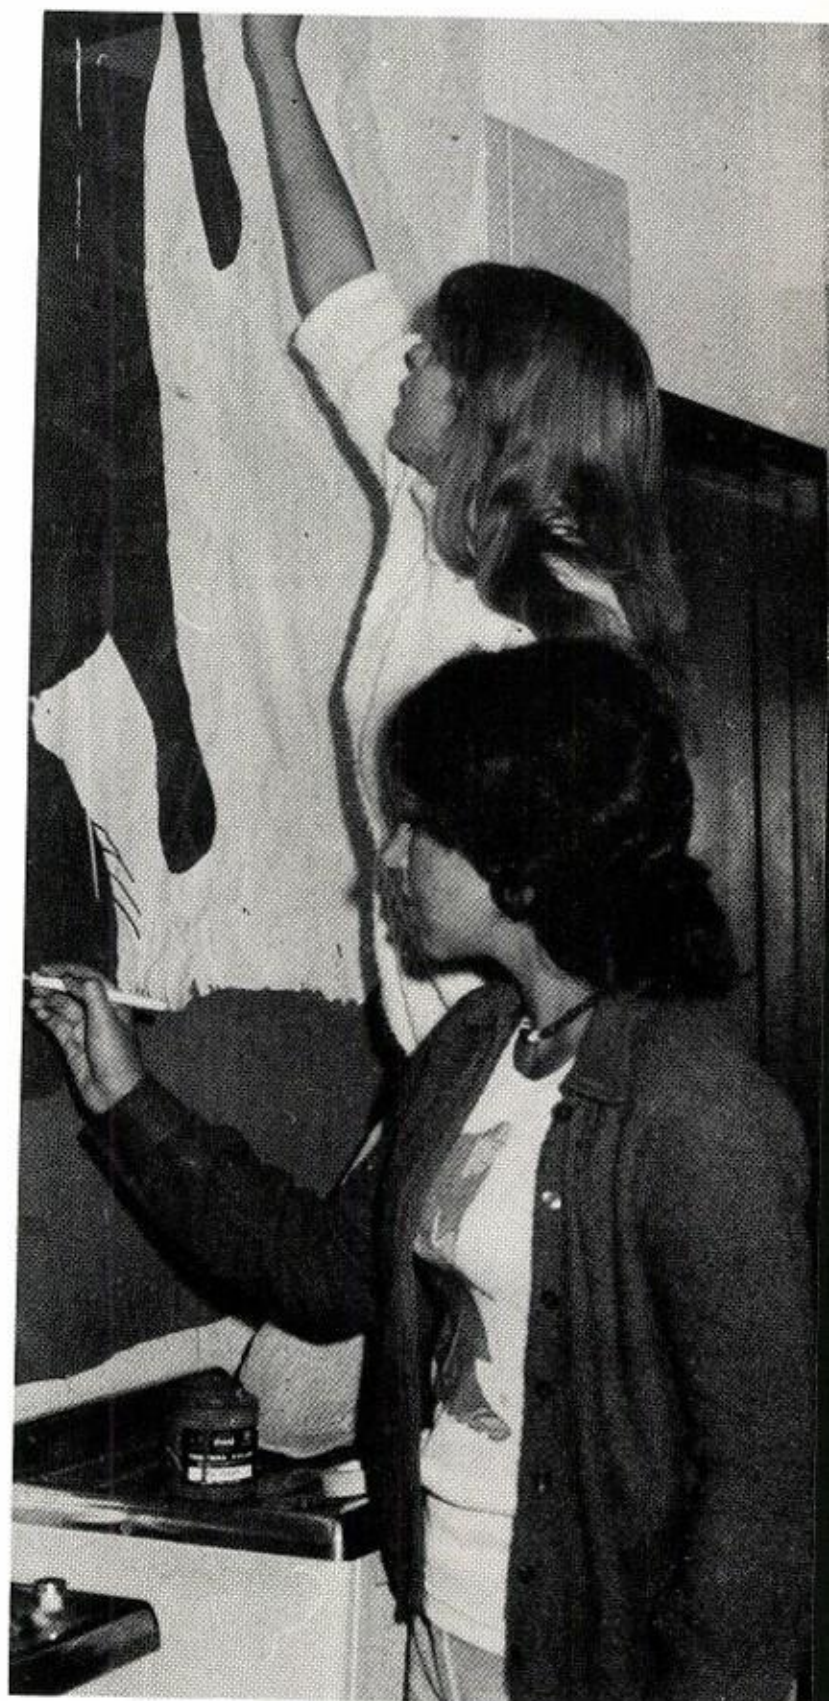

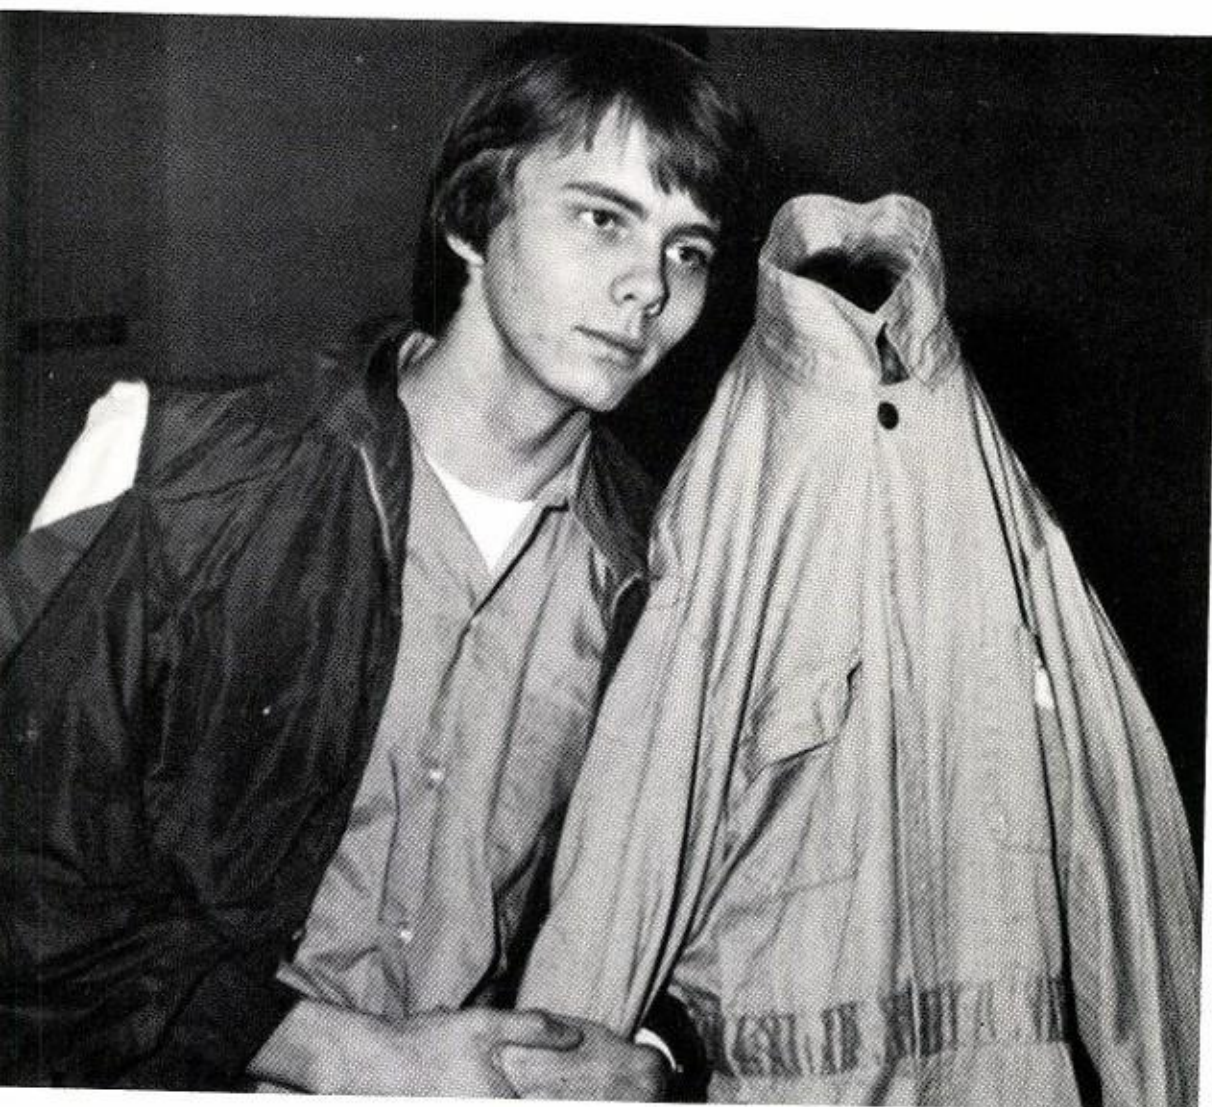

On Friday night, the sell-out crowd in Lake View stadium tensely awaited the highlight of halftime activities. Seven lovely duchesses were escorted onto the field, all hoping to be named the '77 Homecoming Queen. Cheers went up when Senior Valerie Hasty stepped forward to receive

her crown from last year's queen, Joyce Cornelius. Another queen, another Homecoming, another year past, all in remembrance of the fun at Lake View.

Pep Rally Builds Spirit

Thursday was perhaps the busiest day of the whole week. The official name was "Black Day,"

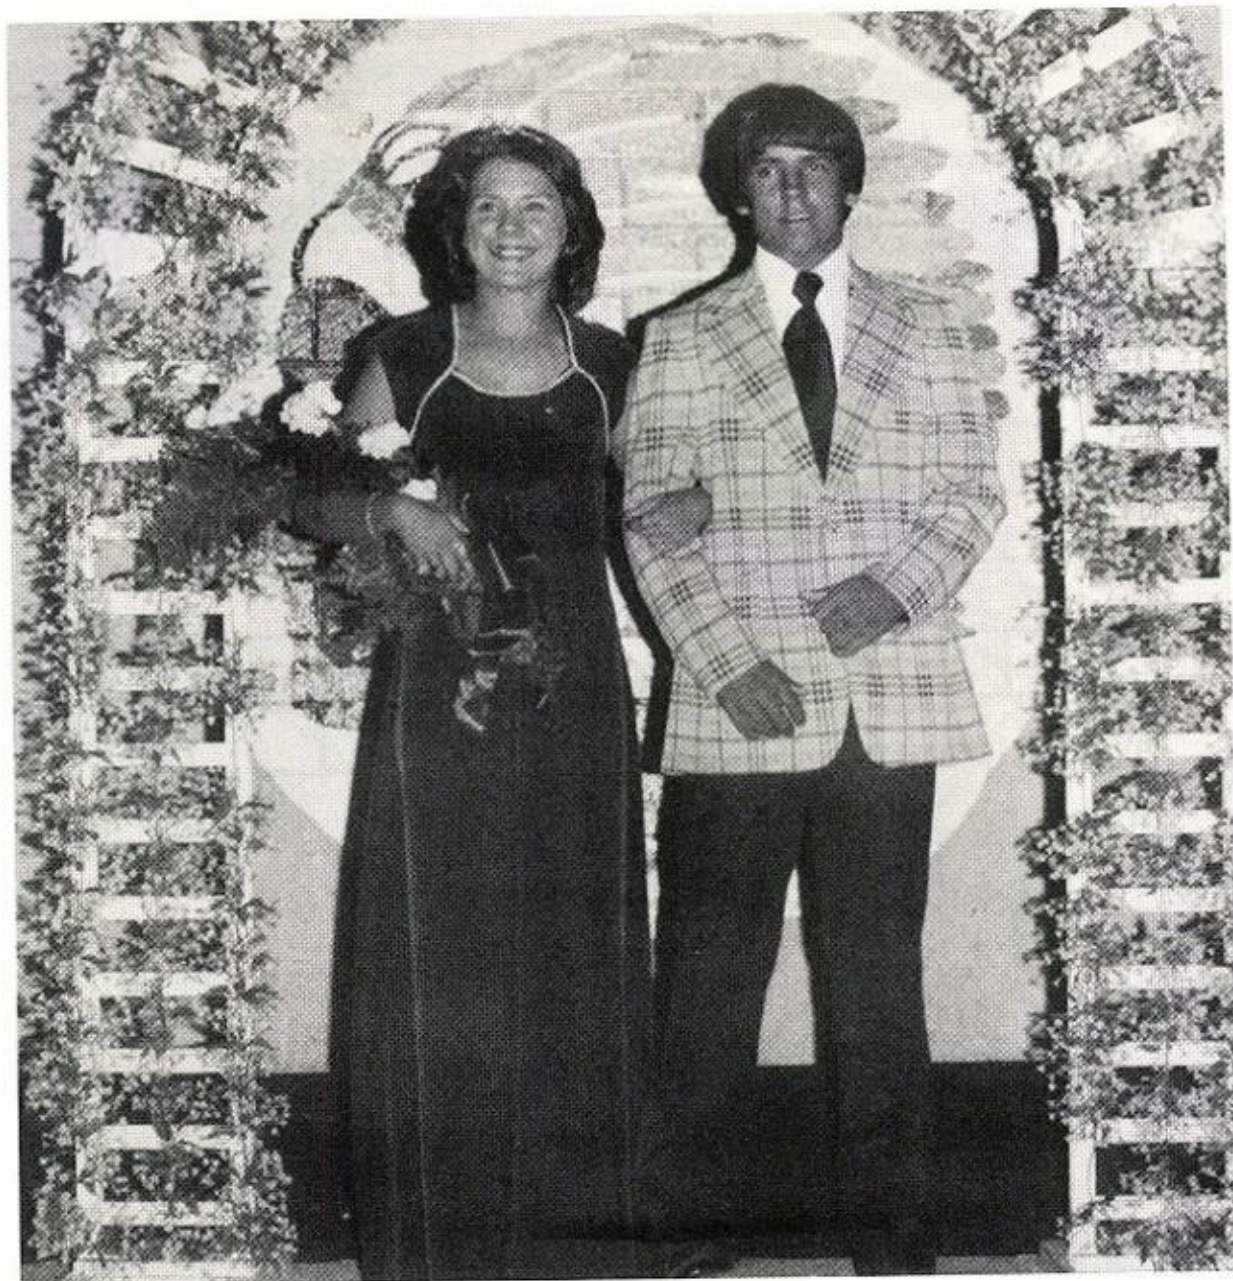

and everyone wore black in mourning for the expected "death" of the Snyder Tigers.

Thursday morning the teachers got into the act with an impromptu pep rally featuring four groups of teachers leading class yells. The juniors, led by Mrs. Karen Pearson, Mrs. Janie Wells, and Mr. Jerry Johnson, were awarded the spirit stick for this event.

Signs and props were scattered throughout the Student Center all week, and were judged on Thursday. All these events and many more helped to urge the Chiefs on to a Friday night victory.

PAGE 34: TOP: Junior Cyndi Holster, escorted by Stacy Haviland, shows her delight in being elected Duchess. HASTY, FOLLIS HONORED

Mr., Miss Flame Light Fire

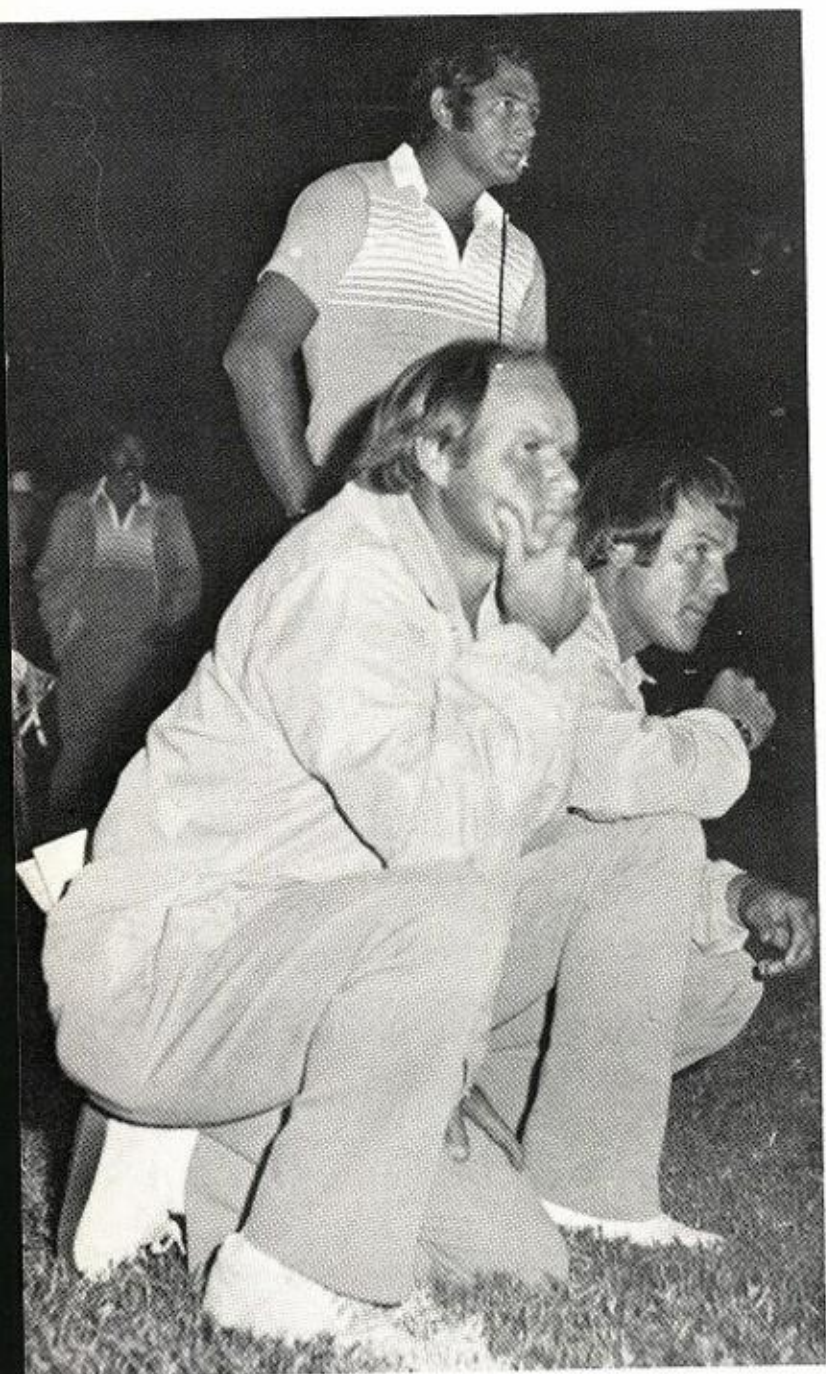

Thursday night a large percentage of the school could be found behind Lake View stadium circled around a huge bonfire.

The bonfire was one of the biggest and most successful in Lake View history. A car caravan traveling from K-Mart to the stadium preceded the fire. Valerie Hasty and Brad Follis, seniors, were crowned Mr. and Miss Flame. After about an hour of dancing, yelling, and general fun, the crowd wandered home, and local firemen doused the

scene of another Lake View spirit-producing event.

Friday Climaxes H'coming

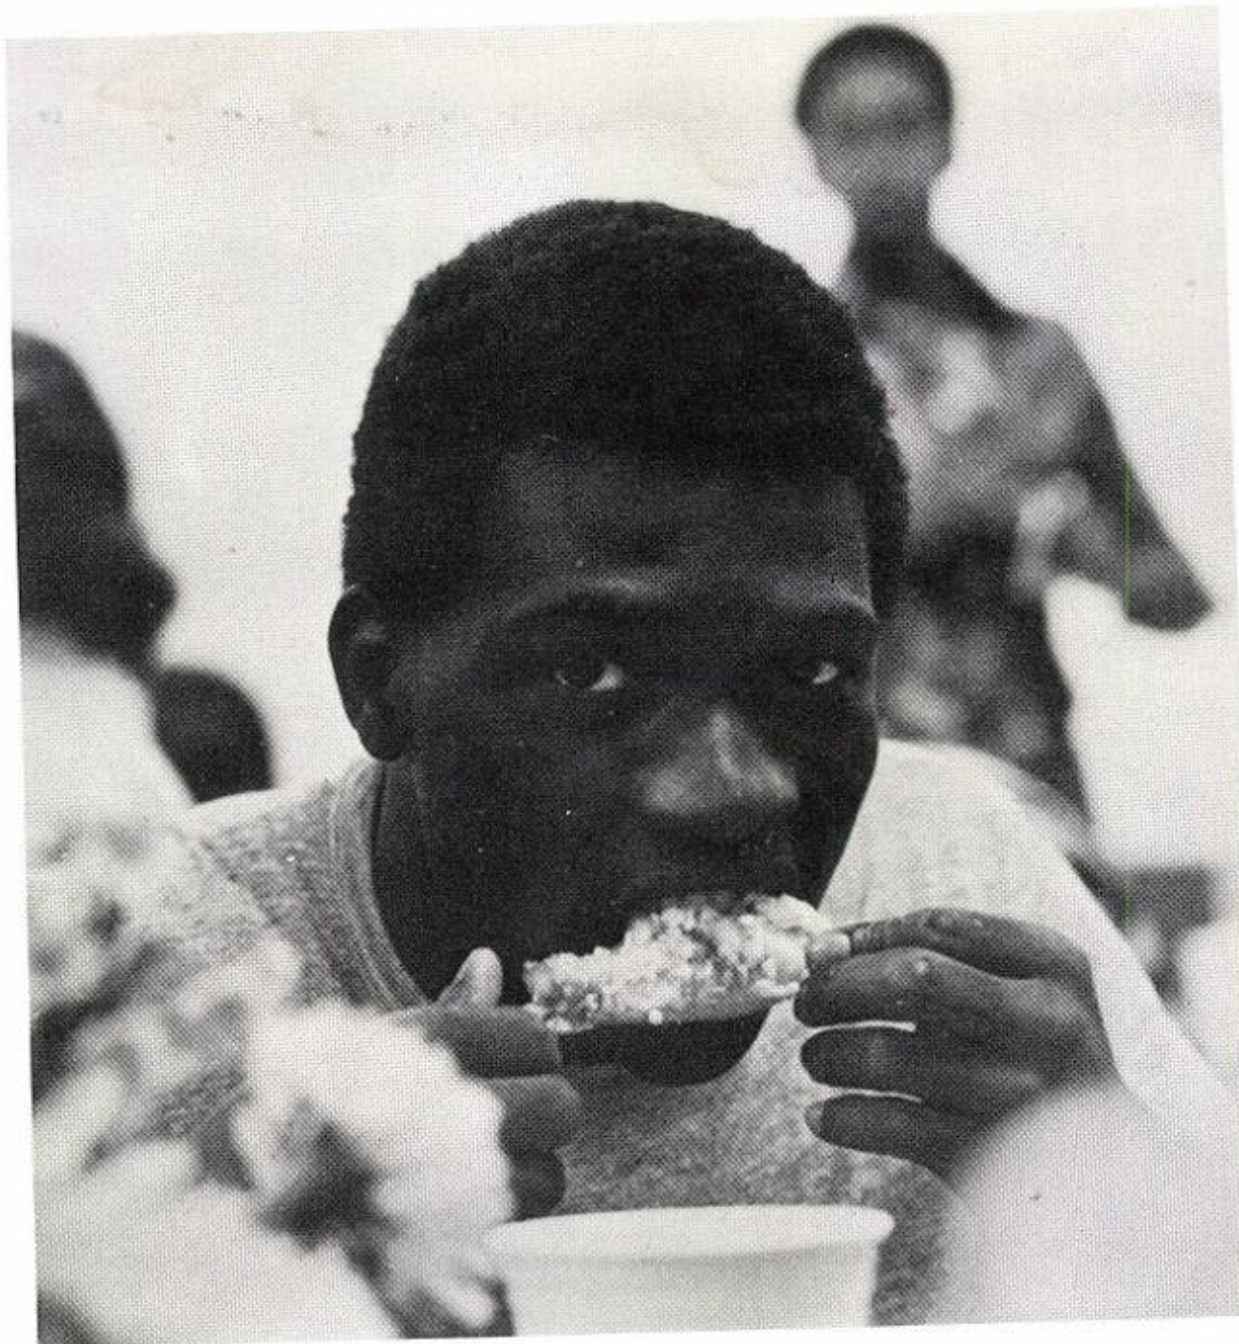

On Friday came the climax to the week of excitement and anticipation. As the Lake View Chiefs marched onto the field, the stadium full of people knew

they would not be disappointed. The Chiefs went quickly to work, and impressed the crowd with their powerful defense and quick offense.

After the game, fans flocked to the dressing room to congratulate the players. As they left, there was a feeling of depression as they realized that Homecoming was all over . . . but the excitement and memories had been well worth the time.

FHA

Prepares F'ball Supper

Food brings strength, strength brings activity, activity brings competition, and like a rerun of last year, competition brought victory.

FHA provided some of that strength by giving the football players, coaches, trainers, and managers, a festive football supper. Fried chicken, baked potatoes, beans, bread, salad, iced tea, and dessert were served. Admission was charged and it turned out to be a filling success.

Several stores in the Lake View area donated food and this occasion gave each girl a chance to learn homemaking skills.

Drama Shows 'Wizard' to Local Schools

The drama class presented the play "The Wizard of Oz" to several local elementary schools last fall.

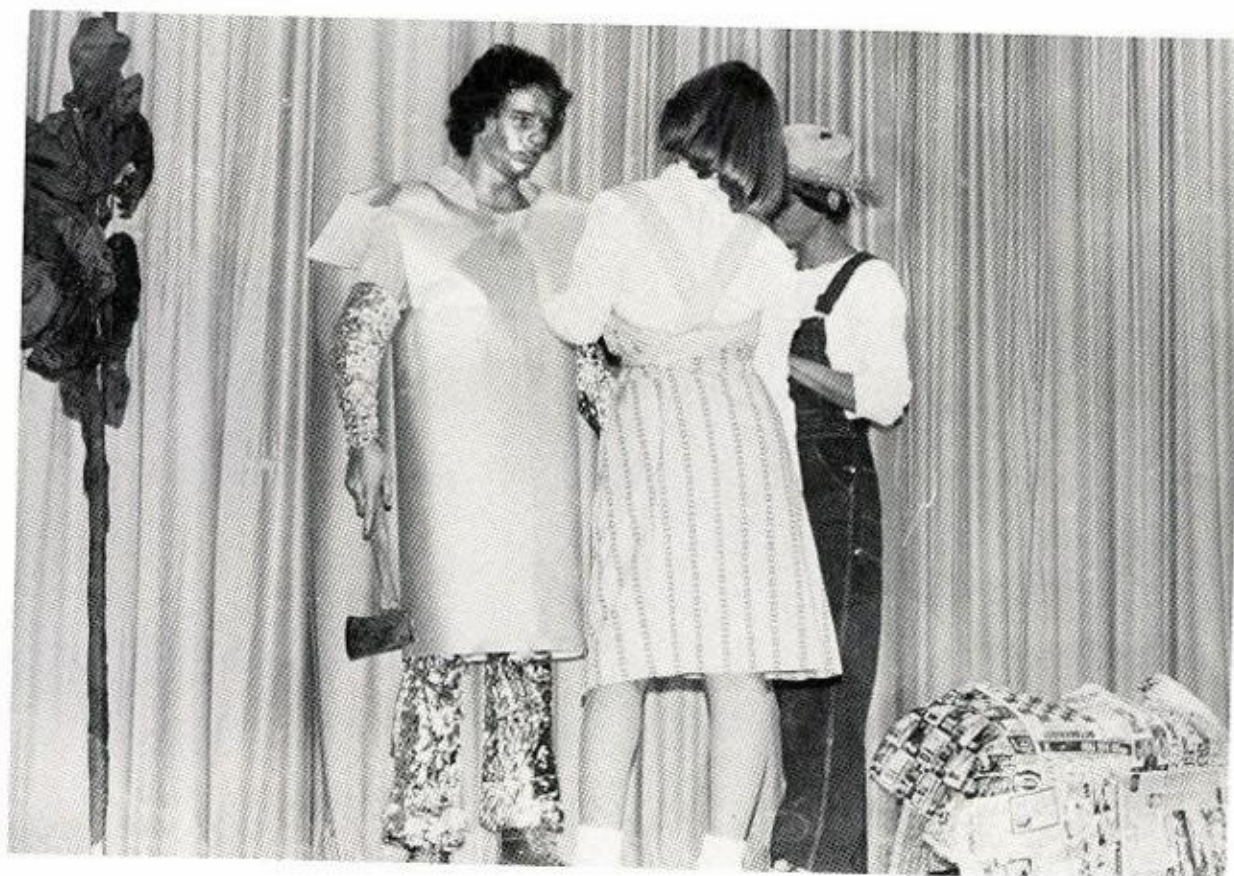

Dorothy, a small girl from Kansas found herself in the middle of the land of Oz and had to get back home.

On her journey she met some very trustworthy friends including the Scarecrow, seeking brains, a Tinwoodsman, desiring a heart, and a Cowardly Lion, wanting some courage.

The play was a new version of the immortal classic.

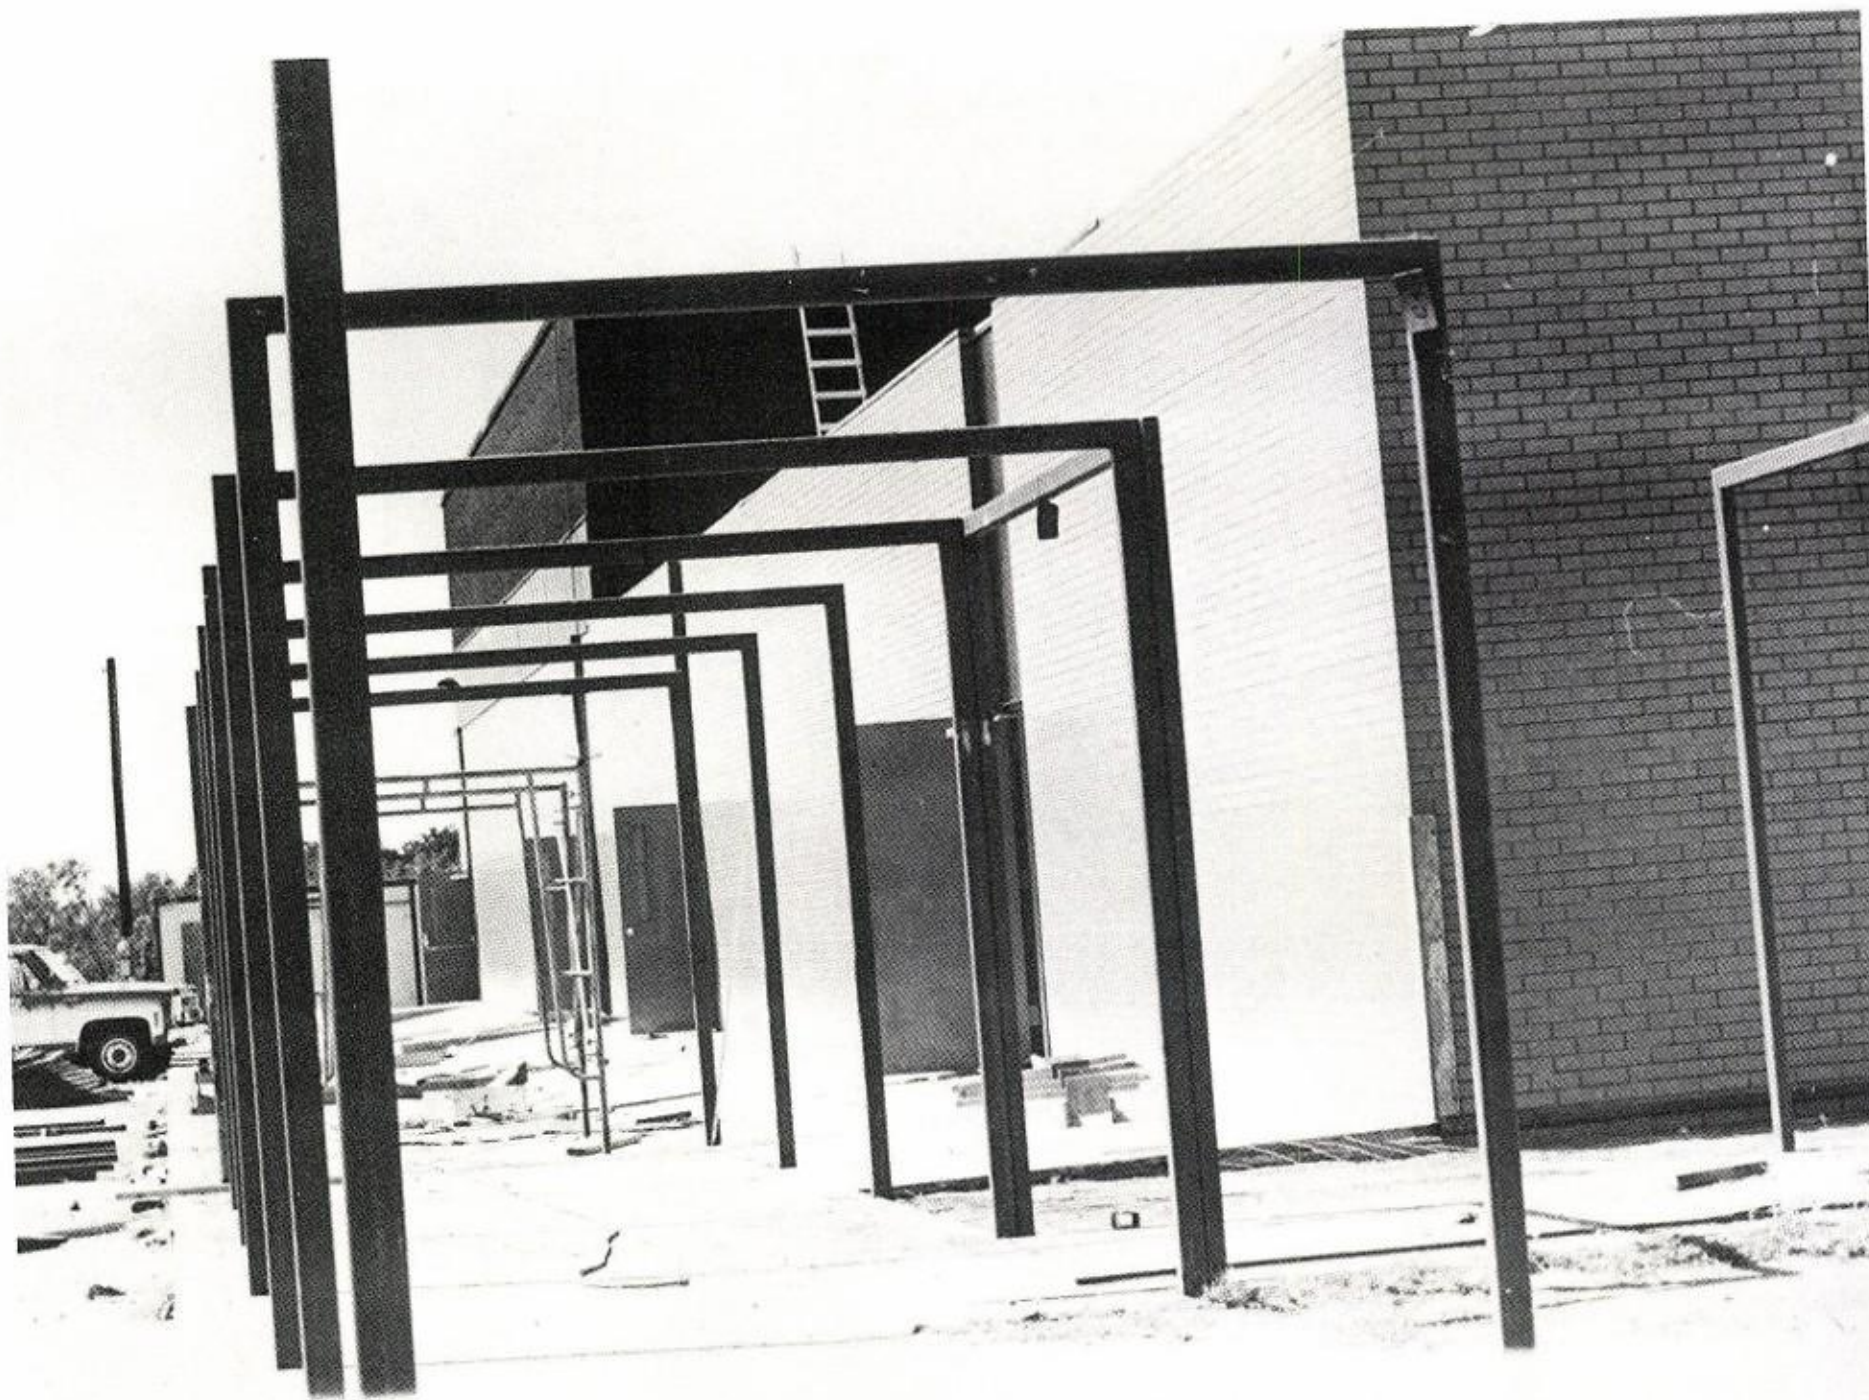

Students in the drama class created their costumes, built sets, and of course, developed the characters that were the highlight of the play.

New Gym Opens, Finally

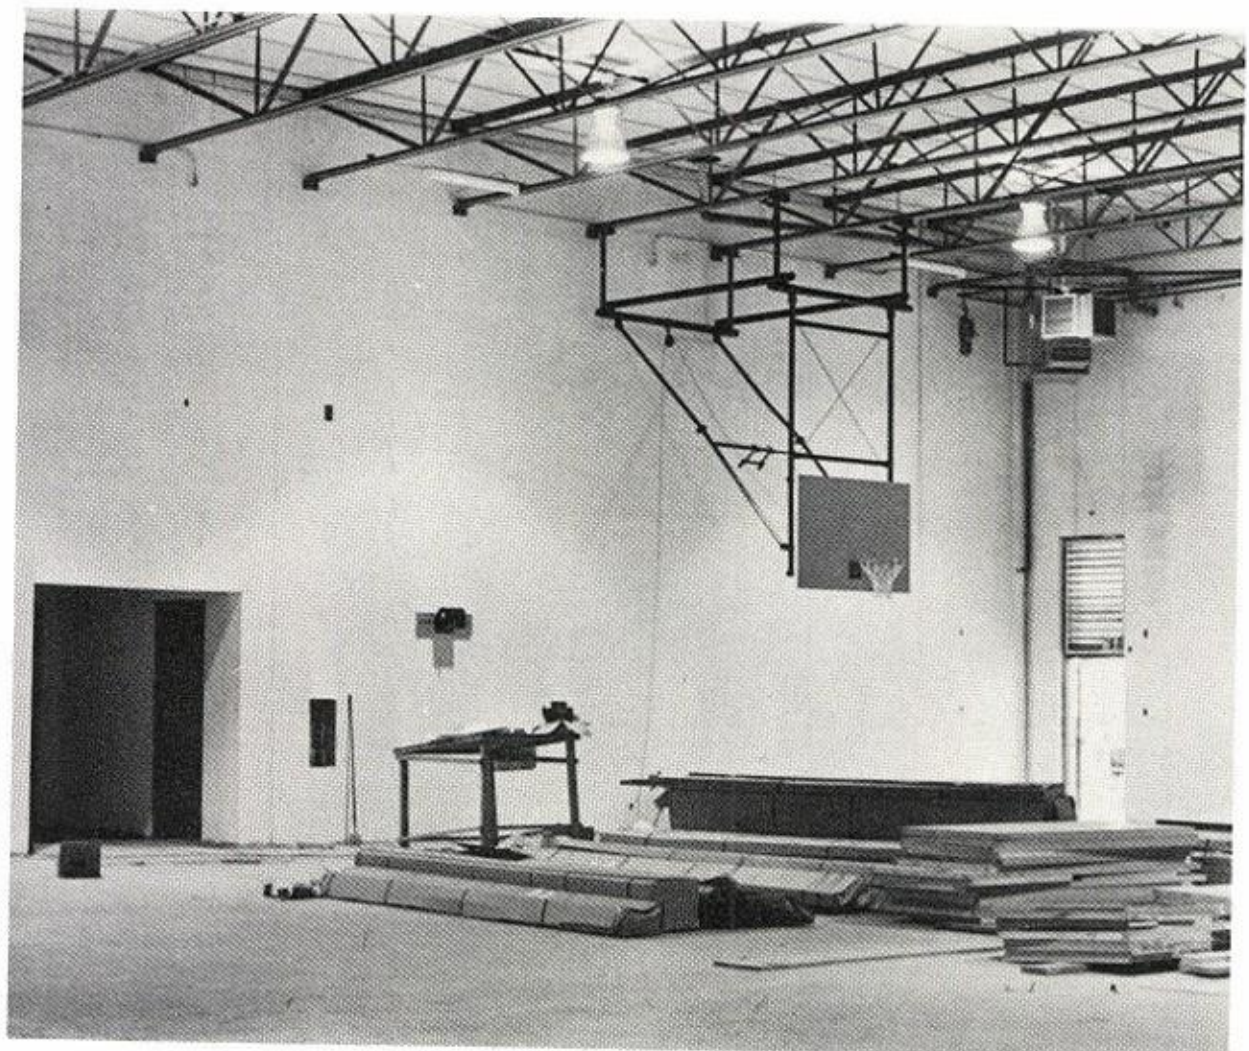

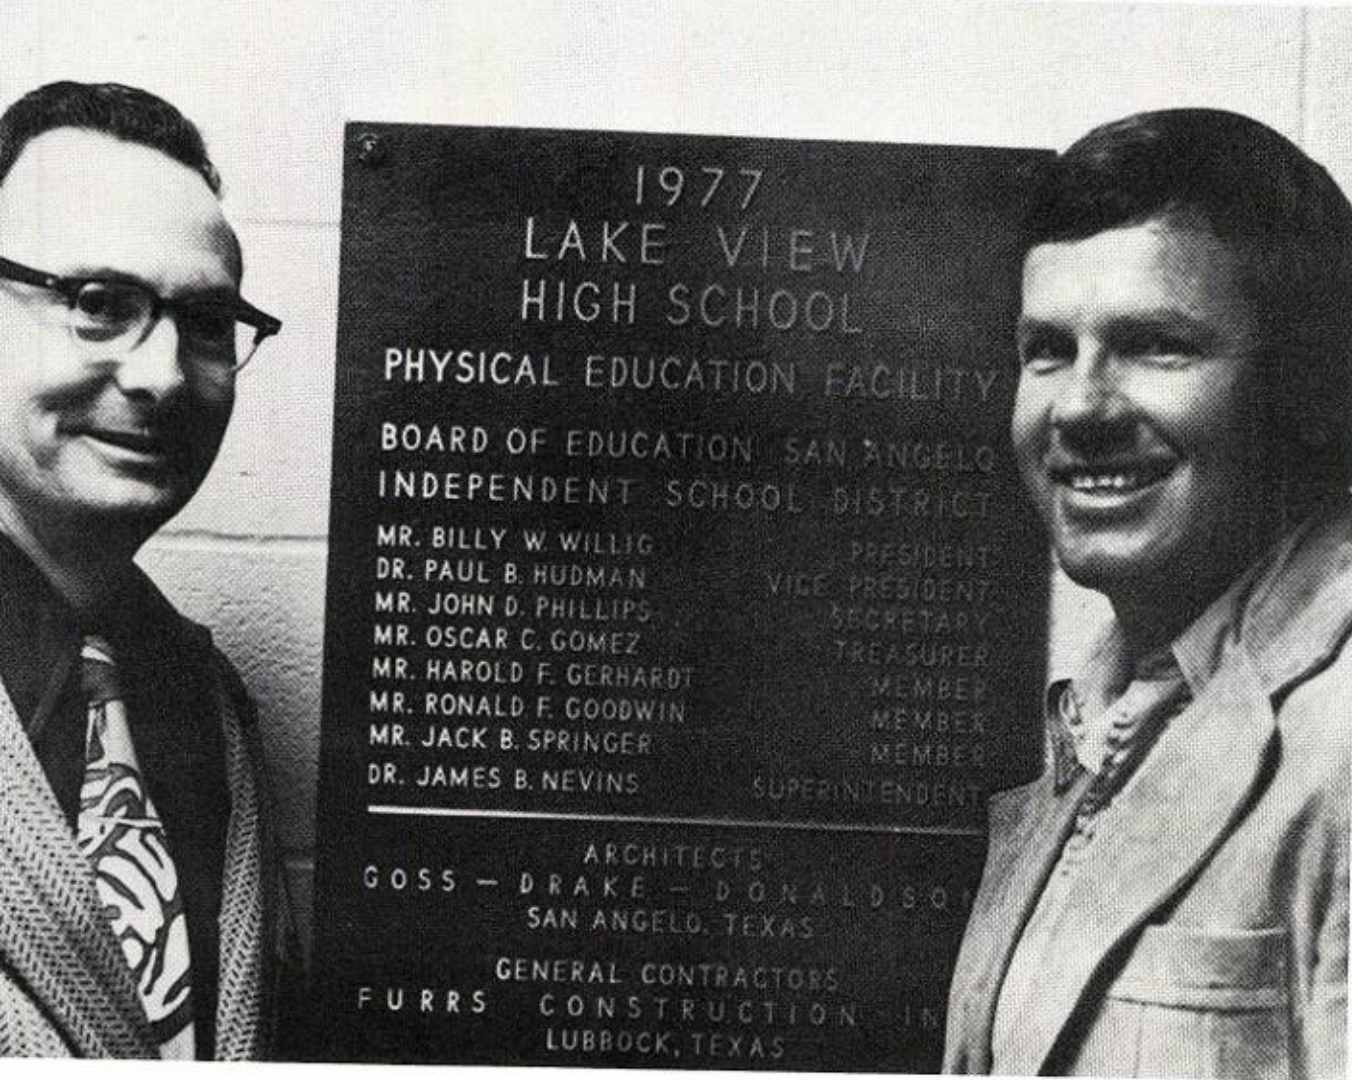

Lake View's growth has been characterized by several things this year: new sports programs, many more students, and prob-

ably most publicized, the construction of a new gym and classroom facilities.

The \$486,000 structure was

originally slated to open in early December, but due to complications with subcontractors and minor details, it was not approved by the architect. The final opening did not occur until February 28, a near three month delay.

The gym was designed for mainly athletic training and inside sports. Offices for coaches, a coaches' locker room, showers, and one health classroom are also contained in the building.

OEA Hosts Banquet

Honoring Bosses

The Office Education Association Employer-Employee banquet was held in the Houston Harte University Center Ballroom at Angelo State this year.

Speaking for this occasion was Charles A. Lyons, Community Affairs and Publications Manager for the Standard Times.

The senior girls performed the skit "You're just sensational, Boss!" sung to the tune of "Mame."

The Junior girls' skit was "Thanks, Boss, Thanks" sung to the tune of "Side by Side."

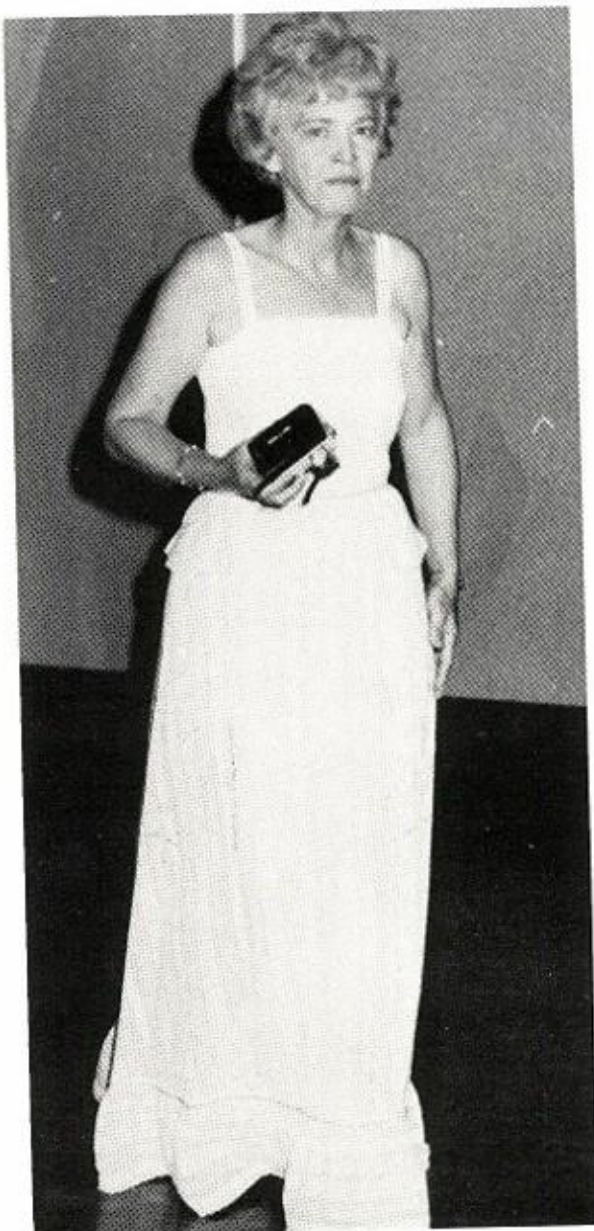

Besides the girls and their employers several teachers and parents involved with OEA attended the banquet.

Each employer received a cer-

tificate thanking him or her for participation in OEA.

Mrs. Billy Gibbs provided dinner music as well as accompaniment for the skits.

This gave each girl a chance to hold a job position and improve each employer-employee relationship.

Sophomores Win Skit Contest

Who's that fat guy in the red suit?
Is it Santa Claus? In real life?

Though Santa Claus seemed

like a character only for small
children, the students at Lake
View stayed bright-eyed when

the words were mentioned.

Visions of sugar plums still
danced in their heads, while
viewing the skits performed by
each class.

The sophomores won the skit
contest judged on their creativity
and enthusiasm, while the other
classes were not far behind.

The teachers (or should we say
Santa's helpers) presented gag
gifts to several students and staff
members.

School let out early for the
holidays with the wish of a Merry
Christmas to all.

Eight Inch Snow Dumped on SA

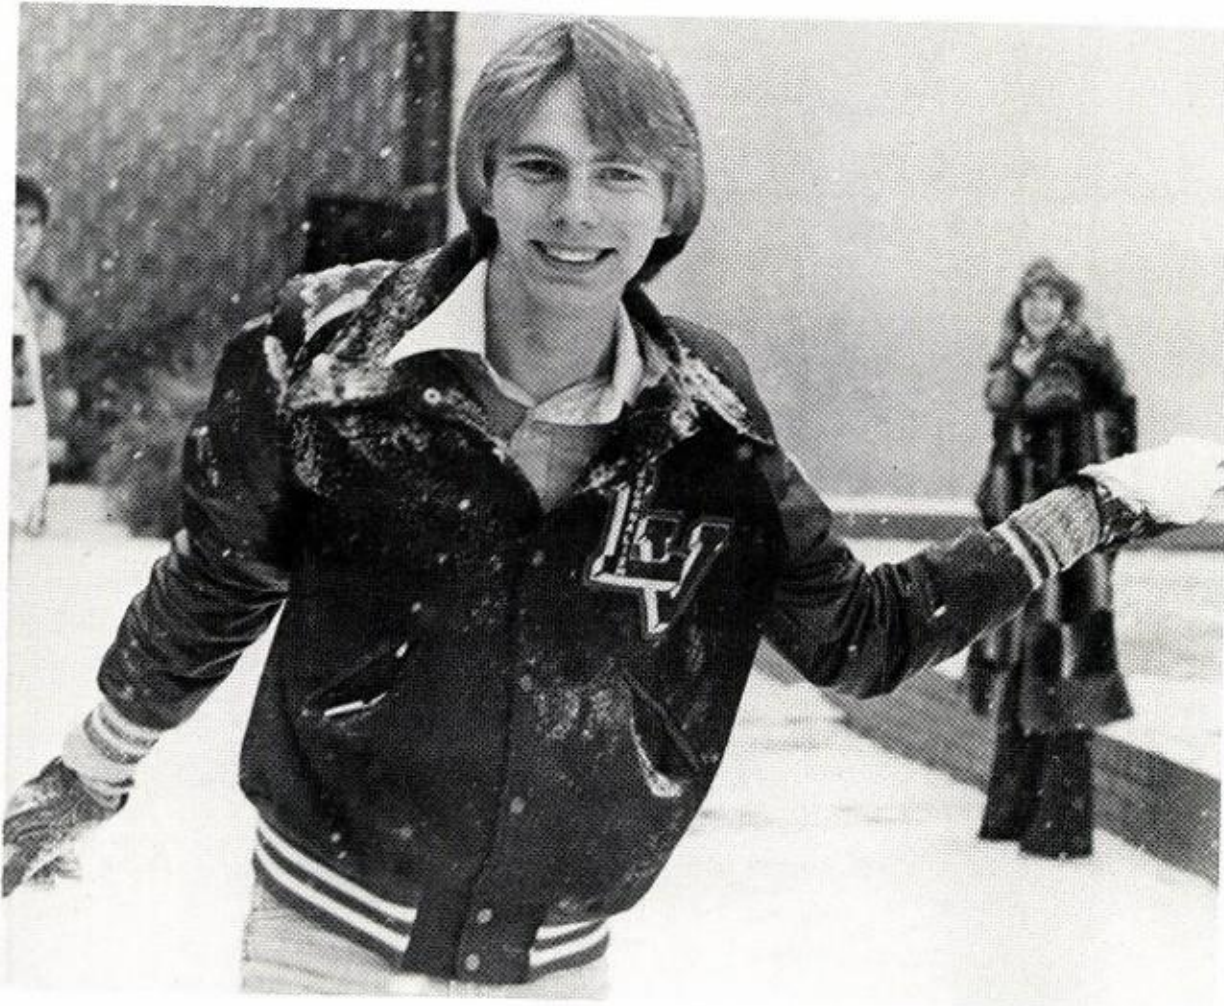

An unexpected surprise fell upon residents of San Angelo in January of 1978, literally. A winters storm passed over the city dropping eight inches of snow onto unsuspecting town folk.

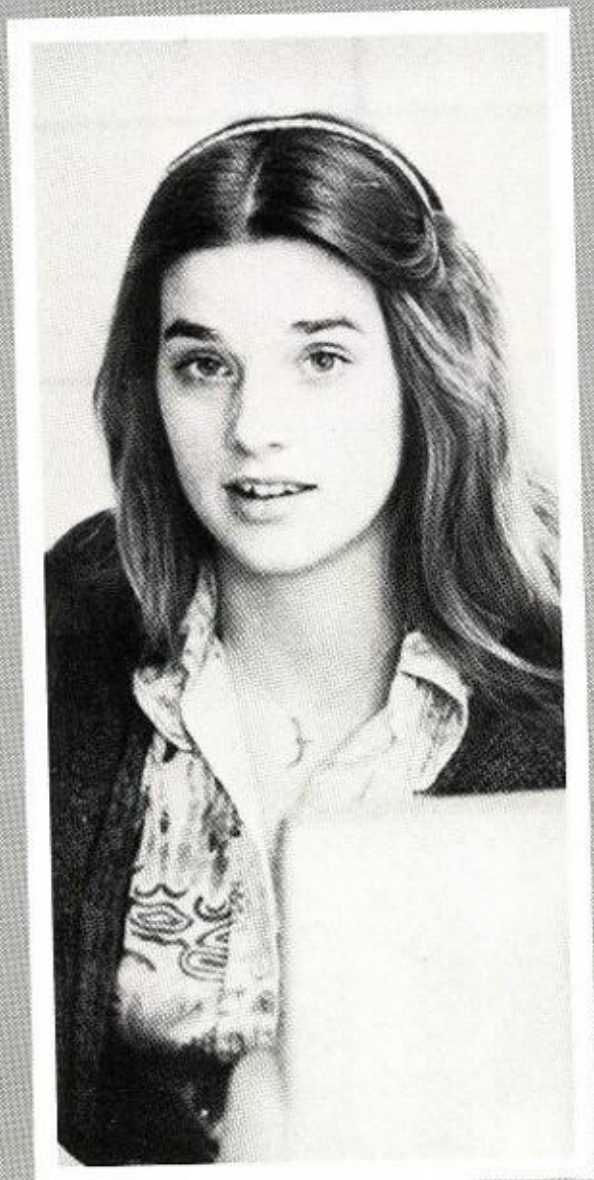

School continued as scheduled, and the fluffy white stuff was a

delight to most students. Teachers were somewhat more reserved, however, as snowballs were in abundance inside the building and several of the faculty were taken out and rolled by devoted pupils.

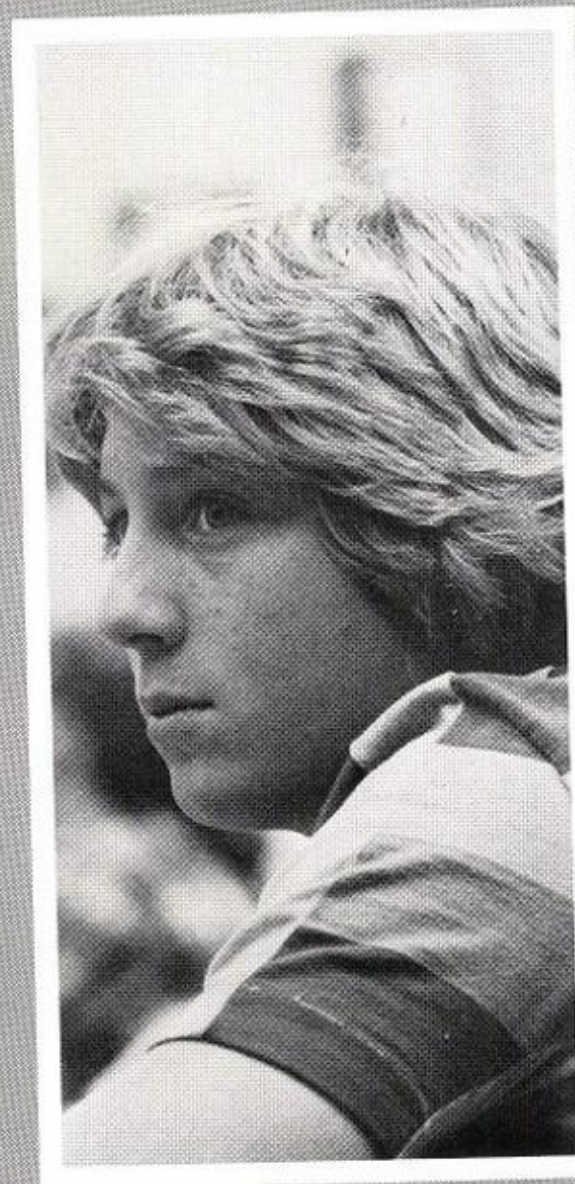

Snowpeople could be found in

all sections of town, and the only regret of most students was that by Monday the white stuff had melted away and school was resumed as usual.

Classes

Without the actors in a play, there would be no play. The same applies to a school. Without students there would be no need for such an institution. The students are the life of any school. They are the reason for classes, skits, pep rallies, and plays, and the "actors" at Lake View are certainly stars.

Seniors / Take Four

From simple addition to complex trigonometry - a process which takes years to develop. In fact it took 12 long years for seniors to complete their public school education.

Although each student was required to complete the same basic subjects, the numerous electives provide the spice that made every senior's experience vastly different.

Respect and admiration of seniors were feelings from most of the underclassmen, keeping in mind that it won't be long before they will be in those same steps.

Preparation for college, careers, graduation announcements, cap and gown pictures, and finally diplomas were their last reflections on high school.

Juniors / Take Three

The Junior class participated in many projects that inspired the entire student body.

Working in the concession stand at basketball games, selling mums, and programs, helped foot the bills for the Junior-Senior Prom.

Receiving class rings and letter jackets were big events for nearly every Junior looking forward to becoming a Senior.

Juniors Respond to Survey

Questions on a variety of topics were posed to the junior class for their responses. These were some of their answers.

Question: If you were to ask a person who has been in school eleven years of his life what he wants out of the future, what would it be?

Answer: "Happiness, all I can

get!", "To be a World Champion Calf Roper," "a Cadillac," "Copenhagen and a \$1,000,000,000 bill," "to be myself," and "to have fun like I'm having in high school."

Question: Life is full of songs. If your junior year were a song, what would it be titled?

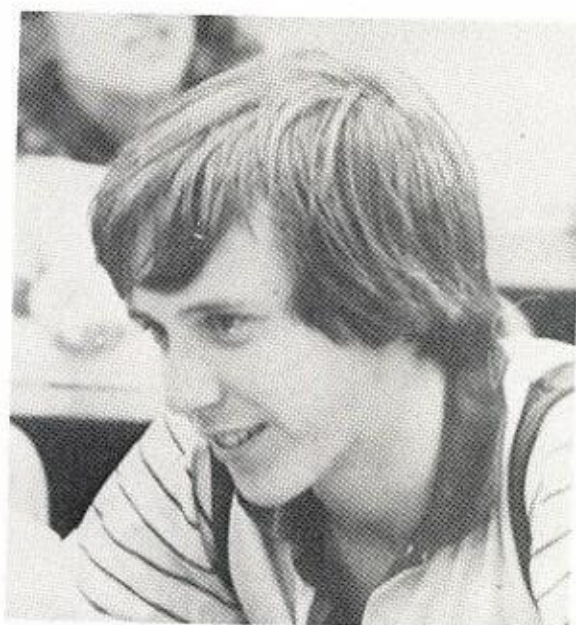

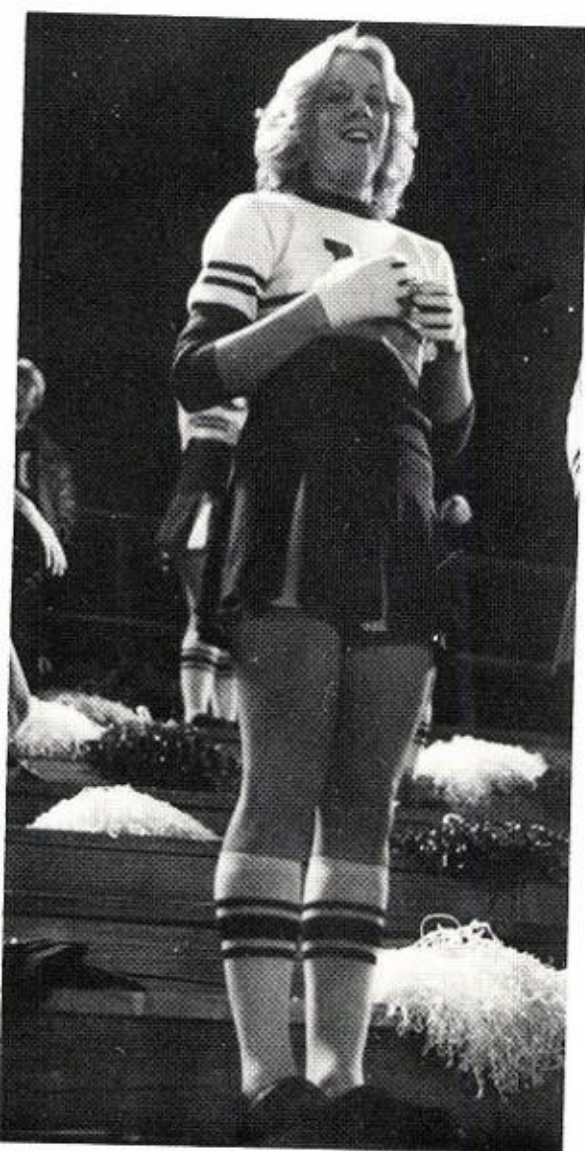

Answer: "Why Me Lord," "Looks Like We're Going to Make It," "Send in the Clowns," "We've Only Just Begun," "Feelings," "Somewhere Over the Rainbow," "It's a Miracle," "Nobody Does It Better," and "Shakin-Booty!"

Question: If you could choose anyone in the world to be a classmate, whom would you choose?

Answer: "Einstein, so I could pass math," "Thomas Edison, so he would light up our days," "Raquel Welch, guess why!", "Elvis Presley, I'd like to really appreciate him because I'd know he'd have to leave," "Mr. Duckworth, just to see if he ever threw spit wads or talked in class."

Question: What title of a movie would best describe your junior year?

Answer: "These Kids of '77 Sure Ain't Going to Heaven," "Good, Bad, and the Ugly," "Blood, Sweat, and Tears," "One Flew Over the Cuckoo's Nest," "Star Wars," and "Year of the Chiefs."

Sophomores / Take Two

After completing one year of high school some 280 sophomores worked steadily on their second year, looking towards the goal of being a senior.

Although the tenth grade year is a hard one with many strong subjects somehow they made time for other activities.

They supported the Chiefs by showing their spirit in the pep rallies and other sport festivities and found out the excitement of being a member in a variety of clubs.

The sophomores organized a club of their own called "The Junior Historians" which they hoped would develop in other schools in this area.

Sophomores Step Into New Decade

As another year passes by, the class of 1980 flips through Chapter 10 in the schoolbook of Fairy Tales.

But Fairy Tales seem to fade away slowly as reality creeps up on the Lake View Sophomores. A realization that "growing up" is in process takes with it responsibility and maturity.

The sophomores are over the frightening days of their freshman year and are ready to take

on the world. Not Yet - Mother Nature isn't ready to let them out just yet.

He finds himself between the crossroads of child-like behavior and adulthood. One day he takes the first road, the next day the second. Both take their tolls.

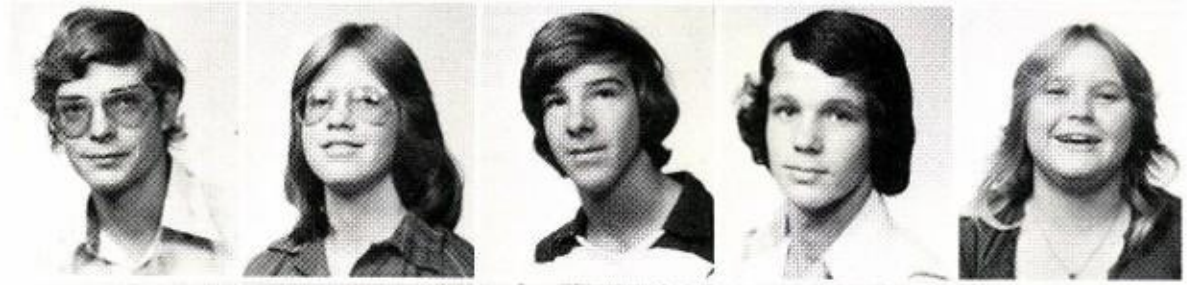

But as these students also step into a new decade, they can proudly shout, "We're the Best You'll Ever Know, the Senior Class of 8 and 0!"

Freshmen / Take One

The Freshmen opened a new door to the future this year by taking the first step in high school.

Some were scared, and some insecure while others were very outgoing newcomers.

Many of the frosh students joined clubs that they didn't have the chance to become members of in junior high.

Having a wider variety of electives, an open campus at lunch, and new teachers were all a part of their new surroundings.

School Differences Cited

A survey taken by the freshman class revealed their feelings about being in high school and some differences between high school and junior high. Following are the questions and some answers.

Question: What is a freshman? "A freshman is a person eager and waiting to learn," "a person taking on new responsibilities," or "a person at a new school."

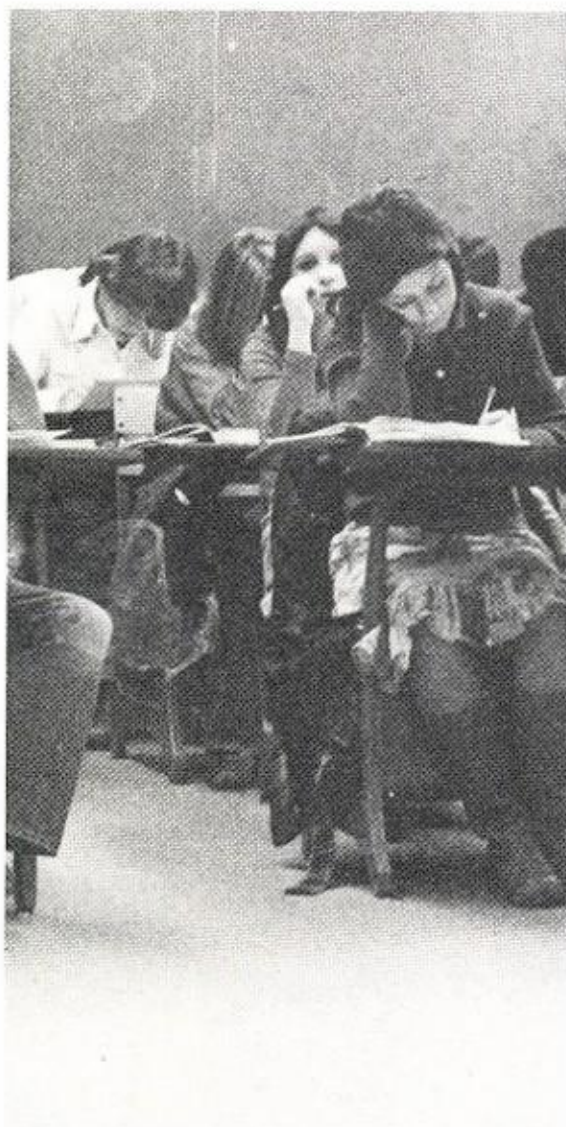

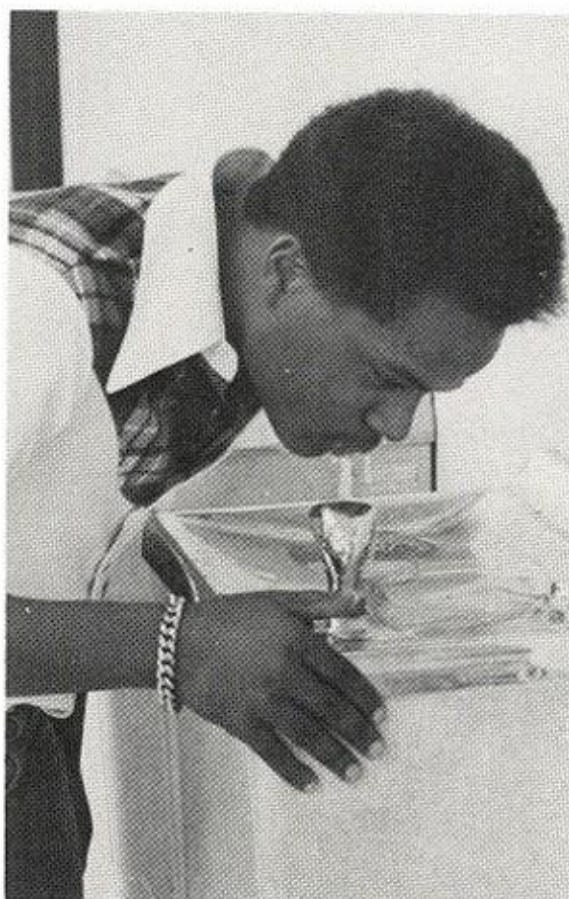

Question: What is the biggest difference between junior high and high school? "You have more responsibility," "you have more freedom," "there's a lot more people," and "more complex problems arise."

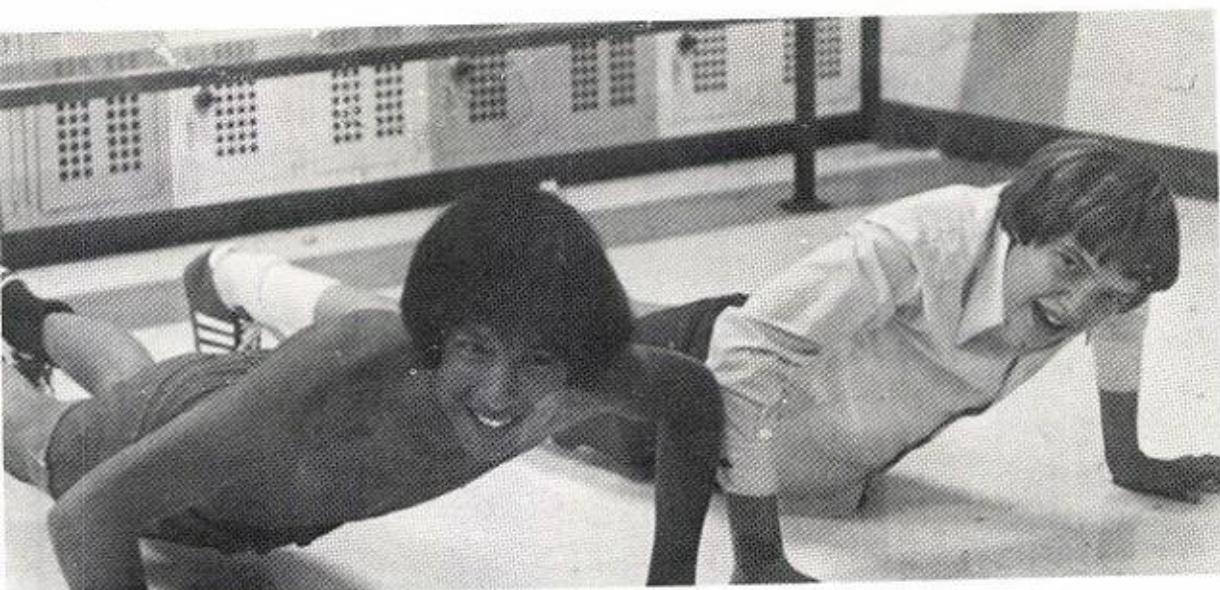

Question: If there was one thing about school you could change what would it be and why? "Bigger lockers so you can cram more stuff in them," "longer lunch so I can see my girl friend longer," "eating candy in class because you can concentrate better if you're eating something," and "have the freshman English in the main

building because it gets cold in the barracks."

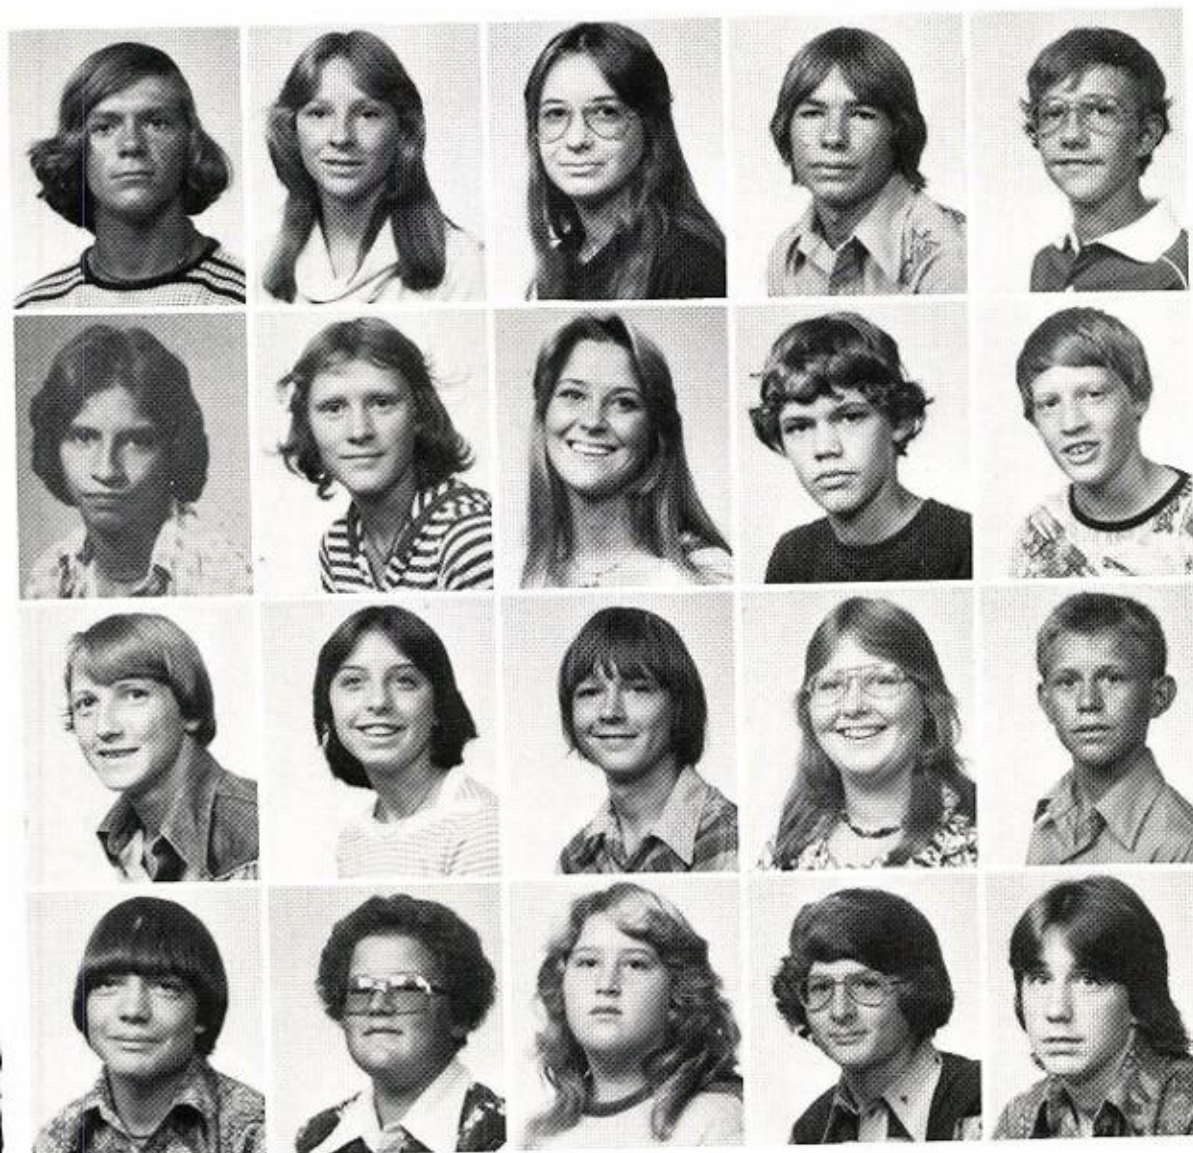

Question: What do you want out of life? "A good life," "to be successful," "to have Frank Simpson," "to meet famous people," and "to meet Shaun Cassidy."

Question: What famous person does the person next to you remind you of and why? "Jimmy Fay reminds me of Booker T. Washington because he is so eager to learn," "Bruce Lee because he thinks he knows karate," "Clyde Barrow because every time he turns around the police are on his tail," and "Bob Hayes because he plays football like him."

Football, basketball, track, and beginners tennis were all events of the sports scene this year. Stiff competition, rough practices, victories here, and defeats there brought us all through a profitable year of experience in the shoes of the stuntmen.

Chiefs Steam Roll Opponents

It was a repeat of last year's 10-0 season as Lake View steam rolled their pre-district opponents.

First came San Antonio Catholic whom the Chiefs handled to the tune of 47-15 on September 2.

In the opening kick-off Lee

Rogers took the ball and rambled 80 yards for the first touchdown of the year.

Eagle Pass was the next to fall with a 34-6 stomping at the hands of the Blue Crew on September 9. Gary Speck exhibited his quarterback talent running and throwing two touchdown pas-

ses.

Odessa Ector was the Chiefs only pre-district challenge, but the Chiefs managed to grab a 13-0 victory on September 16. A stingy defense was beginning to take shape as the Tribe shutout a high powered offense.

Tribe Destroys Indians 33-12, Drills B'field in Loop Opener

"Too many Chiefs and not enough Indians." That summed up the destruction of the Seminole Indians, 33-12 by the Chiefs. John Maberry broke the 3,000-yard mark. He also had a

52-yard touchdown run and a punt return of 65 yards.

District started with the Chiefs facing 3-A stand-by Brownfield. The Chiefs were more than equal by drilling the Cubs 36-0 in the

district opener.

The Chief offense had a big night, rolling up 454 total yards. Leading the offensive charge was Maberry with 194 yards.

PAGE 106: Mike Shelton misses all of the football season due to an injury during the first game against San Antonio Central Catholic. PAGE 107: BOTTOM: Sammy Lopez displays aggressiveness of the Chief defensive team. TOP: Referee shows hands of a Chief touchdown during the Dunbar game.

LV Stuns Mats 21-0, Wins Homecoming Tilt

The Chiefs traveled to Lubbock Oct. 7, knowing this would be the last time the two would meet in district play. A new UIL realignment moved both Lubbock teams to a different district beginning with the 1978 season.

Defense was the name of the game for the Chiefs as Robby Cornelius and Sammy Lopez combined to sack the Matador punter setting up the first one of the three scores for the Tribe.

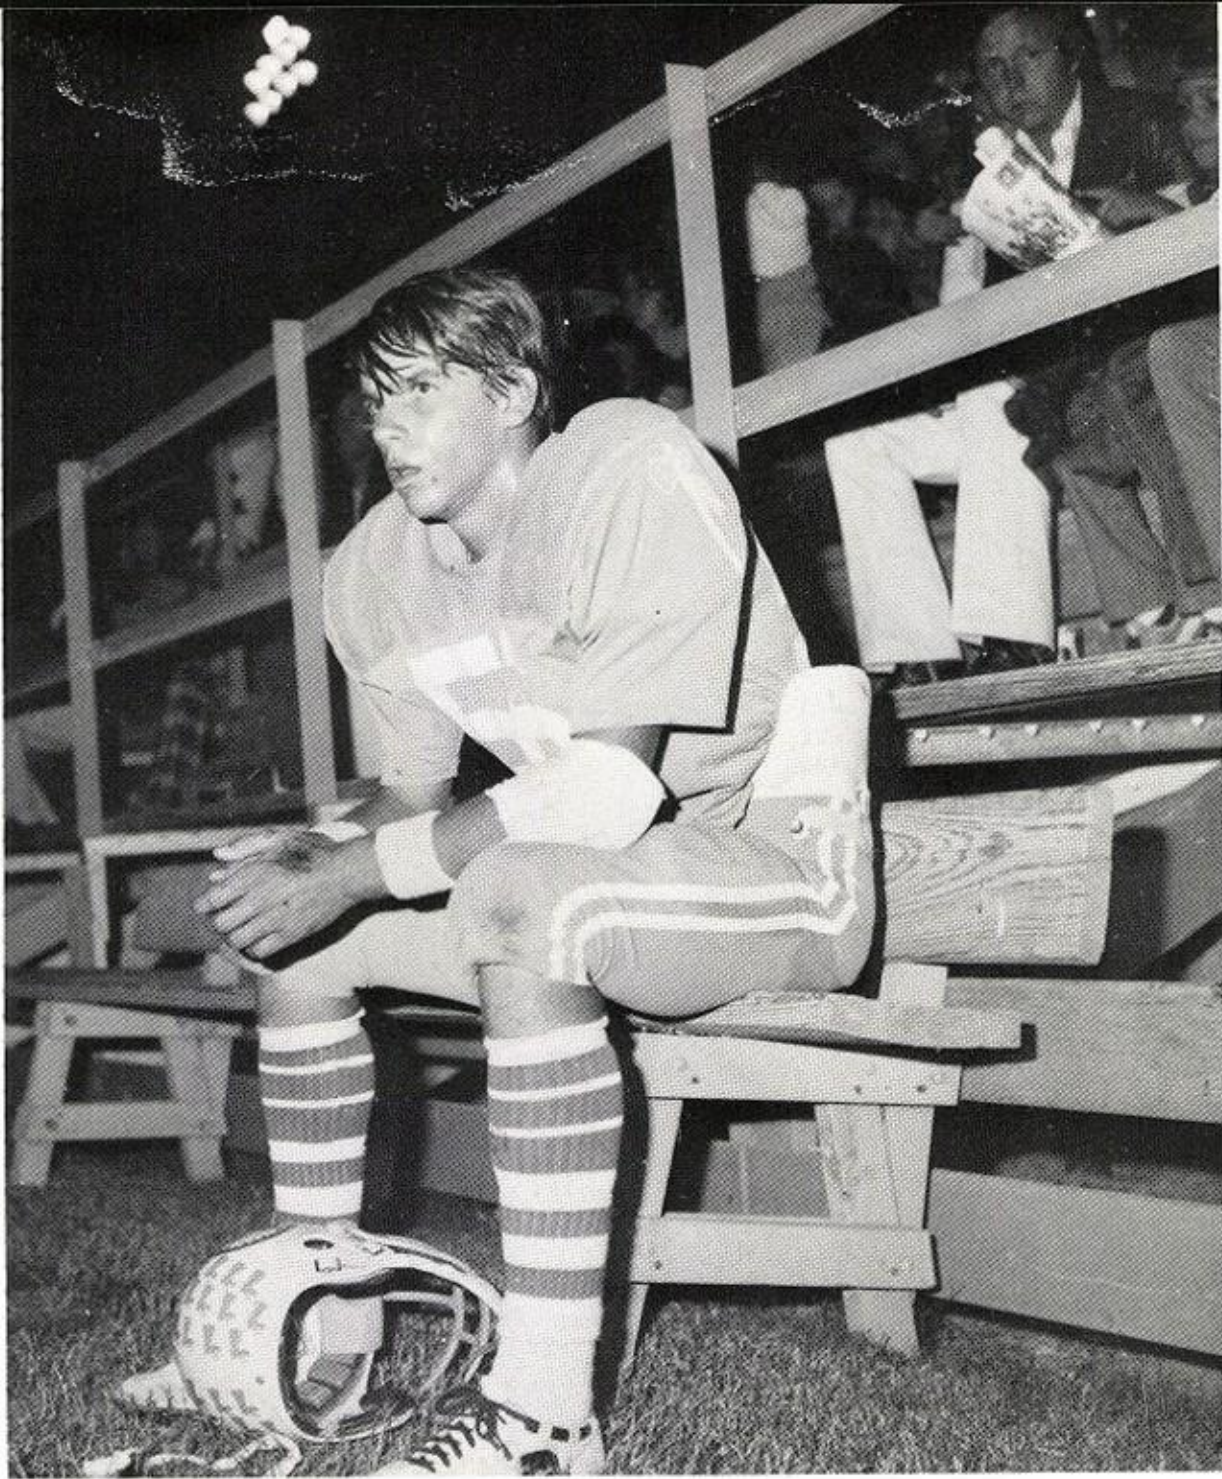

In the fourth quarter Perry Cur-

nutt intercepted an errant Matador pass to set up the final score.

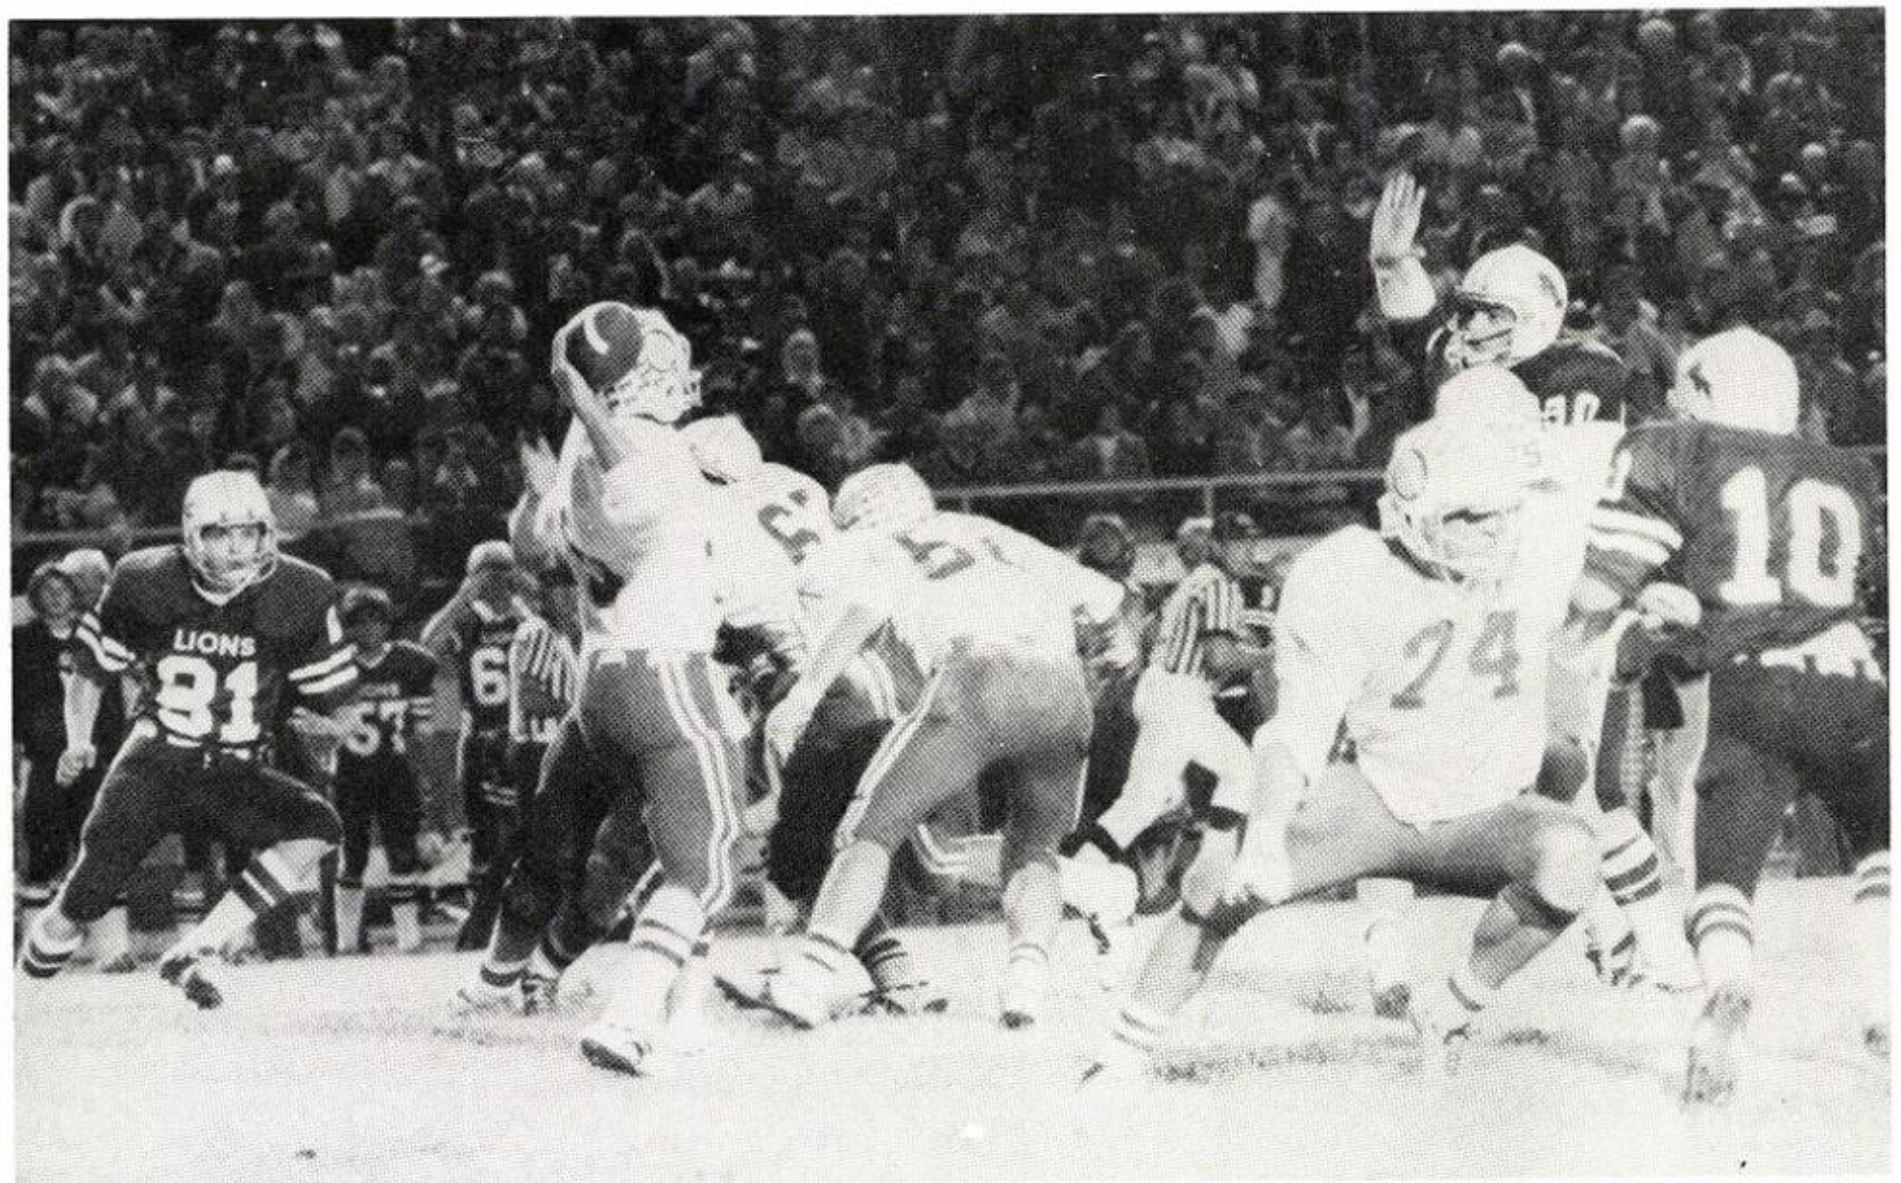

The Chiefs sent Estacado out of the district on a losing note, 21-0.

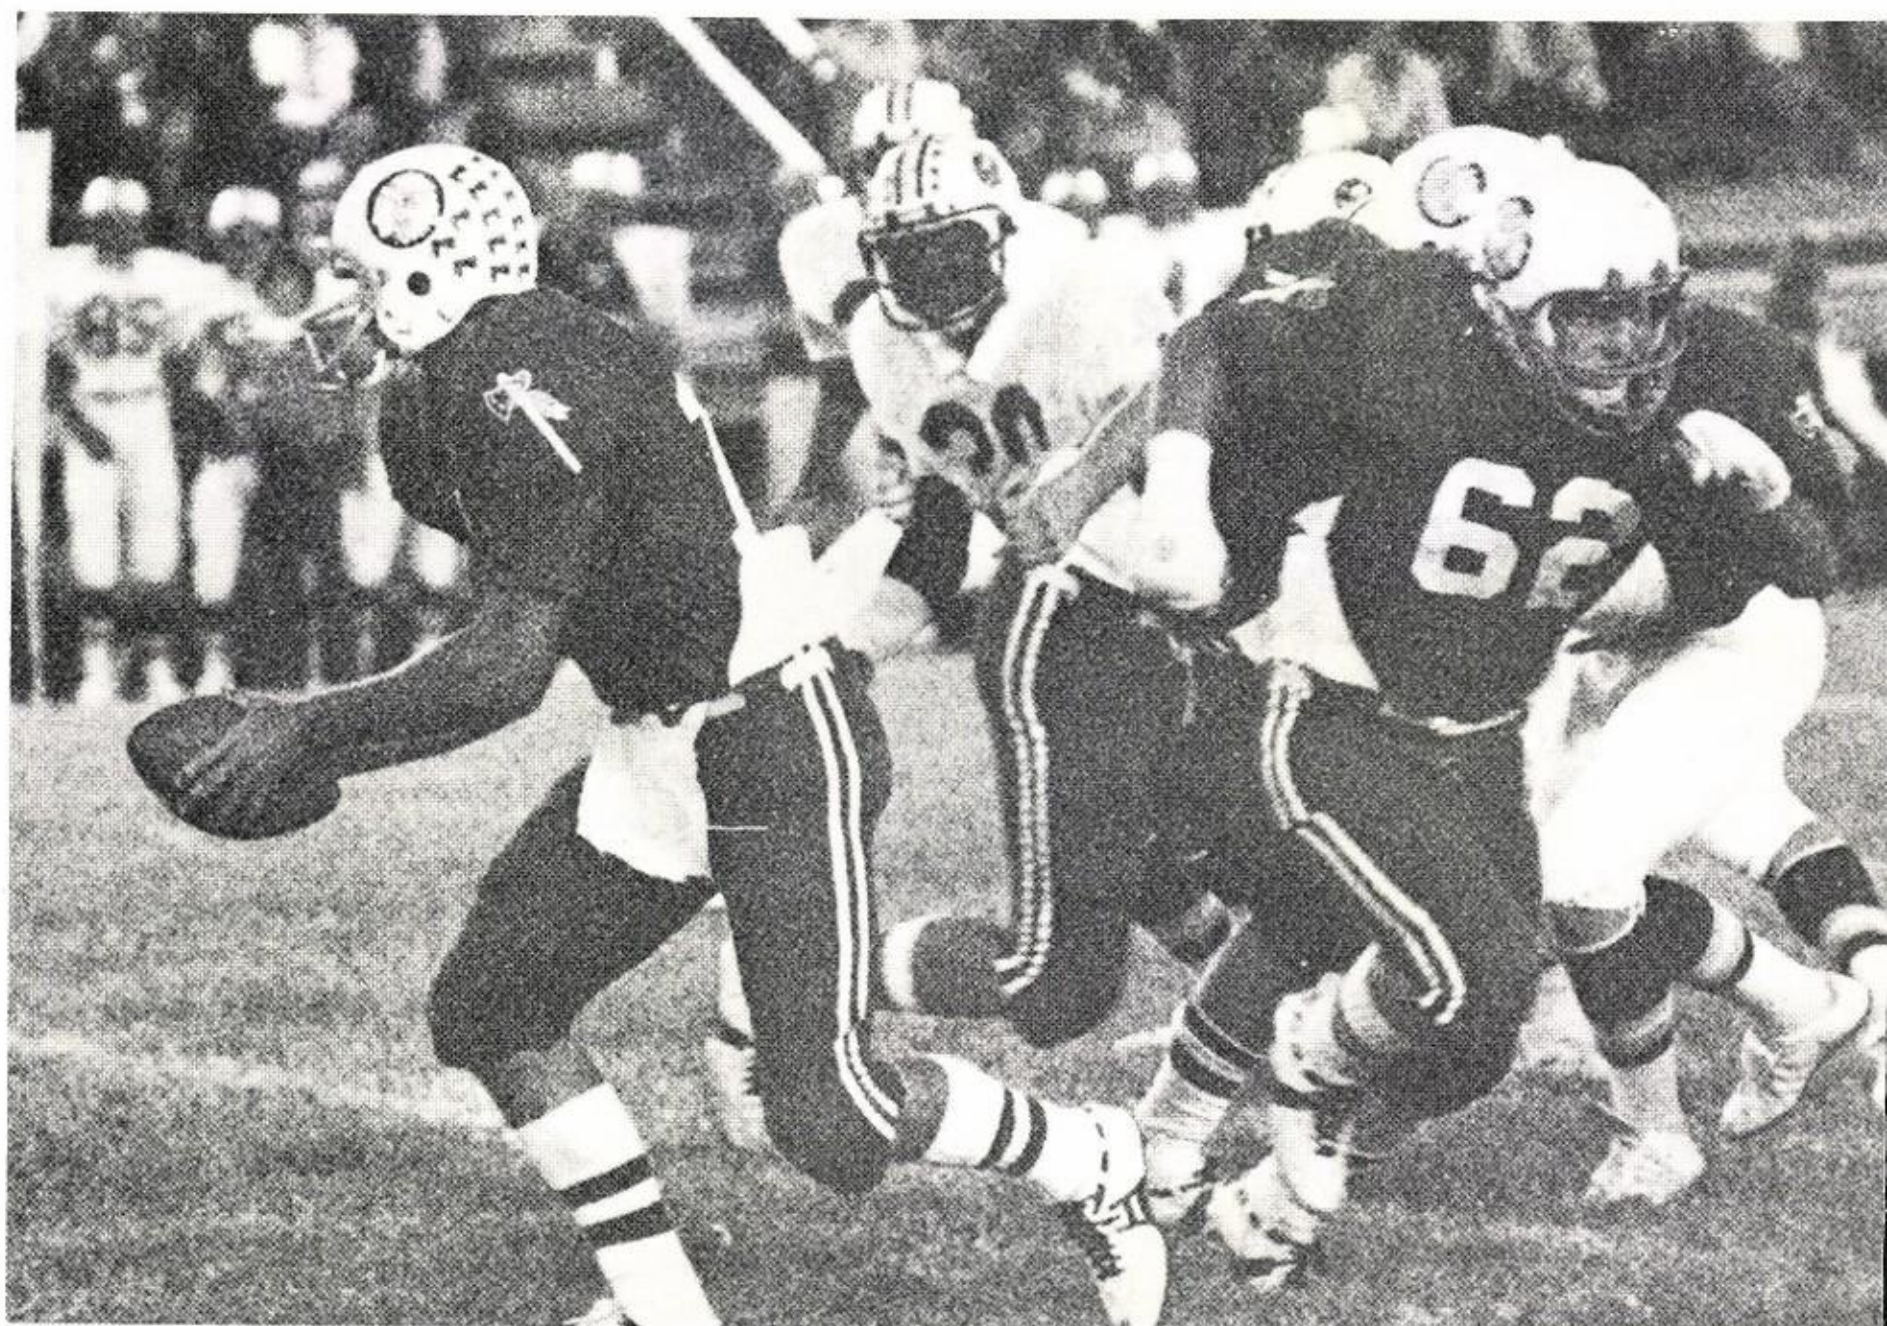

The Chiefs topped out the Homecoming week with a 24-6 romp over the Snyder Tigers. The game was played before a capacity crowd at Lake View Stadium. The Chief defense was spectacular with six quarterback sacks.

Chiefs Pull Out Lamesa Win In Come From Behind Thriller

Lamesa, the pre-season favorite, showed Lake View why they should win district. Lamesa held the Chiefs pointless with a 14-0 halftime lead in the Oct. 22 contest. But it was all Lake View

in the final half as the Chiefs captured an 18-14 come from behind win.

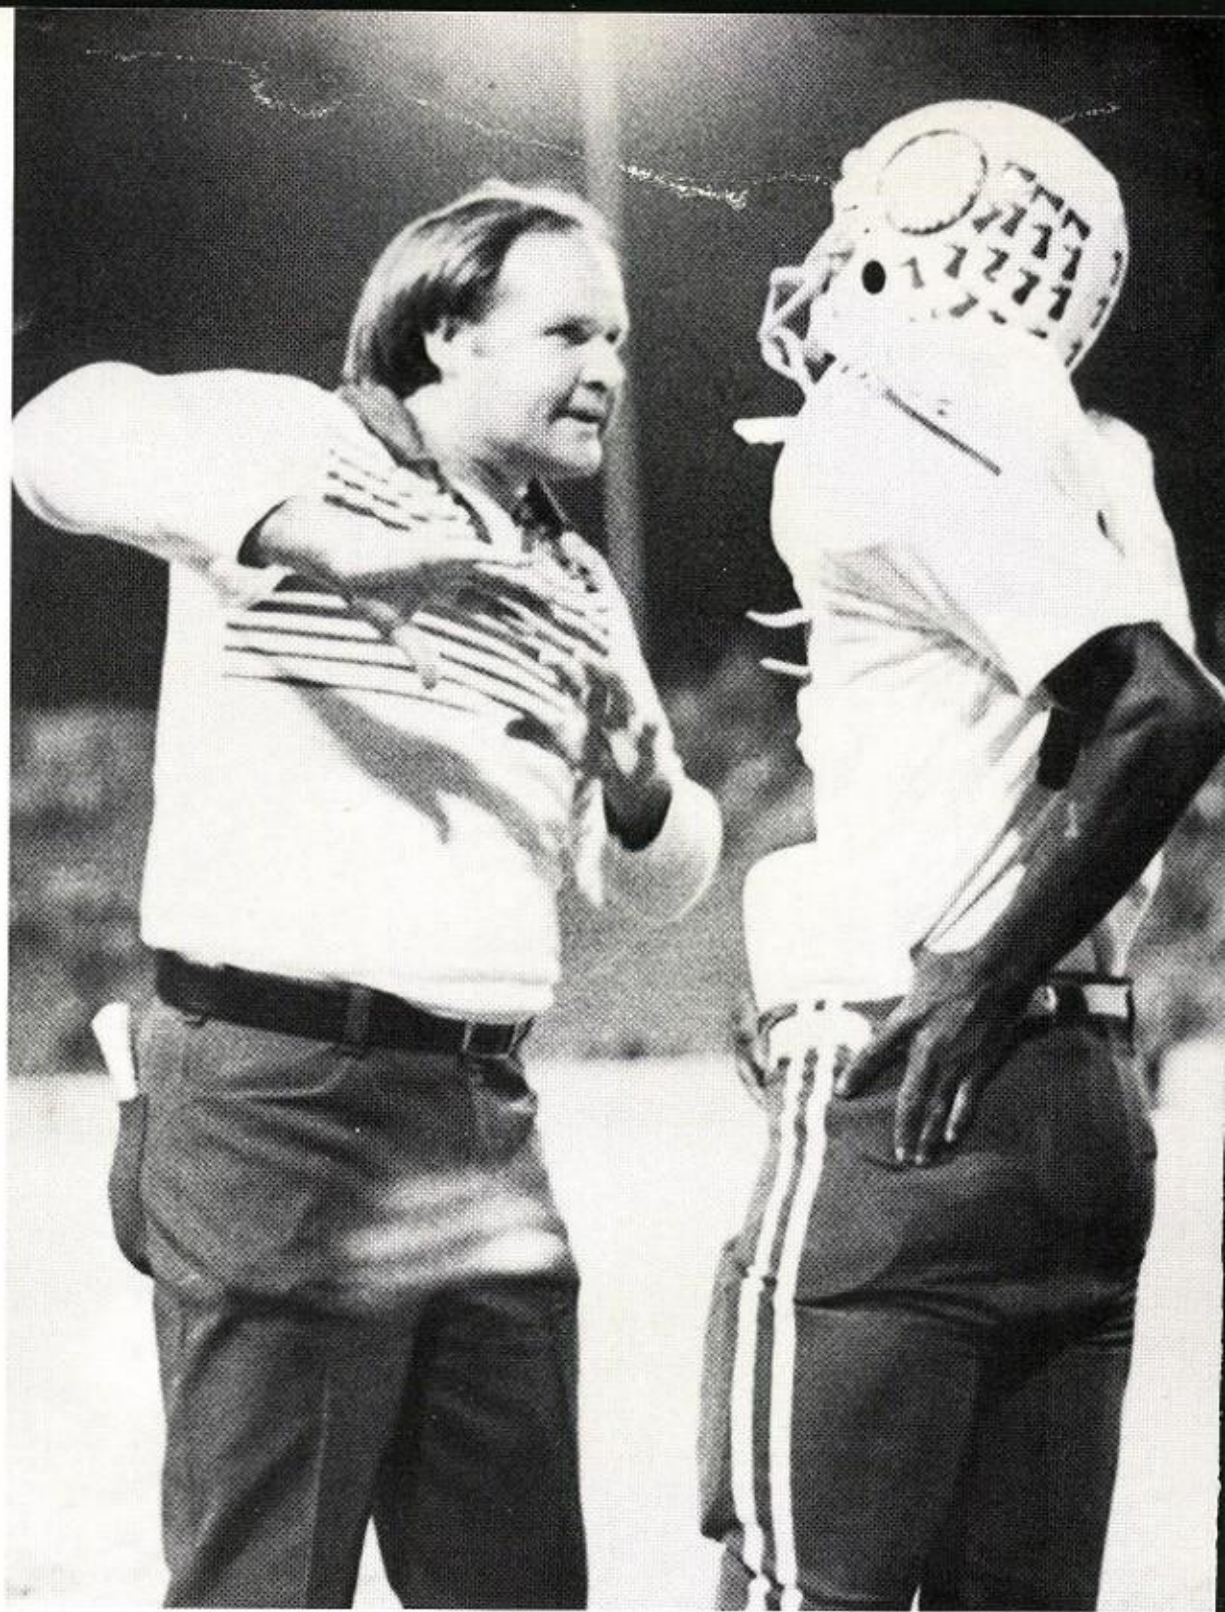

The game wasn't decided until the final minute when Gary Speck plunged over from the one

yard line.

Sweetwater fell to a rolling Chief team Nov. 4 as the Tribe routed the Mustangs 28-0. In that game the Chiefs managed to grab a share of the loop title.

PAGE 112: TOP: Coach Hale explains the necessity of moving the ball right to John Maberry. BOTTOM: John Maberry runs for a first down against the Brownwood Lions. PAGE 113: Lynn Cauley gets tackled by Andrews' players.

Chiefs Pull Out Lamesa Win In Come-From-Behind Thriller

The Chiefs took the chance to nail down the district crown by themselves with a 29-13 victory over Lubbock Dunbar Nov. 11. The win gave the Chiefs their second undefeated regular season in as many years.

The 3-AAA Championship

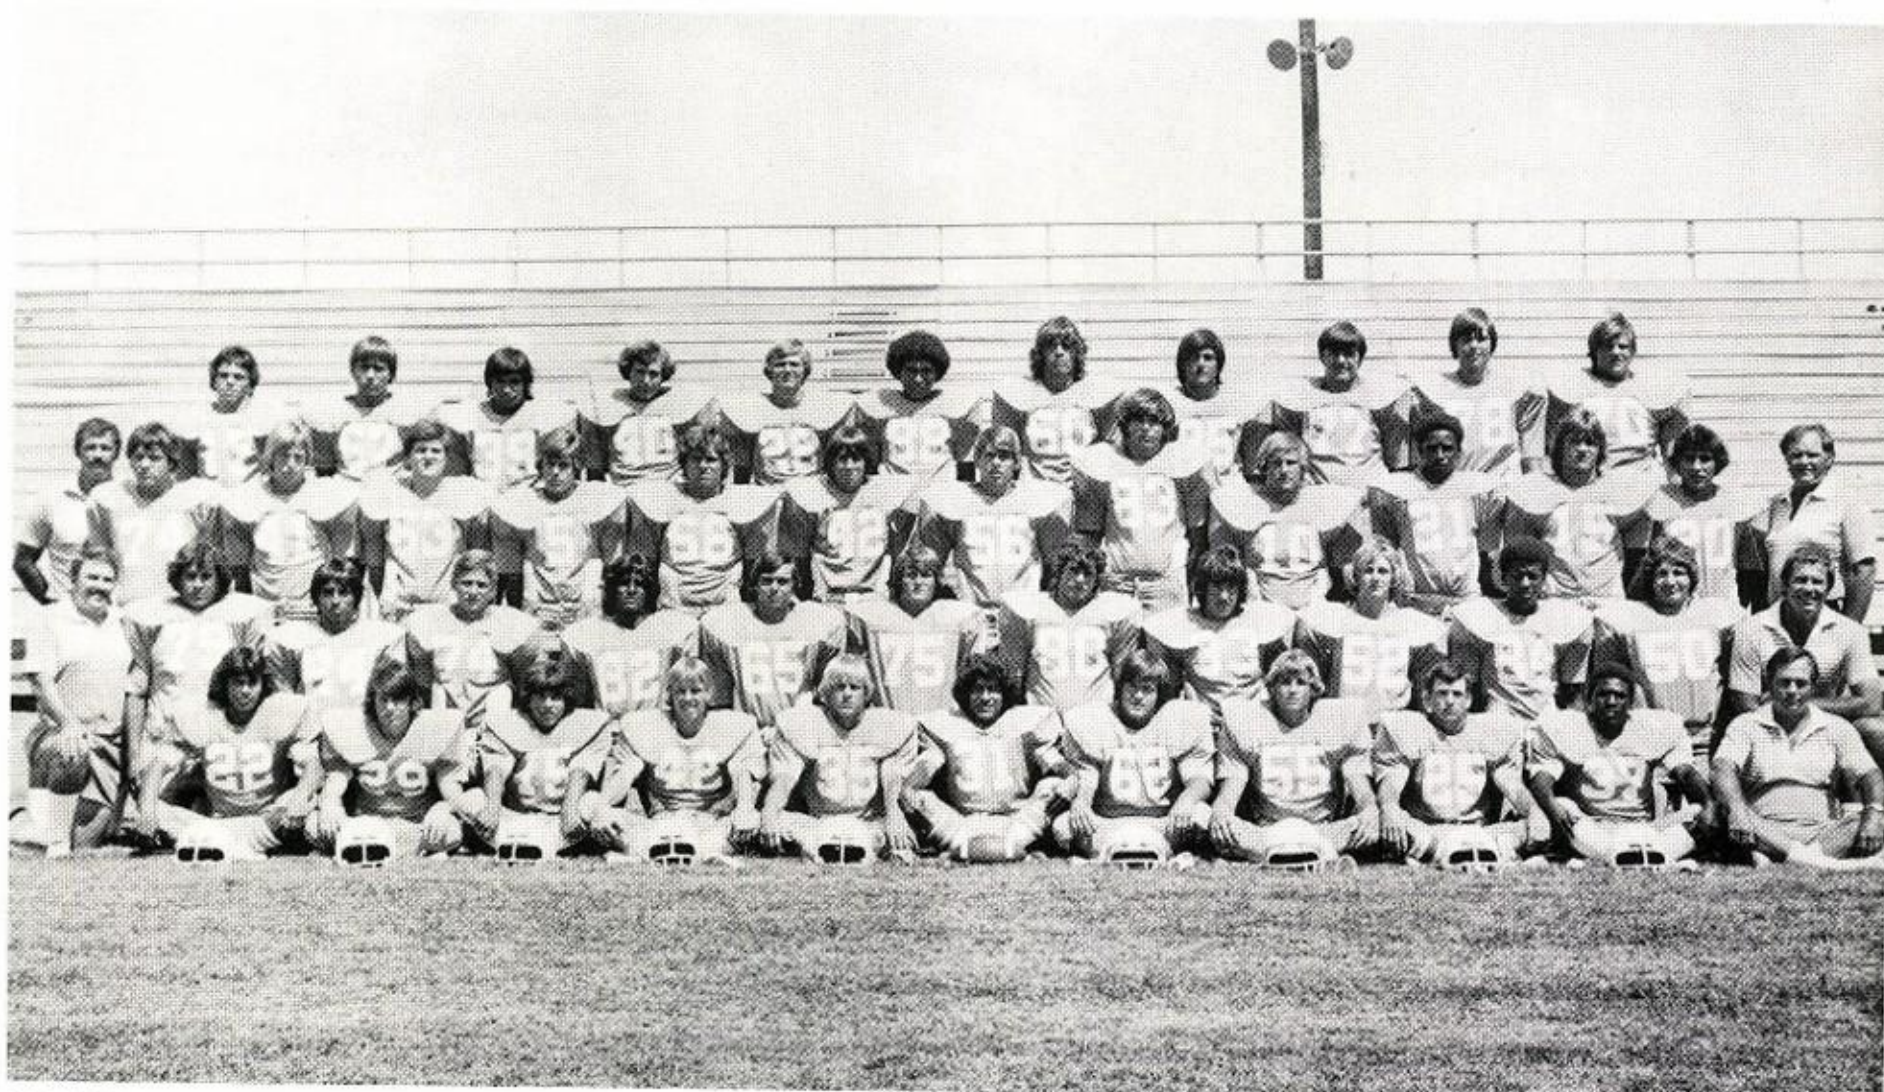

once again set up a bi-district match with the Brownwood Lions Nov. 18.

The incomparable Lions defaced the Tribe with a 56-20 bi-district victory. The Chief's defense was victimized with

eight touchdowns, the most total points scored on them all season. The only bright spot for the Chiefs came as Speck managed two touchdown passes to Dwain Clemons. Speck also scrambled for a touchdown.

Chief Trainers are from top to bottom, Ron Hardy, Chunky Keating, Guy Keeling, Shelly Norton, and Kelly Don Feist.

Forsan Stuns Maidens 82-48

The season opener for the Maidens pitted them against the tough Forsan Buffaloes. The Buffaloes stunned the Maids, 82-48.

Three Maidens hit in double figures despite the loss. Denise Davis put in 18 points while Vicki Bly hit for 16, and Lisa Welch was good for 12.

The Maidens then entered their first tournament of the year at Uvalde. Uvalde crushed the Maids in the finals, 42-37.

The Maids reached the finals in that tournament by downing Del Rio, 70-52 and Hondo, 65-56.

Four Maidens received All-Tournament honors; Davis, Larnell Phillips, Judy Gibbs, and Kathy Munoz.

LV Takes First In Tournament

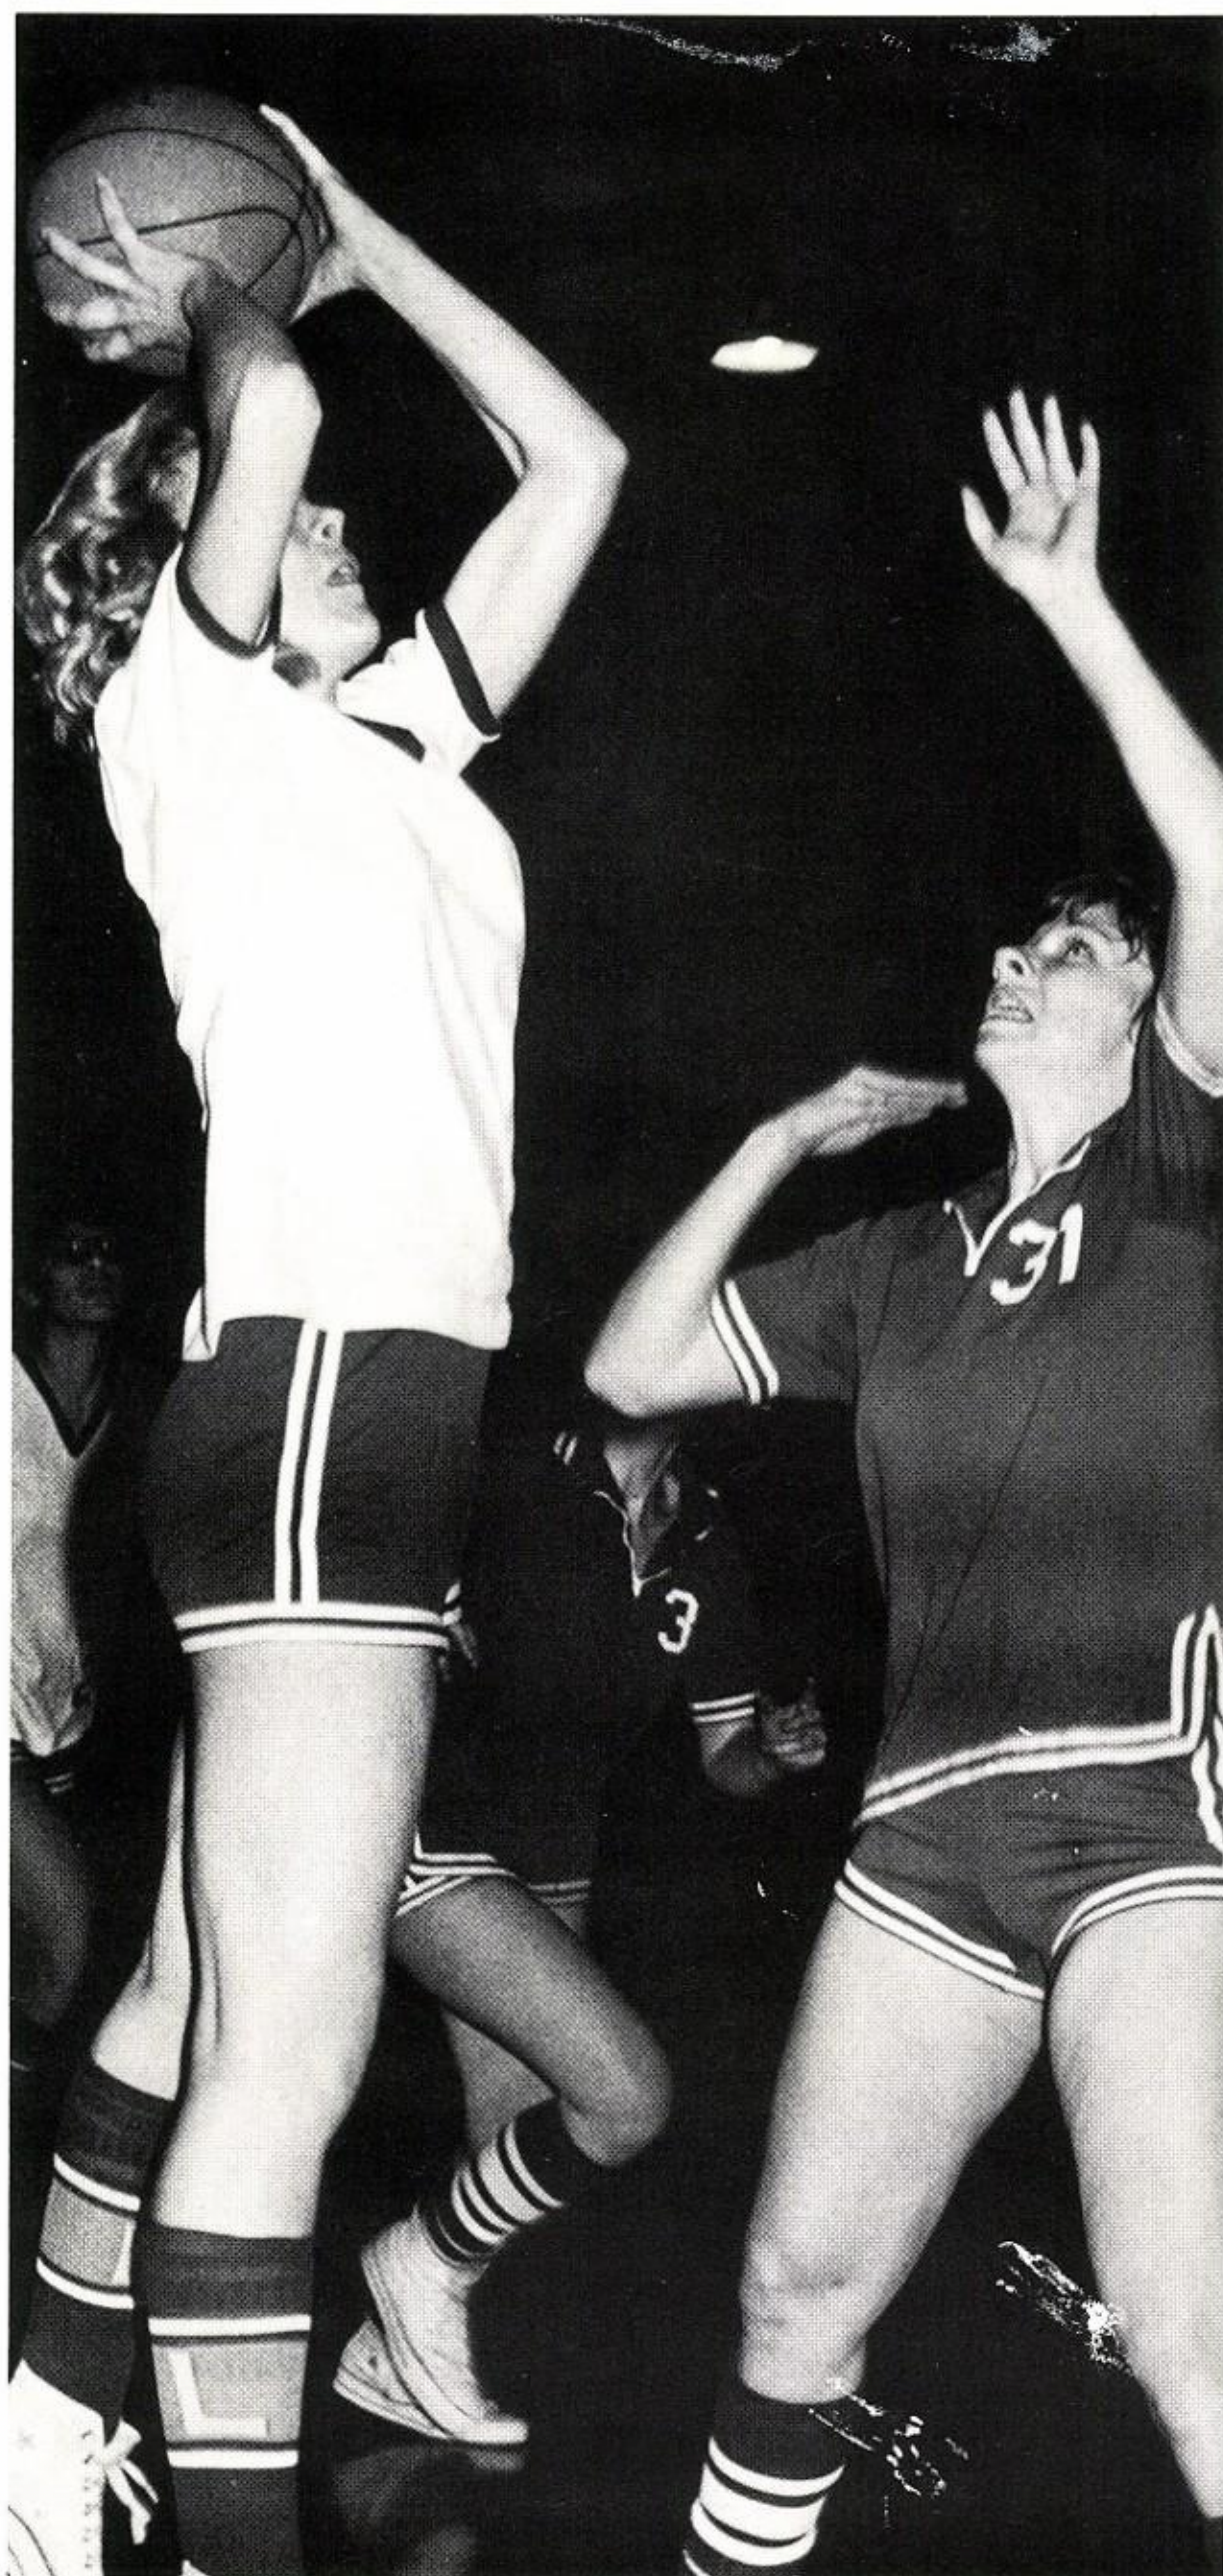

The Maiden tournament saw the host come away with top honors by defeating Garden City, 51-45. The Maids reached the finals by destroying Monahans, 78-16 and Ballinger 85-48.

In the Garden City contest, the Maids got off to a shaky start as Garden City took control of the ball game, outscoring the Maids two to one in the initial period leaving the score 16-8.

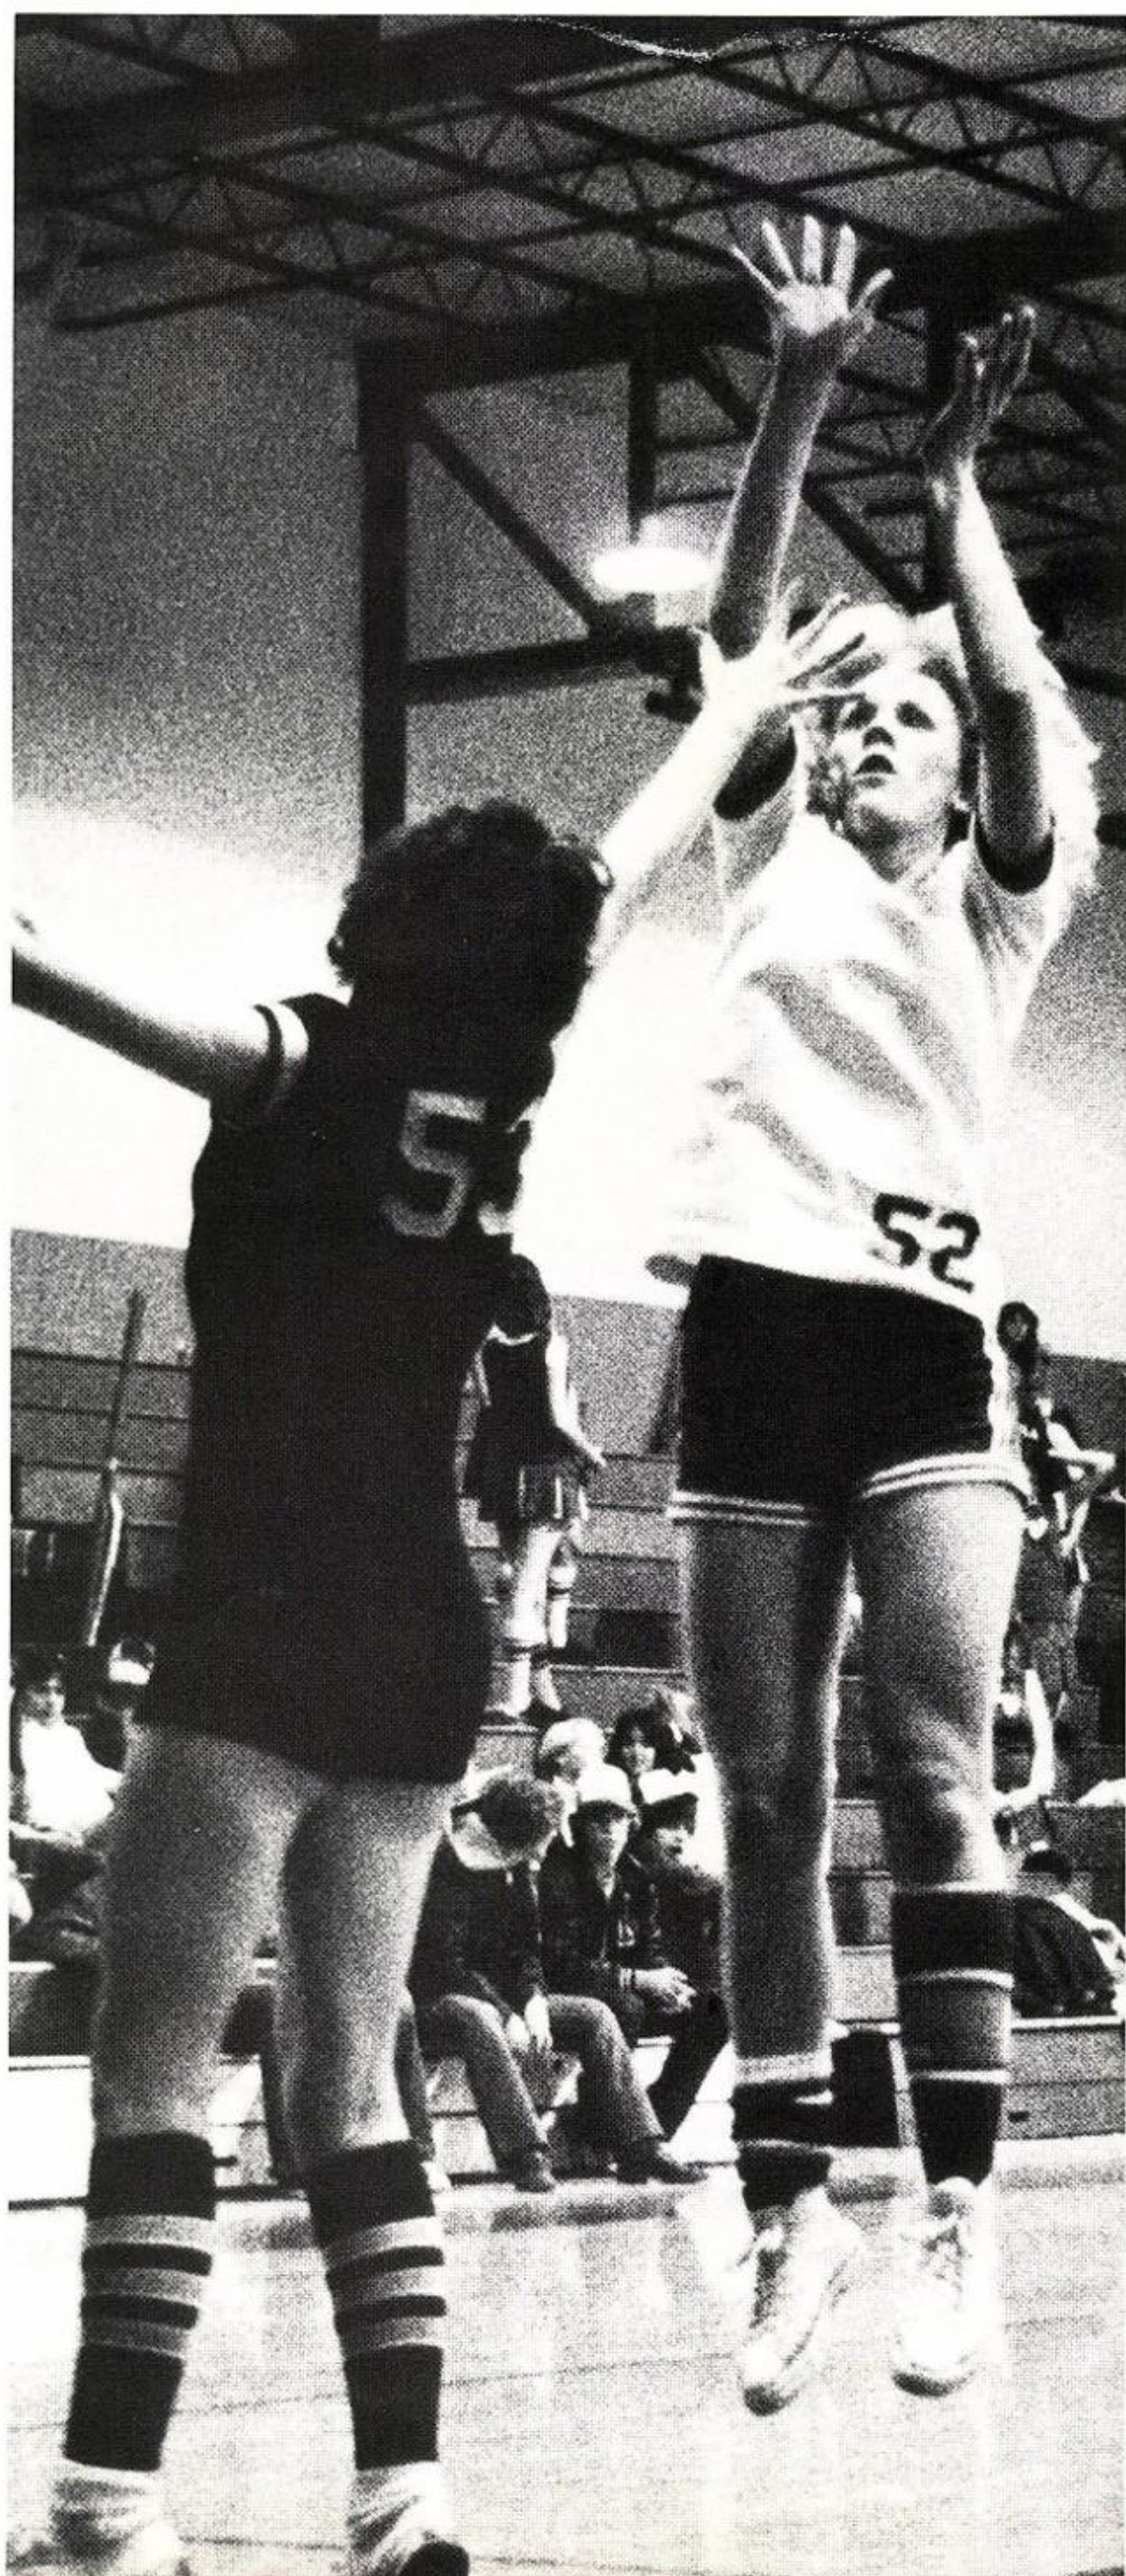

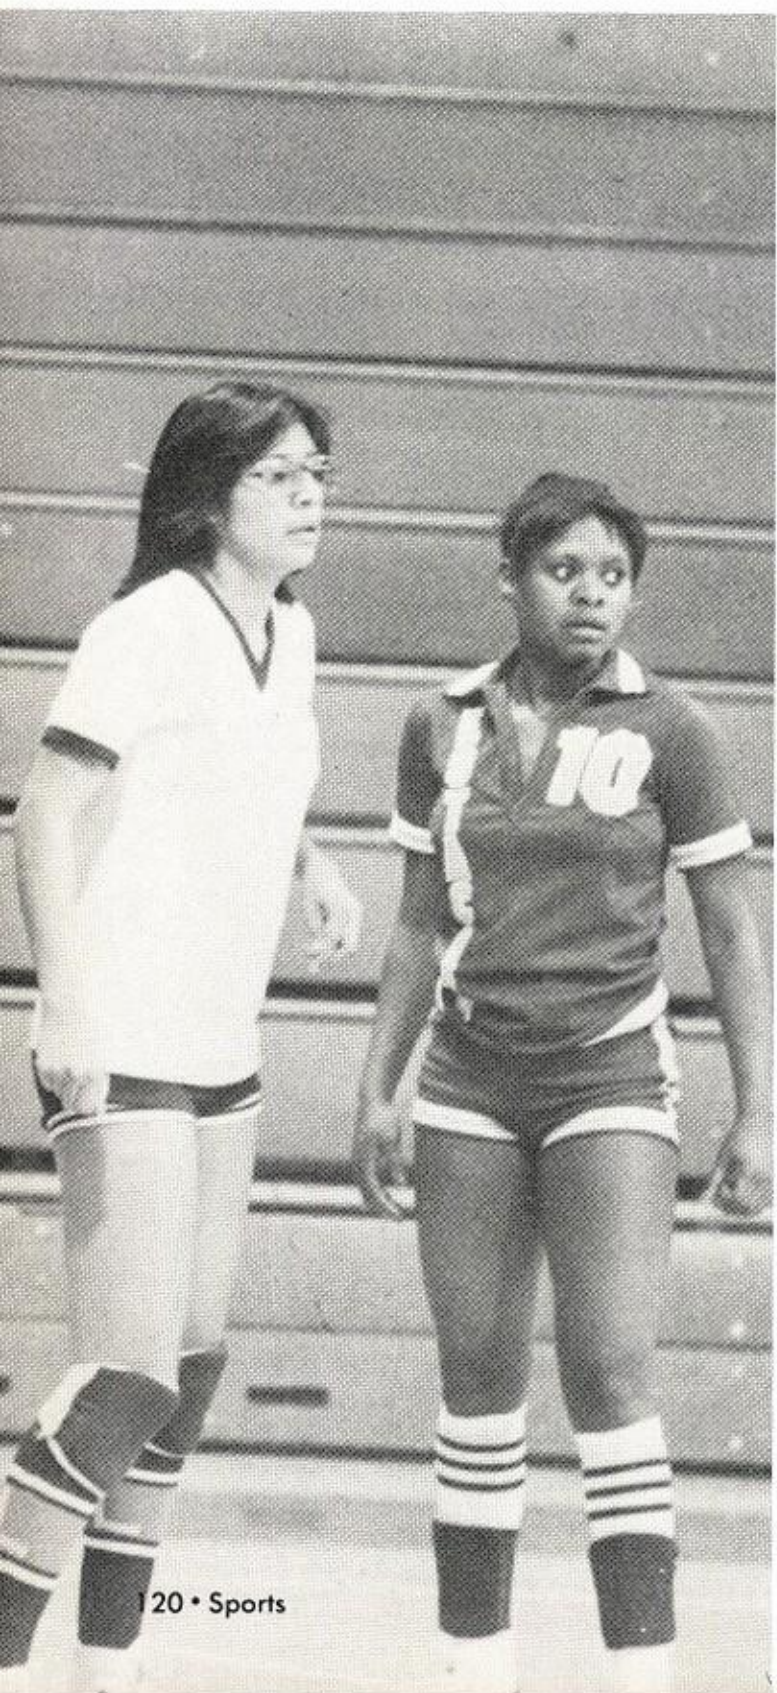

The second quarter was much the same as the Bearcats extended their lead to 14 behind the hot hand of Patsy Blissard. The half ended with the host trailing, 34-20.

Melonee Herndon led a third quarter rally scoring 10 of her 22 points in the third period, but it was Denise Davis' free throws with 1:20 remaining in the third to cap the rally bringing the Maids ahead by one, ending the third 41-40. The fourth ended with the Maids on top.

Lubbock Teams Enter District

District started with the Maidens facing stiffer competition with the addition of Lubbock Estacado and Lubbock Dunbar.

The Maids opened district with Estacado whom they beat, 46-35.

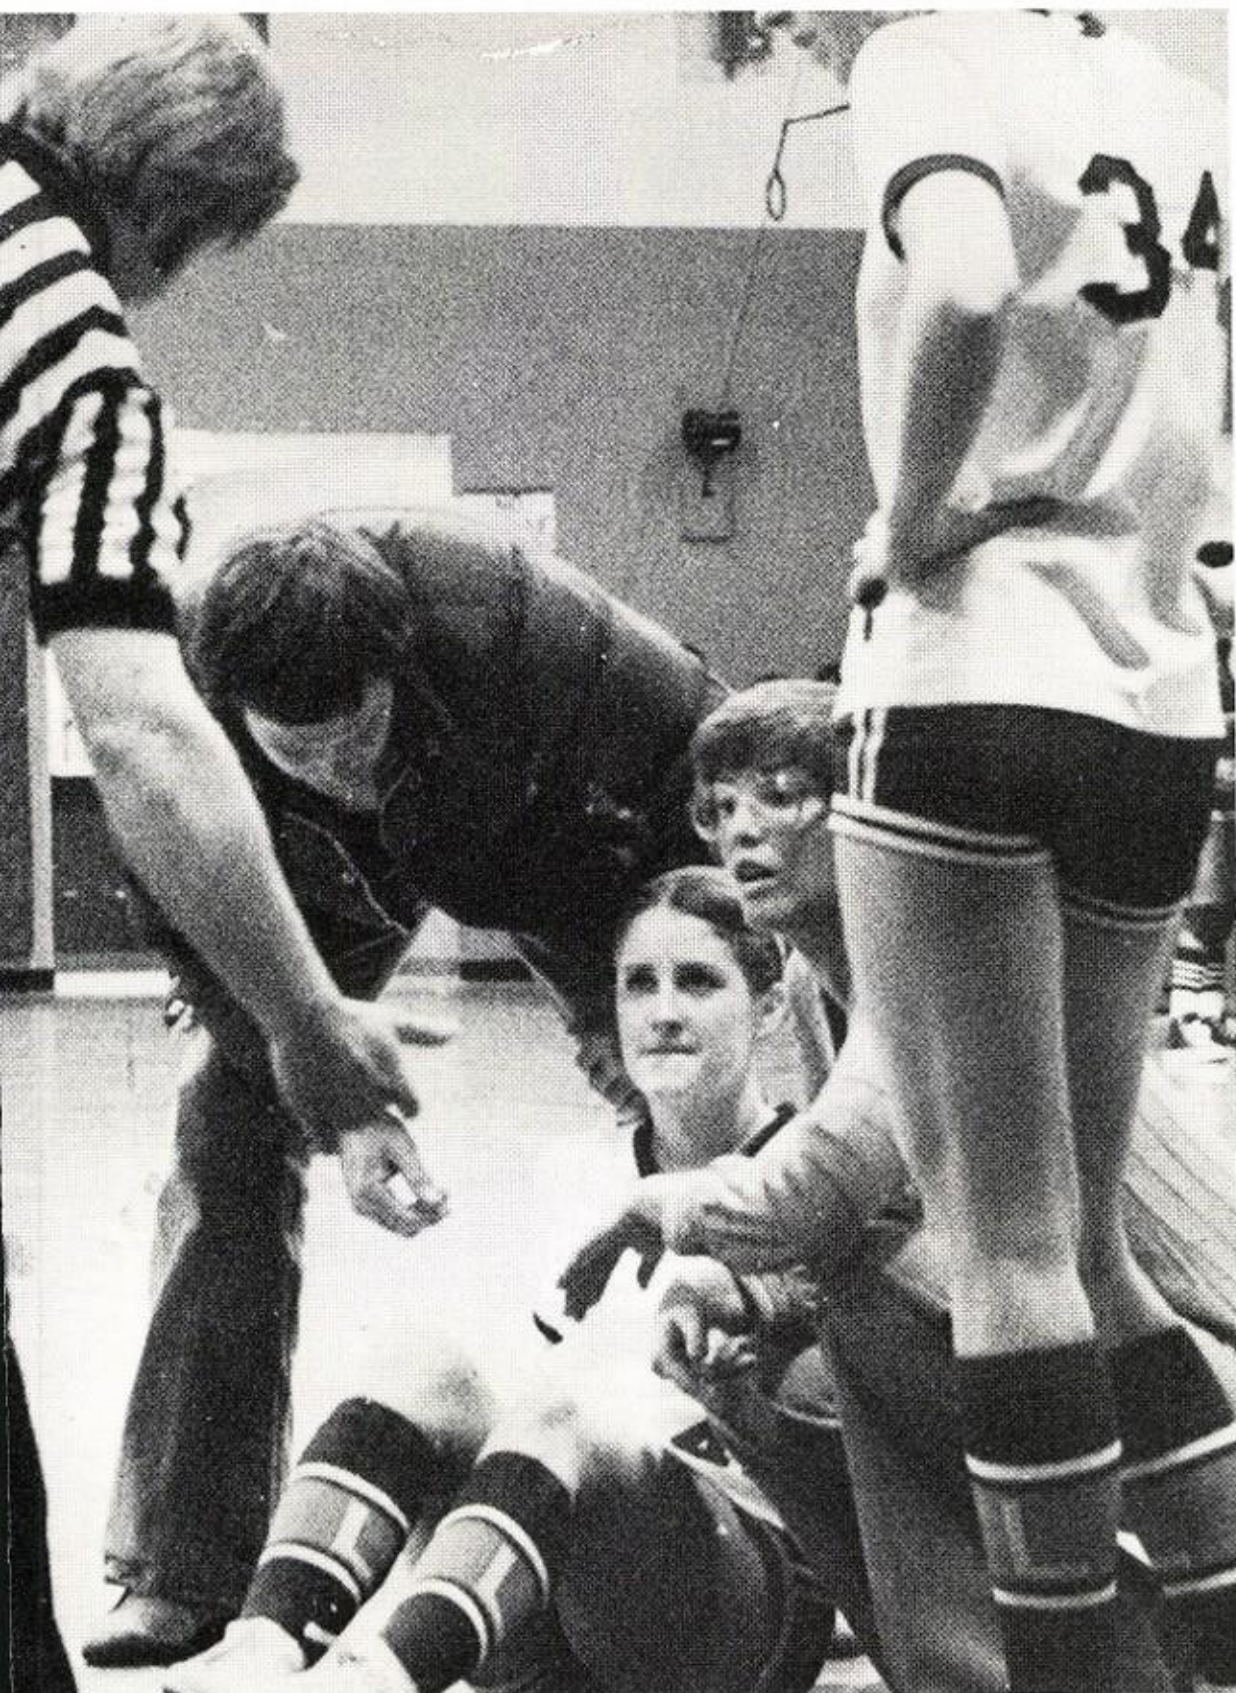

Dunbar was next to fall, 66-34.

Things kept on looking up for the Maidens as they whipped Snyder, 43-30. The Maiden defense highlighted that game with Myra Mayfield stealing the ball a remarkable 12 times.

Lisa Welch scored all but four of the Maidens' first quarter points. Kathy Munoz led the Maids with 16 points while Welch and Herndon had 12 apiece.

Maidens Eye District Title

The Maidens set their sights at the district title with three stunning victories. The first, against Estacado, saw the Maiden charges destroy the Mats 48-35 on Valentine's Day in Lubbock.

Denise Davis paced the Maiden attack netting 22 points while teammate Vicki Bly was good for 18.

"We got off to a slow start and really didn't get unwound until the second quarter," stated Maiden boss Suzy Hagar.

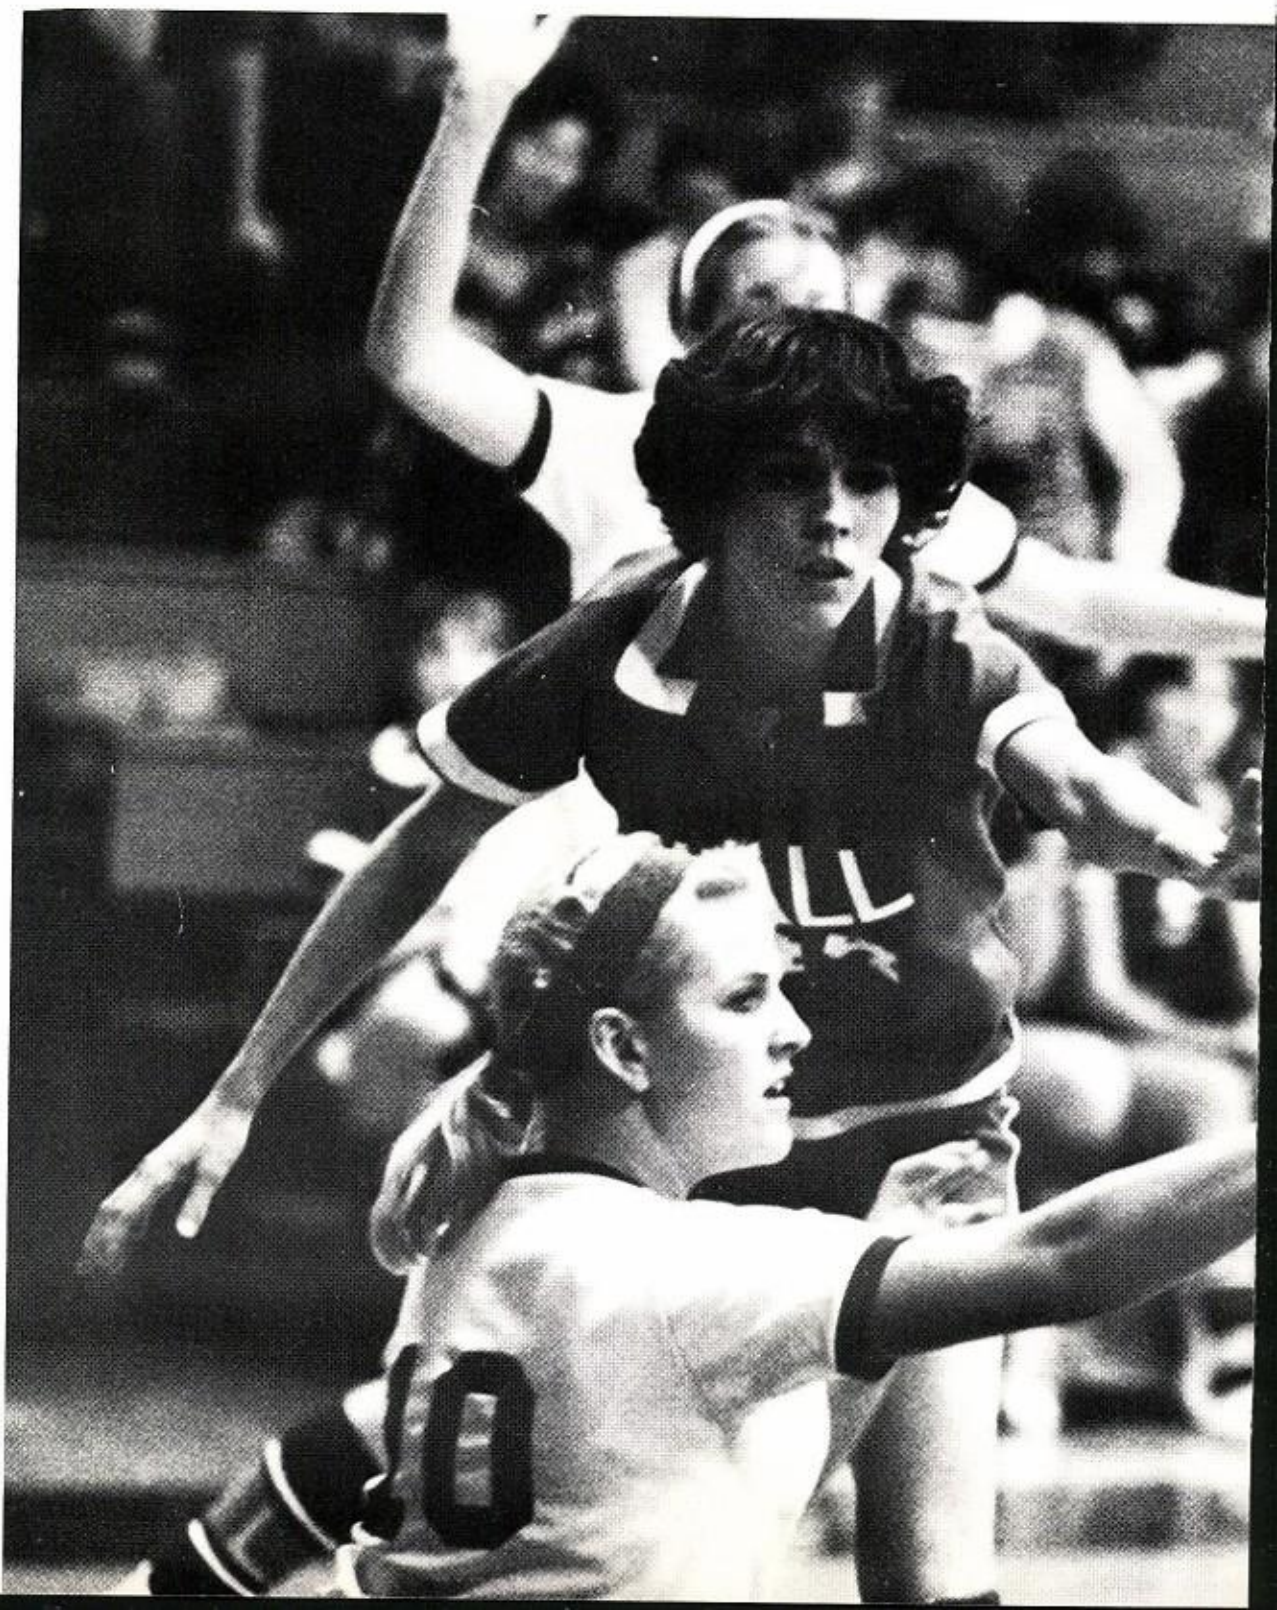

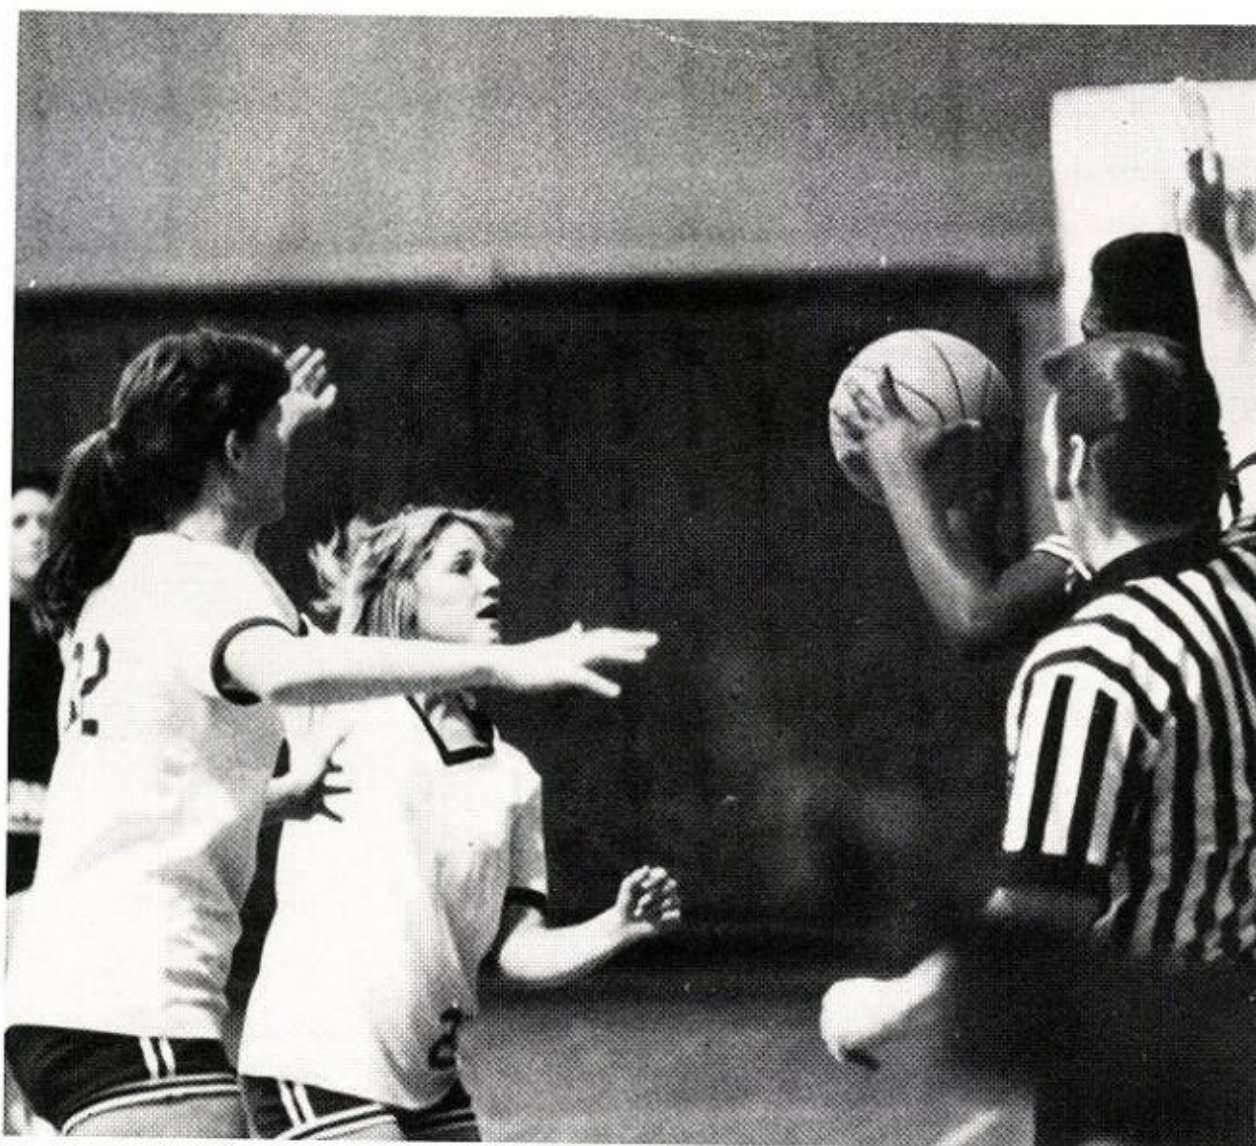

Hagar was referring to the 14-9 Estacado first period lead.

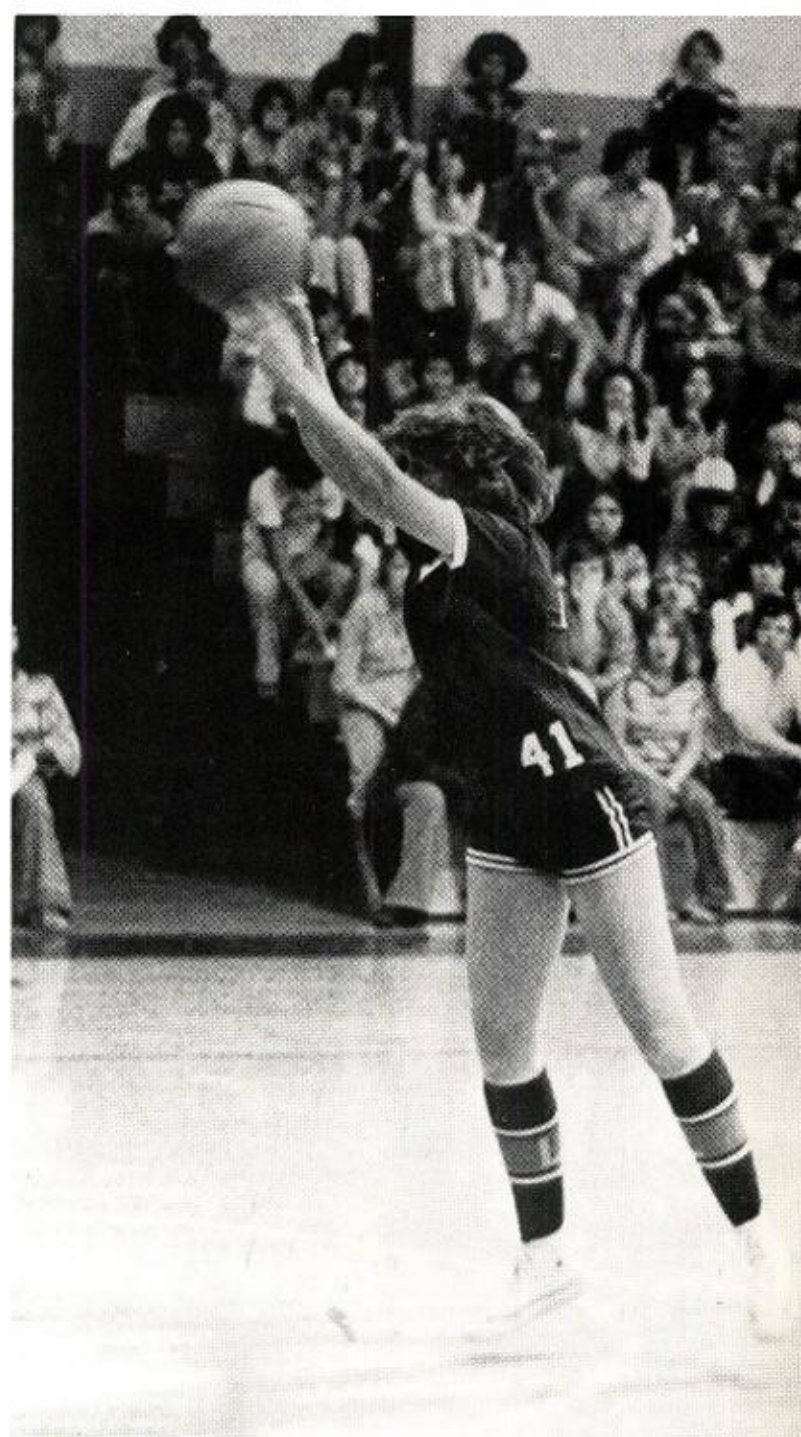

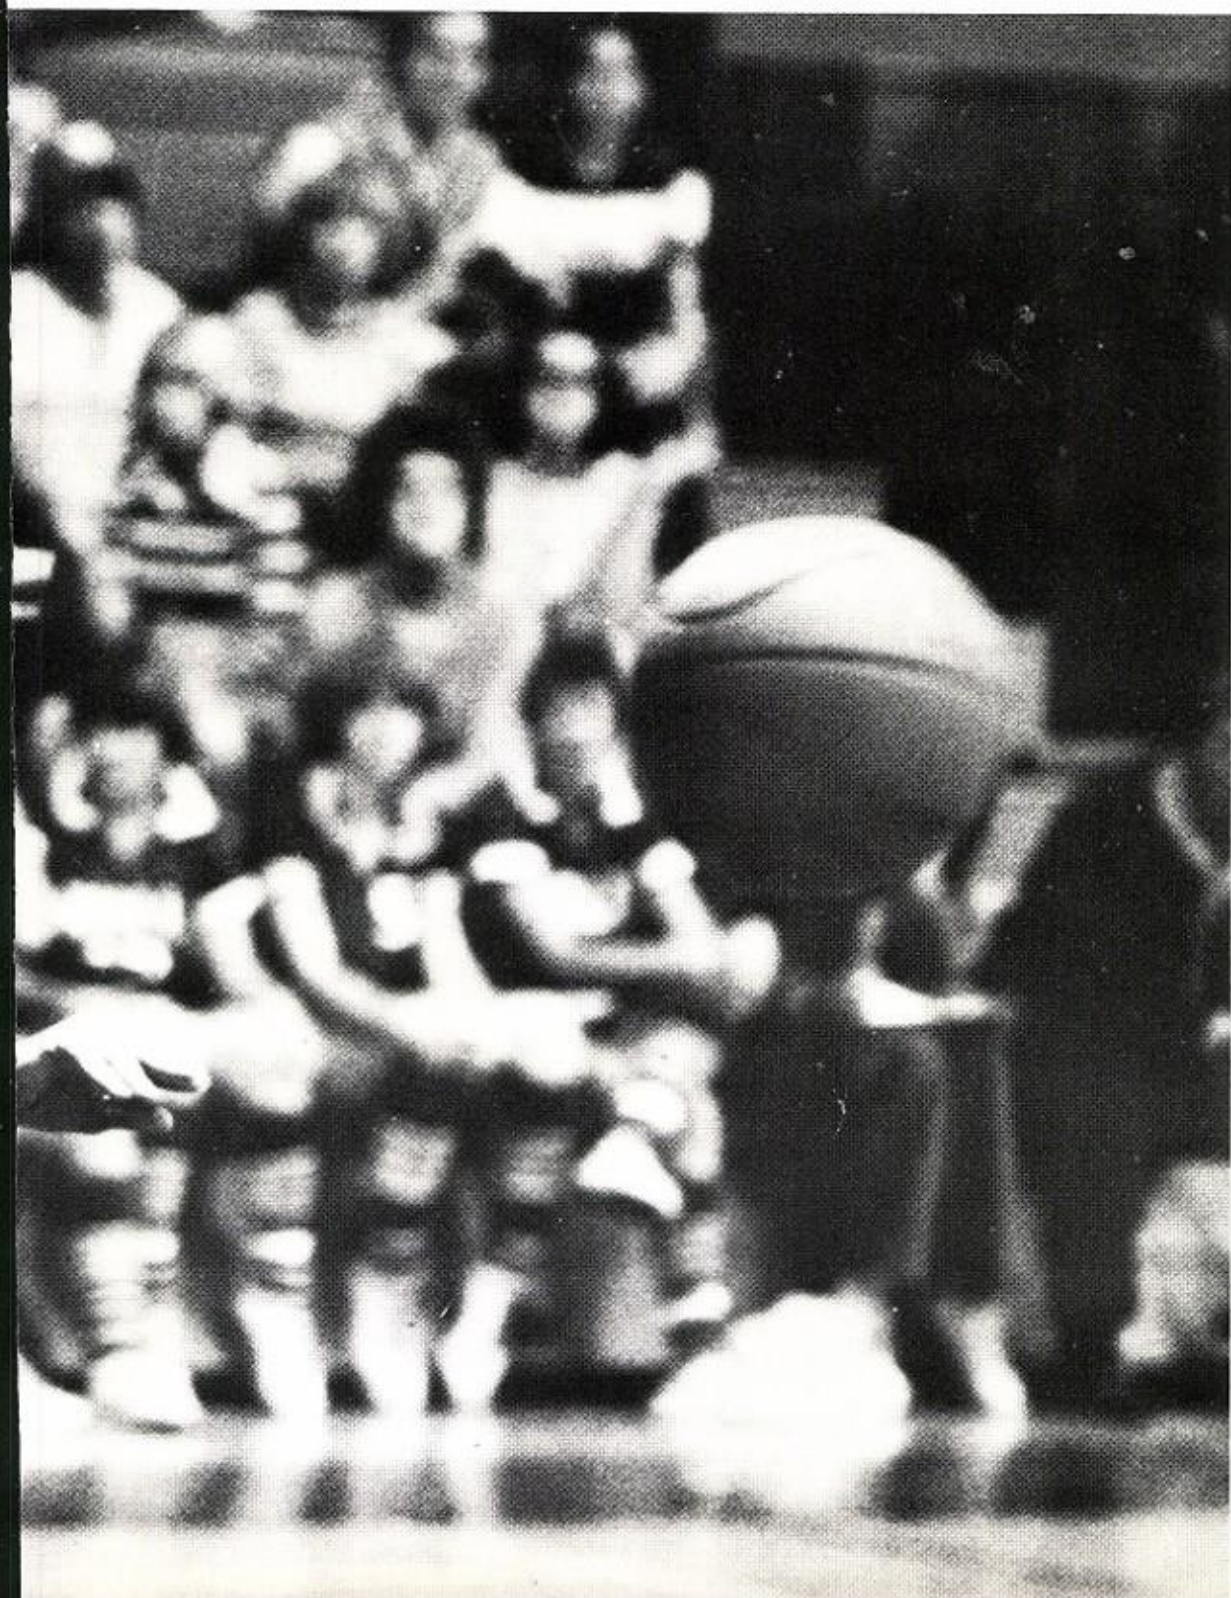

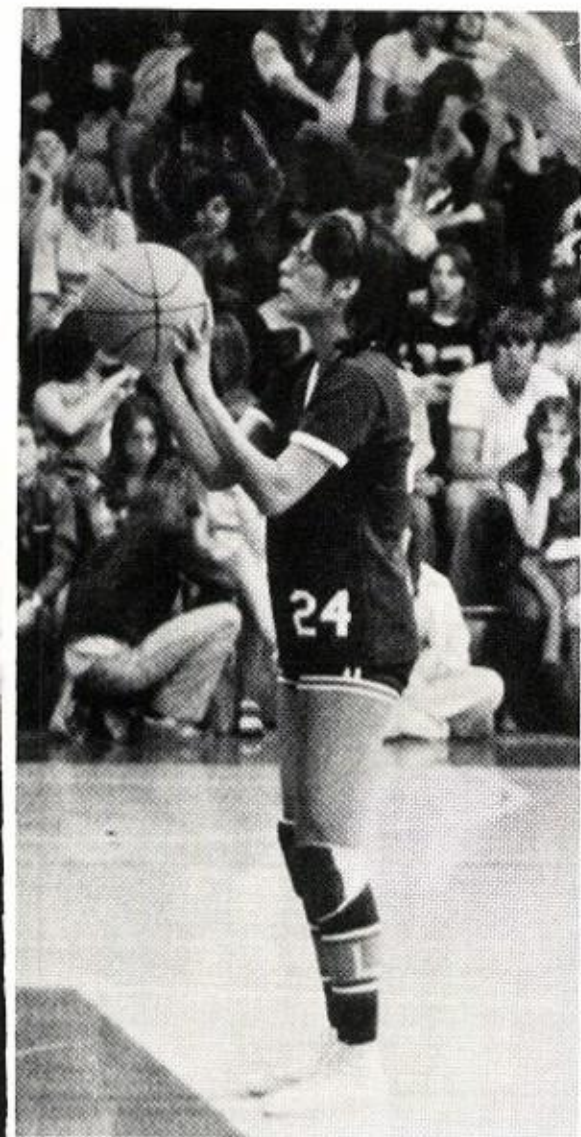

The Maids opened the second quarter with a barrage of baskets propelling them to a 24-20 half-time lead.

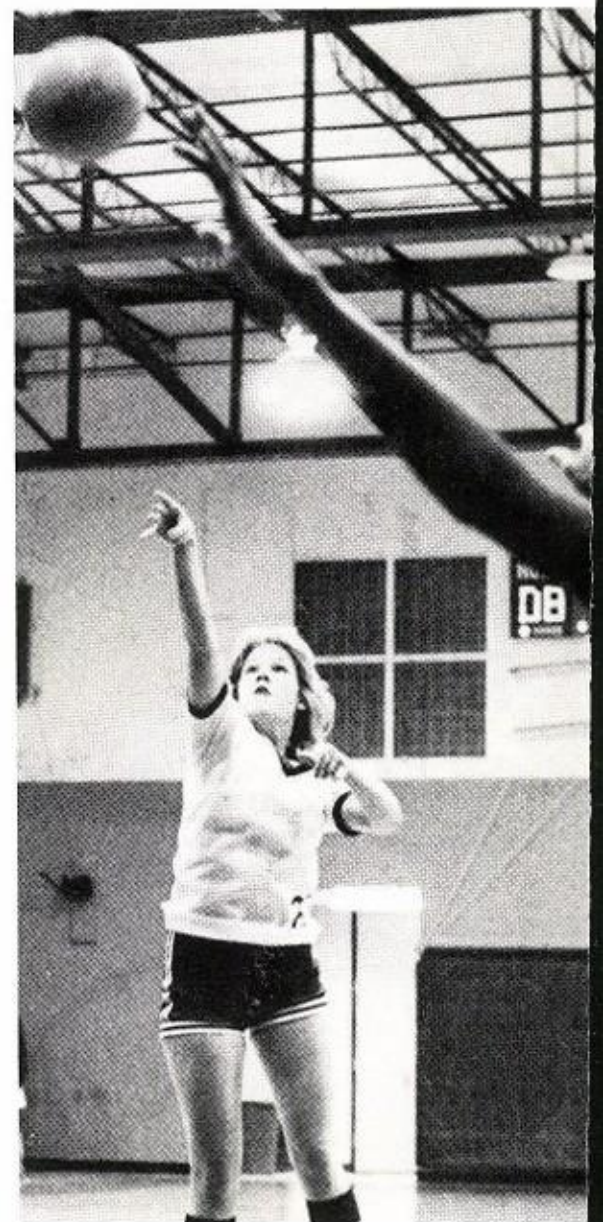

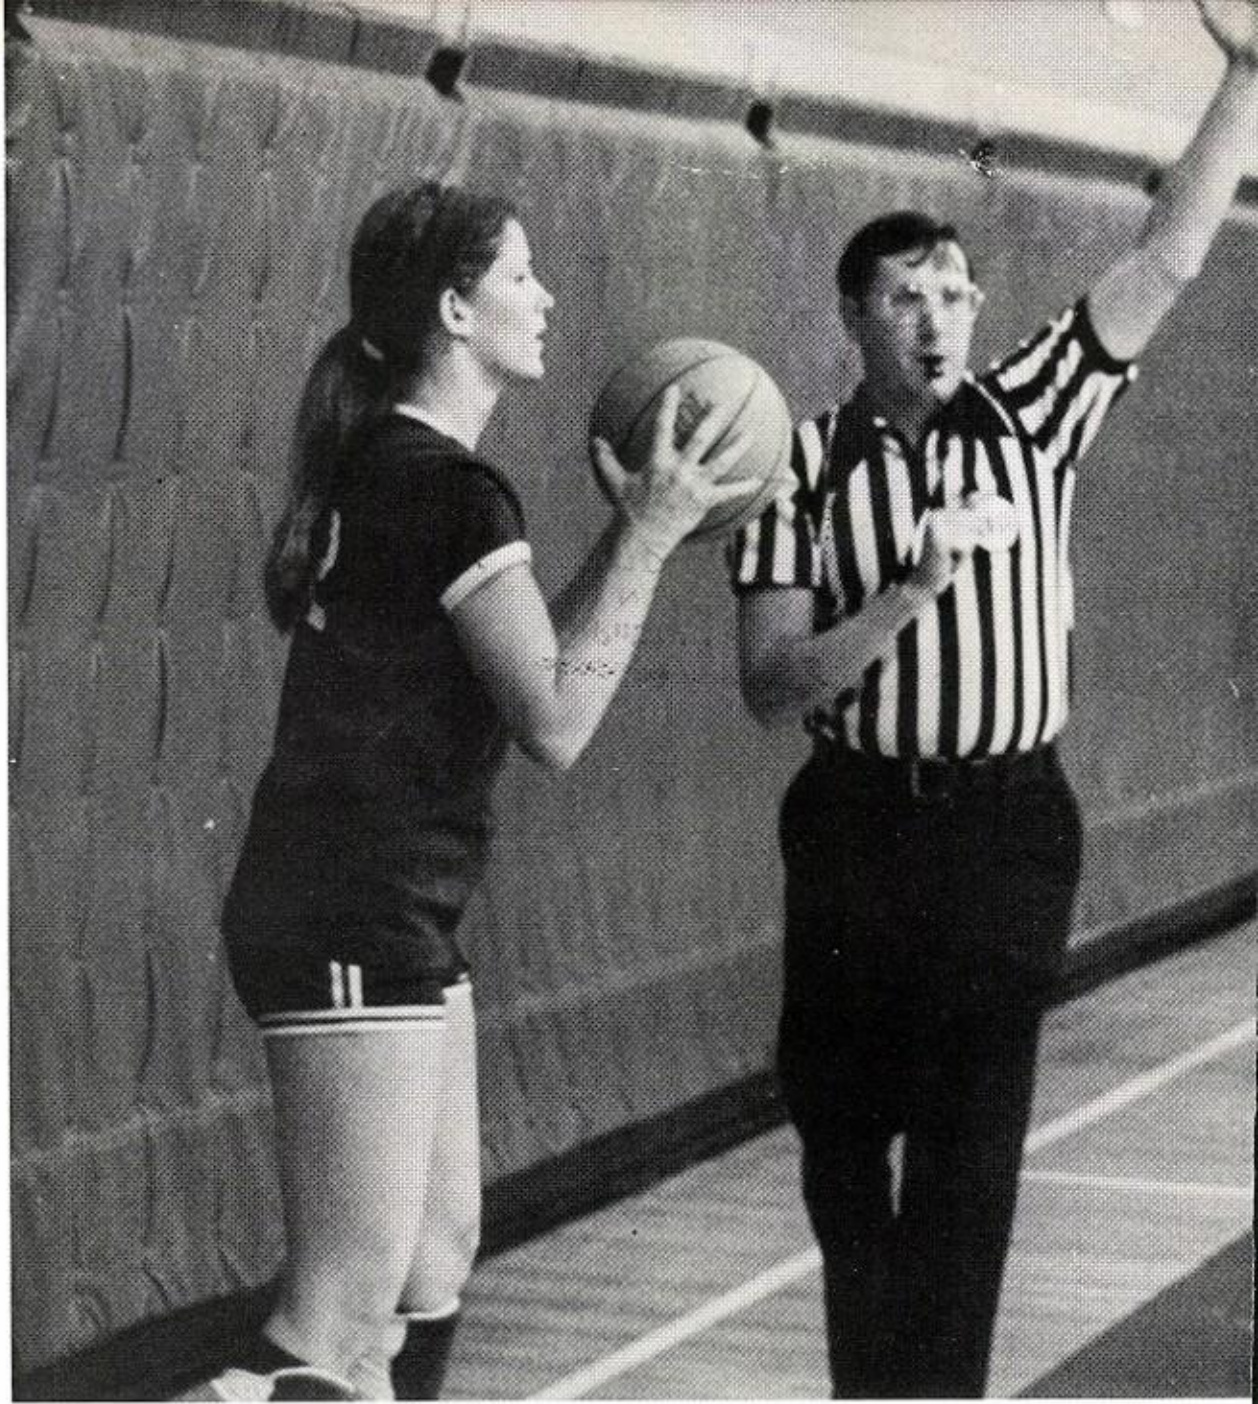

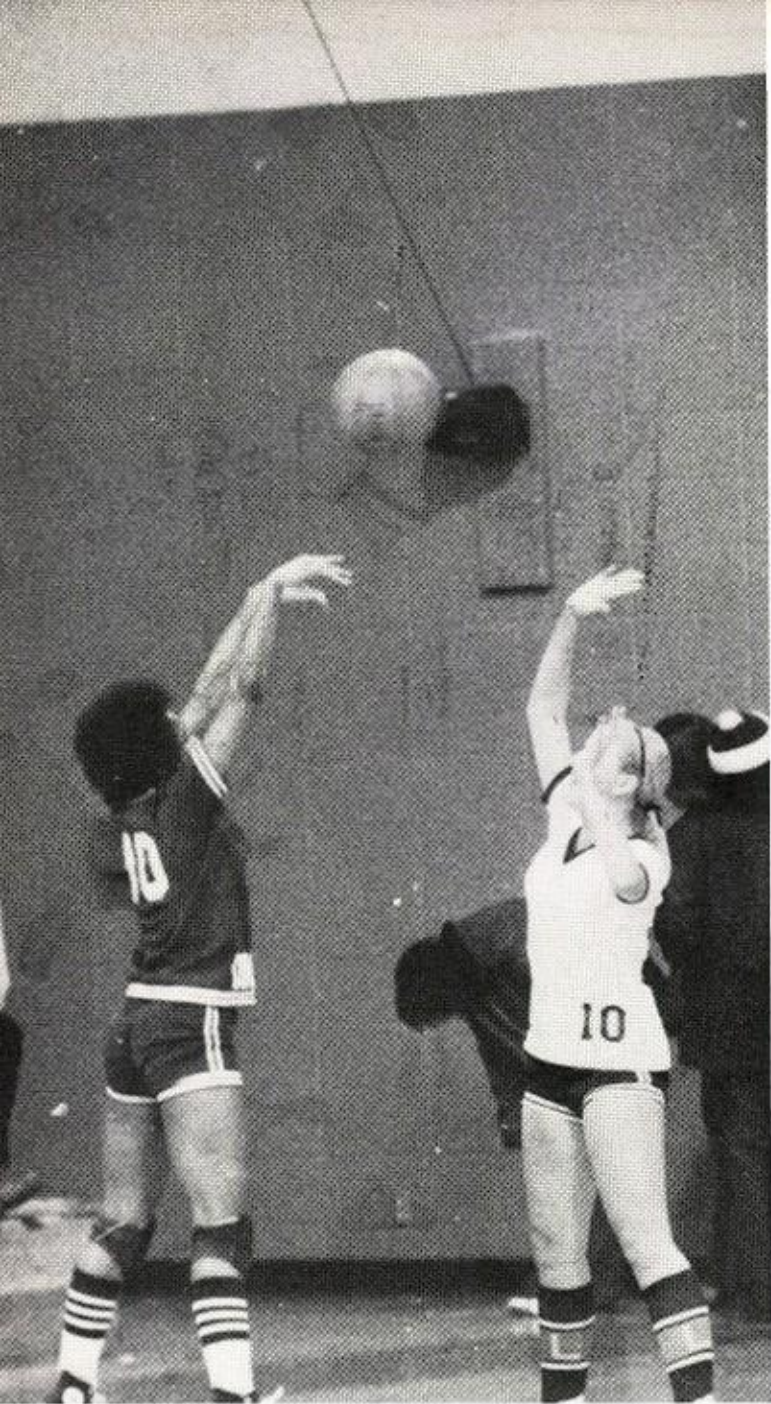

The third quarter saw Estacado tie the ballgame at 32, but were succumbed in the fourth by a stubborn Maiden defense who allowed the Mats only three points.

The second victory had the Maids against the tough Dunbar Panthers, whom they defeated, 58-30.

Girls Clinch District Title

The Maidens clinched the district title with a trouncing of Snyder, 47-38 Feb. 21 there.

The Maids jumped out to a three point lead at the end of the first, 8-5. They increased their advantage to 22-16 at the end of the half.

In the third period both tacked on nine points, but the Maids held on to their 31-25 advantage.

Lake View continued their domination in the fourth period by adding 16 points to the scoreboard, 11 of those under the hot hands of Kathy Munoz.

Munoz was high point with 24 and Lisa Welch tipped in 16.

Stephenville Hexes Maidens in Bi-District

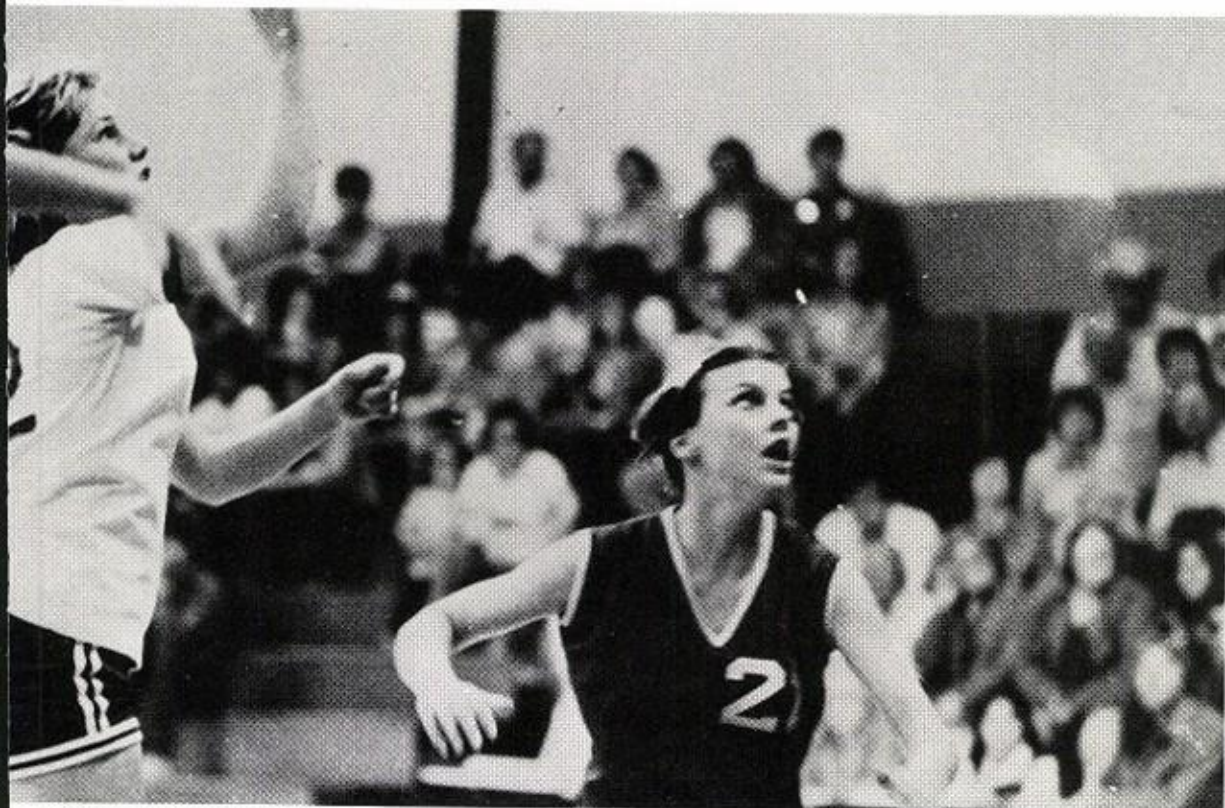

The Maidens then journeyed into Bi-district play with Stephenville here Feb. 28. The Honeyeys ended the Maiden's season, 59-45. The hex continued for the third straight year.

At the first of the game it looked as though the Maids would win, but Stephenville took advantage of key turnovers in the second and third quarters to provide the margin of victory.

The Maidens ended another winning season compiling an 18-11 season record.

The Maids did, however, accomplish another district 3-AAA trophy for the third straight year.

Chief Basketball Team Face Dismal Season Foes

A dismal season summed it up for the Lake View Chief basketball team.

The Chiefs began the season at Seminole with the Indians taking a 66-48 victory.

The Chiefs then opened up the Chief Challenge Tournament. The Chiefs played Ballinger in the opening round with the Bear-

cats grabbing a 45-41 double overtime victory.

Crane dropped the Chiefs in the second round of tournament play, 68-53.

District started for the Chiefs December 19 with Dunbar playing host. Dunbar topped the tribe, 55-22.

S'water, Lamesa Drop Tribe in Close Games

Things got worse as Lamesa downed the Chiefs, 33-26 and Sweetwater dropped the Tribe, 45-44.

The remaining two teams in district, Brownfield and Snyder, had their turns at dumping the

Chiefs, 53-41 and 69-60, respectively.

The second half of district was much the same as the first. This time Dunbar defaced the Chiefs 87-44.

Estacado Downs Chiefs Twice

After dropping the game to Brownfield, the Chiefs district mark was 0-3.

The Chiefs made up a game played at Estacado due to the weather. The Chiefs were worse than the weather as the Matadors defeated the tribe, 85-52.

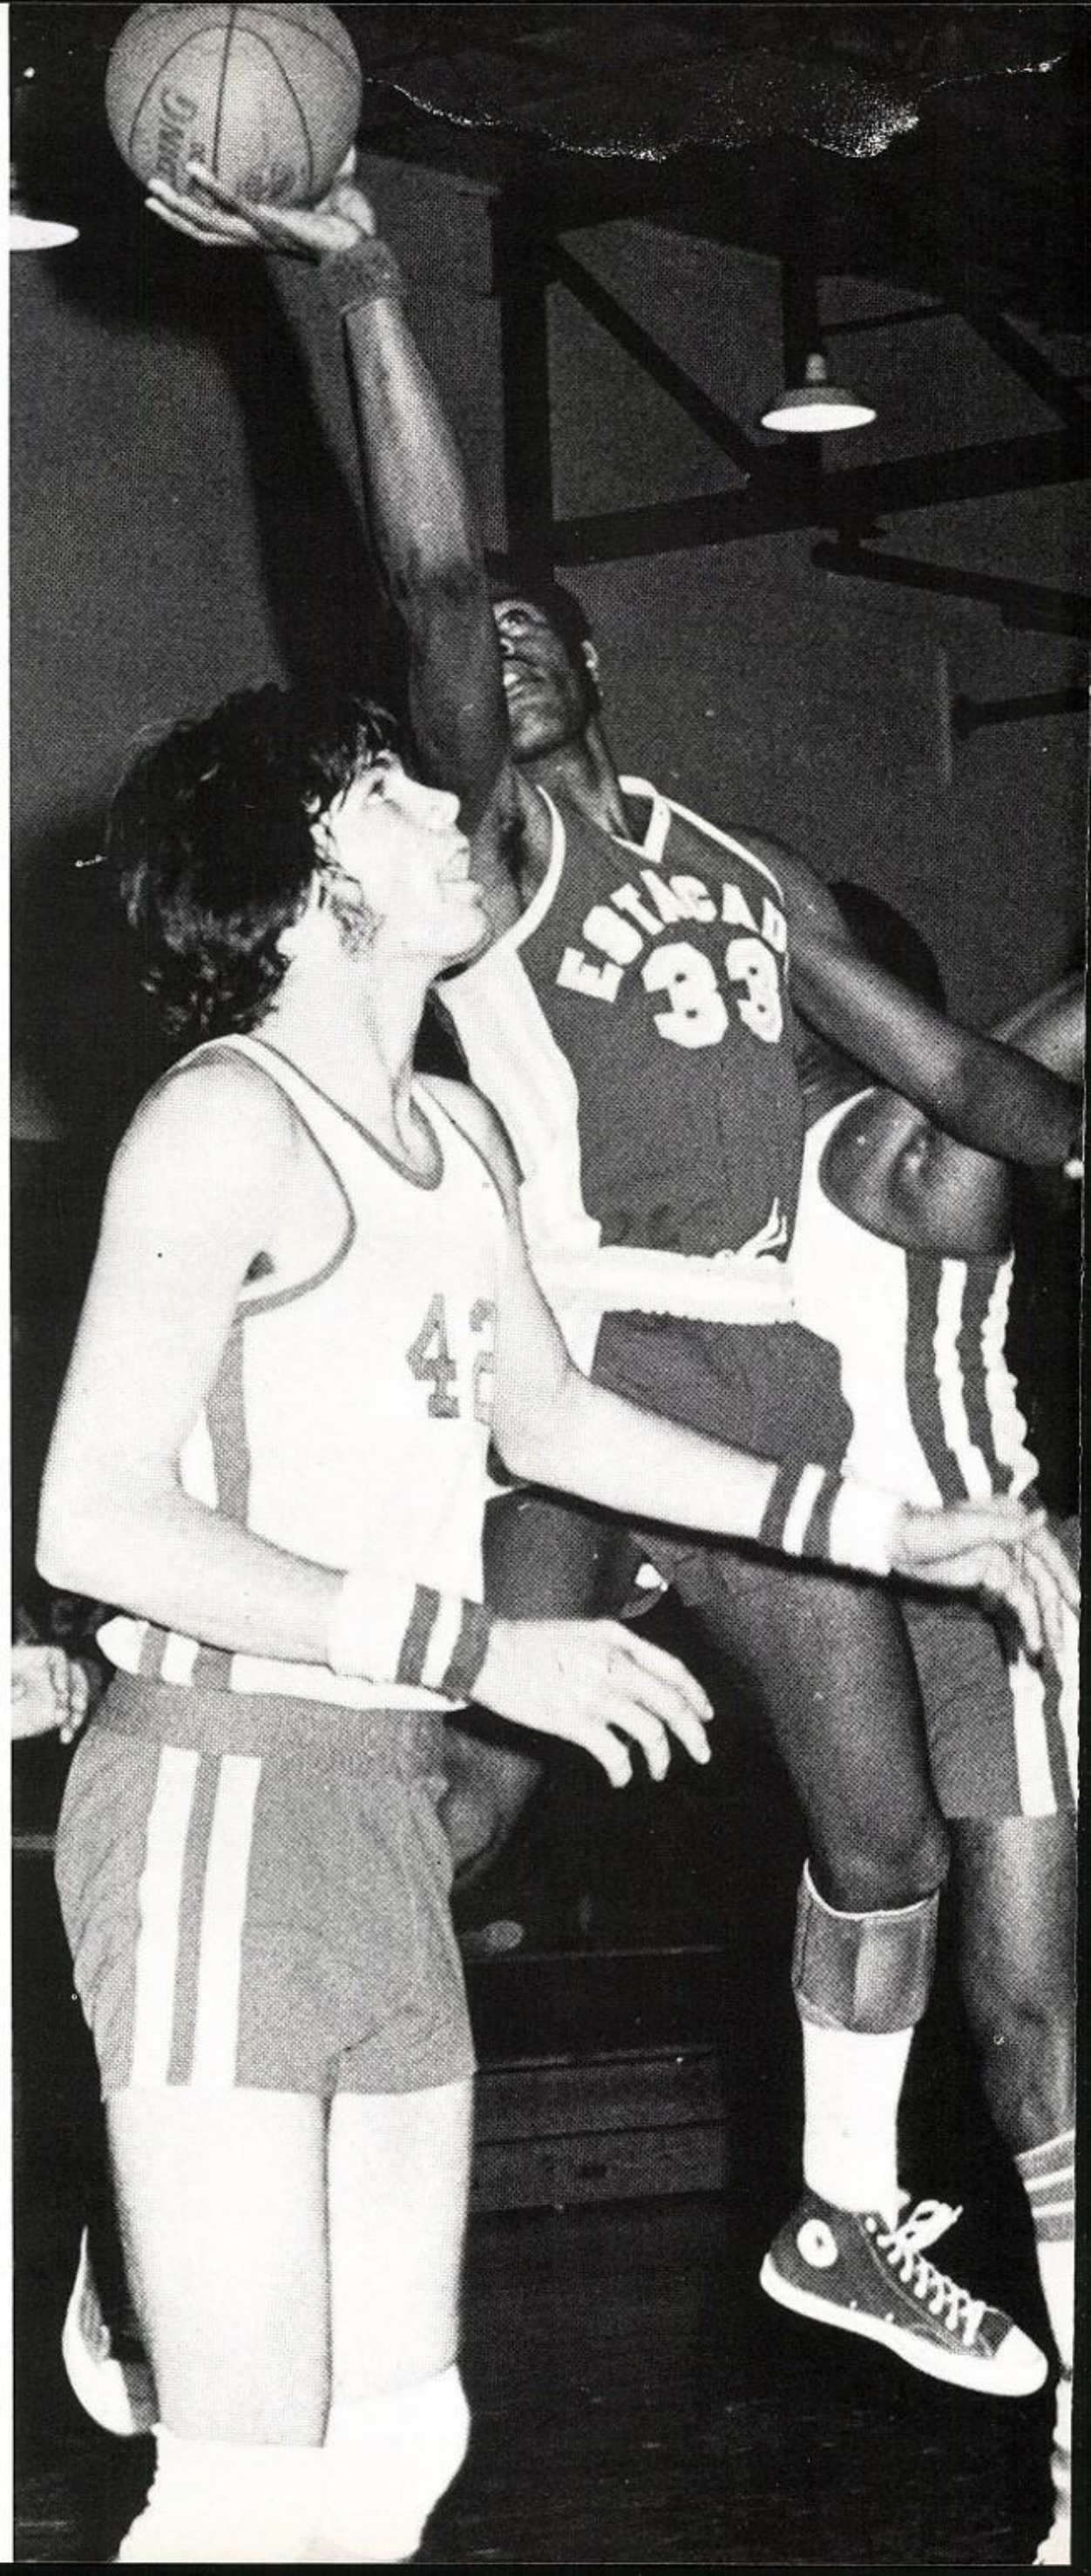

The Mats pulled away in the first period 18-15. The second quarter saw the Mats pull away by 15, ending the half, 41-26. Estacado ended the third stanza 60-40 over the Chiefs.

The Tribe ended the season with Estacado again, this time the Mats put the Chiefs away, 90-40.

The Chiefs were blitzed when Estacado took control of the game from the start, taking a 15 point 23-8 first period lead.

The Matadors streaked for 20 more points securing the half, 43-17.

The Matadors opened the second half scoring 25 points and holding the Chiefs to 13. The third ended, 68-30 and left the Chiefs in the dark.

Tors Hand Chiefs 58-30 Loop Defeat

Lamesa took advantage of the winless Chiefs handing them their eighth straight district defeat, 58-30.

Lamesa jumped out to a 14-7 lead by the end of the first, and held a comfortable 17 point lead at the half, 26-9. Sweetwater kept the Chiefs out of the win column by mauling the Chiefs, 56-58 Jan 31.

The loss to the Mustangs was

the Chiefs eighth district loss.

Snyder ambushed the Chiefs, 73-57 running away with the game in all four quarters.

The Chiefs played their closest game in district before dropping a game to Brownfield, 69-60.

Maid's Compete in Track

Working on relays, jumping forms, throwing the shot and discus, and several running events wrapped up the Maidens track year.

Several lettermen from the 76-77 track season returned to compete in all team and individual events.

The varsity Maidens competed in several track meets including district, region, and state.

The Maidens began their train-

ing in early March. Various weight and running programs were assigned to each Maiden according to the events they were competing in.

Individual field events included shot, discus, triple and long jump, and high jump. Relay teams competed in 440, 880, and mile relays. Other events were 440-yard run, the 100-yard run, and the 220-yard sprints.

Tribe Nabs Comanche Second

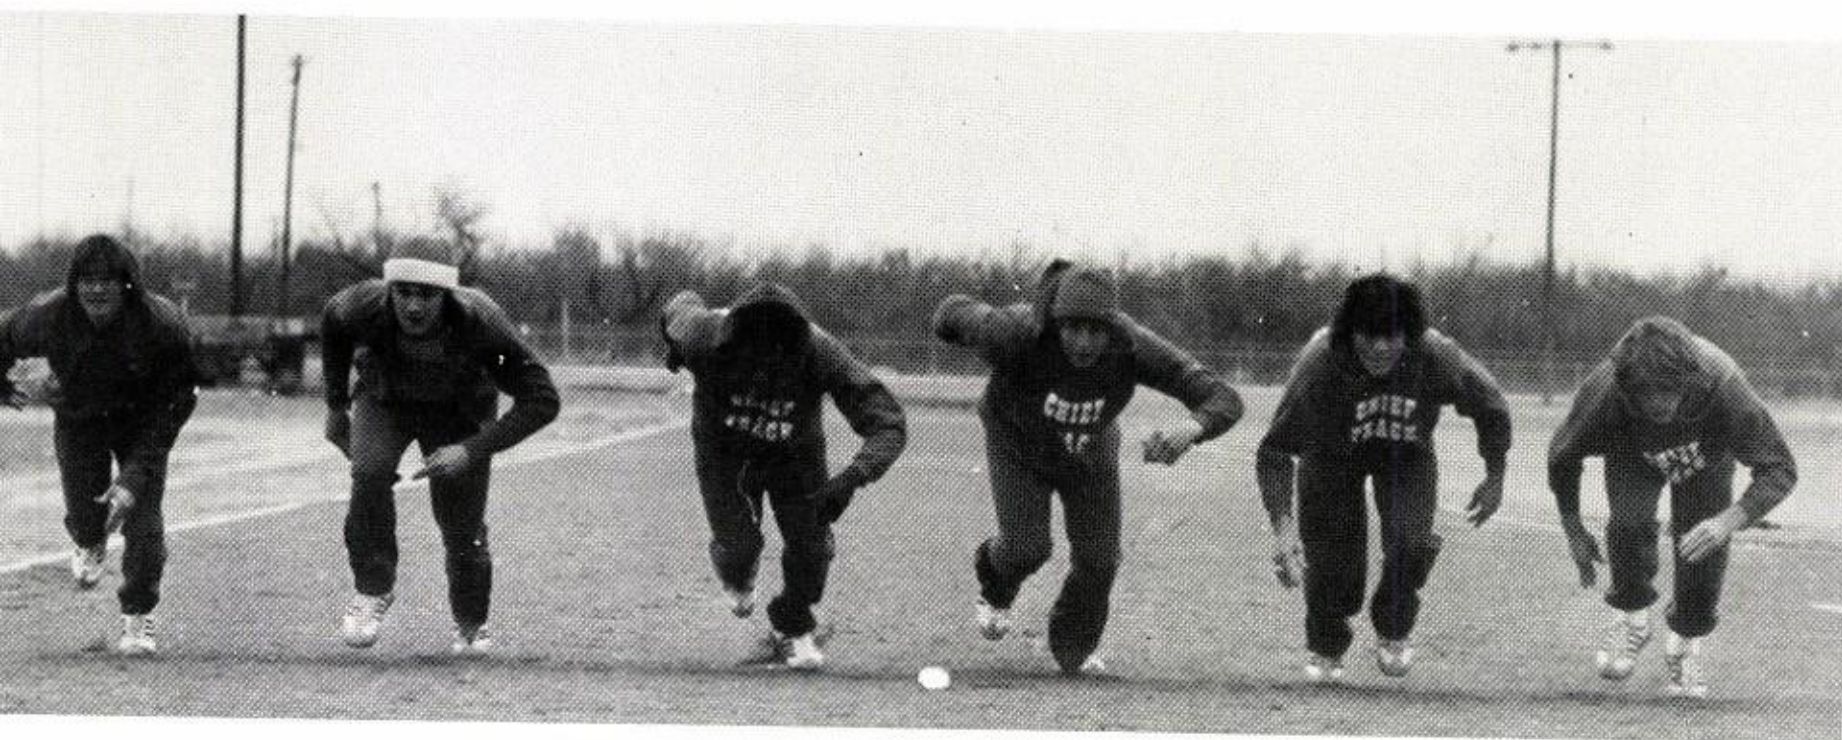

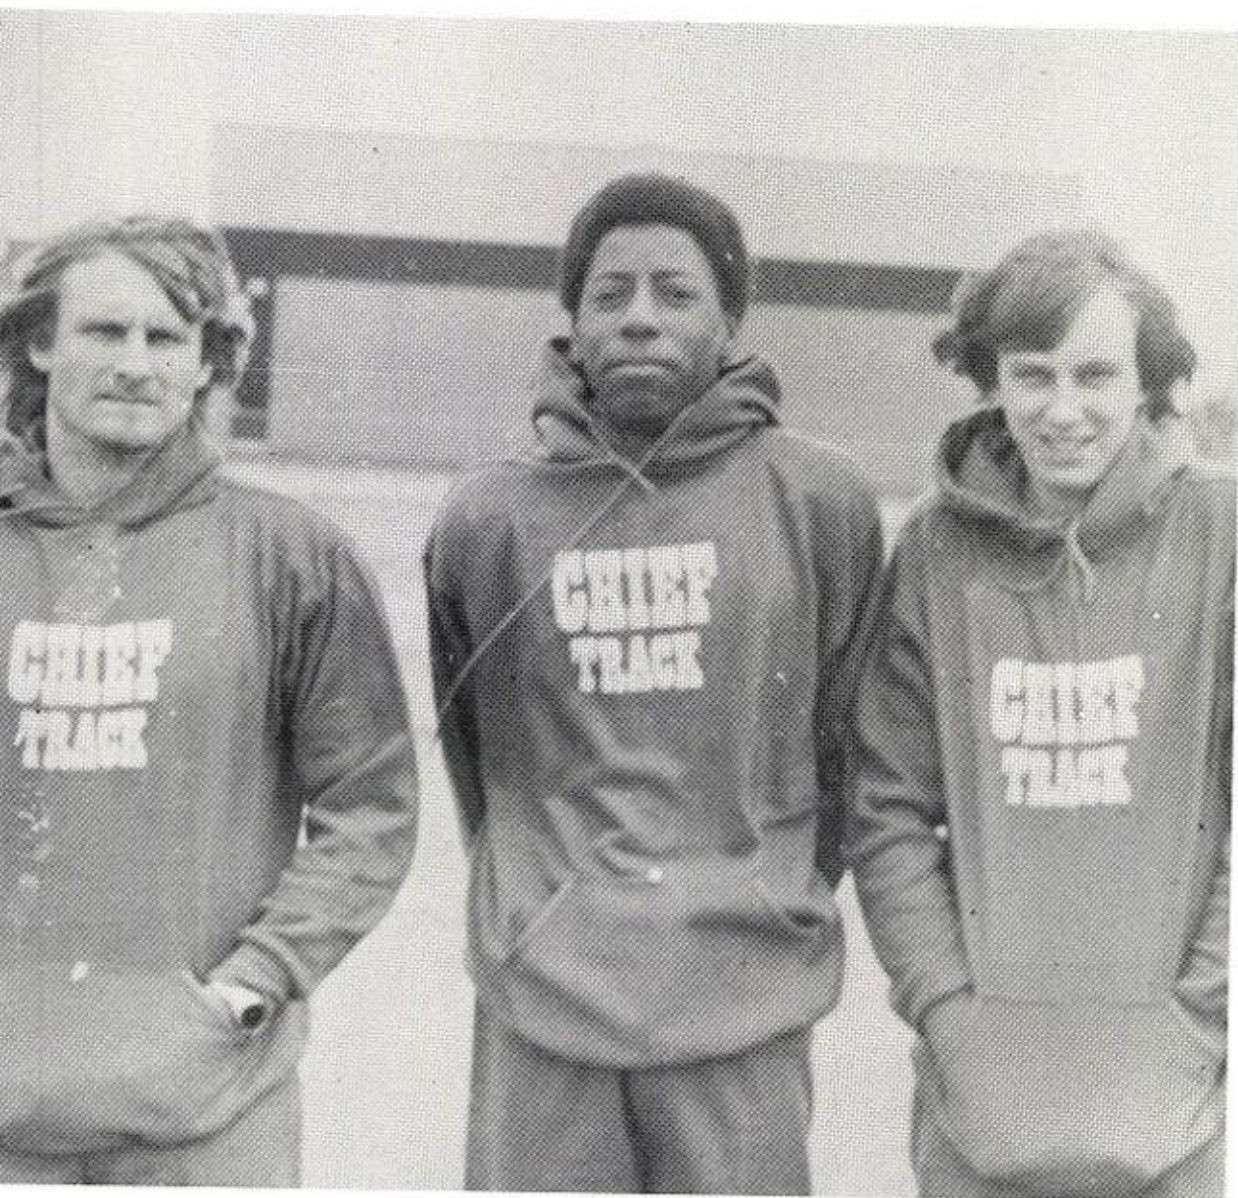

Running, jumping, and throwing were all a part of the hard work-outs accomplished this year for the final showings.

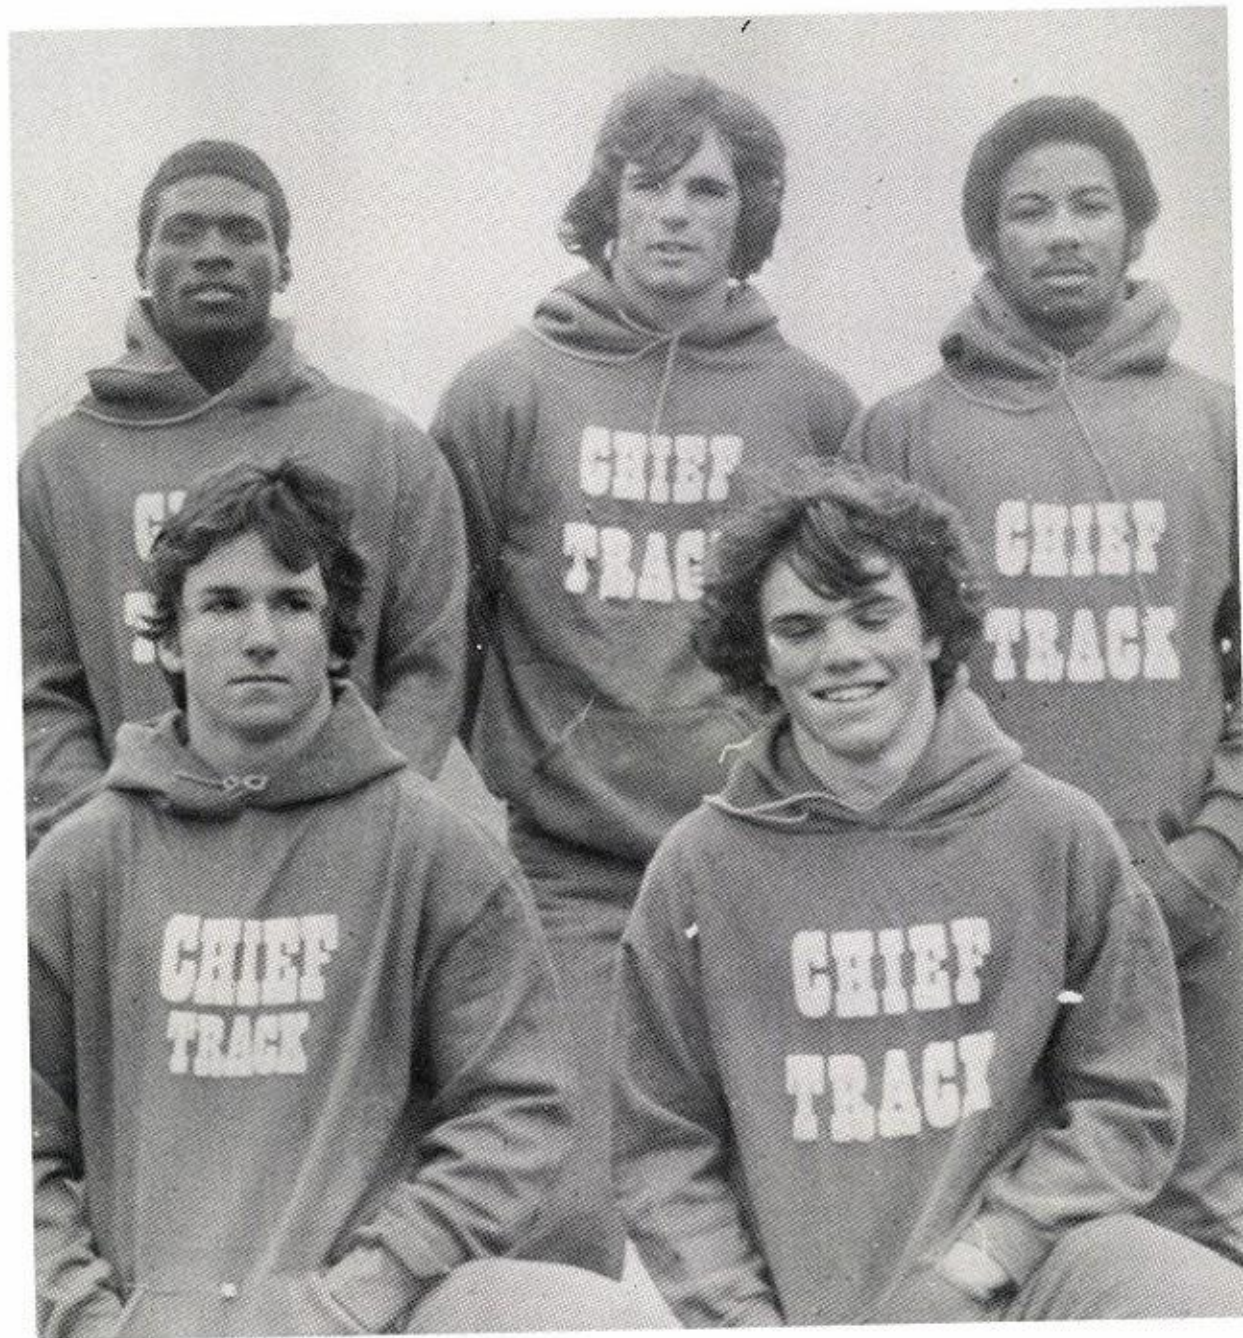

Starting out in Ft. Stockton,

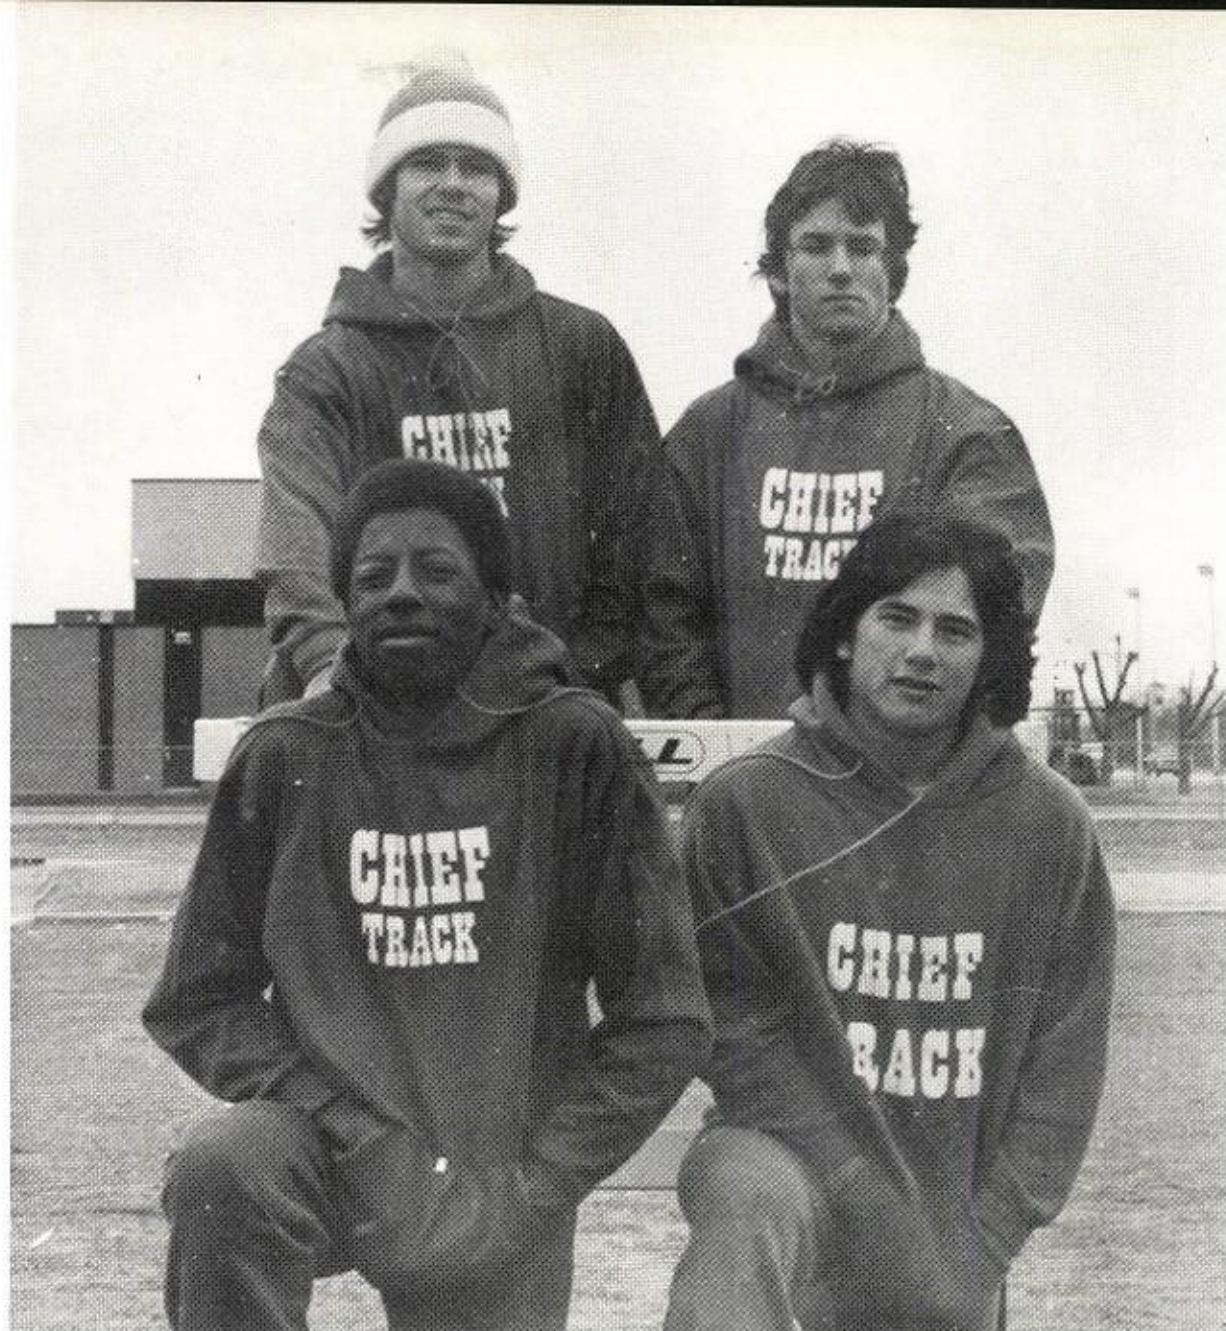

the team won a second in Division II. The 440 relay took a first place trophy. The Chiefs worked on throughout the last quarter in various different meets partici-

pating in all types of events.

Bringing home numerous honors, the Chiefs showed great skill and spirit.

LV Tennis Team Competes in Meets for First Time

The Lake View tennis group became a full-fledged tennis team this year, competing for the first time in invitational and district competition.

Coached by Felix Lopez, the team entered its first tournament Feb. 11-12 in Snyder and placed fifth out of a seven team tournament.

"All freshmen did extremely well," stated Coach Lopez, "because they played seniors."

The group also competed in the San Angelo Tennis Tournament, sponsored by Central High School, Feb. 24-25, where the freshmen made it to the semi-finals before being eliminated.

Other tournaments the freshmen attended were in Brownwood, Big Spring, and Abilene. The whole team competed in Lubbock for district April 15-16.

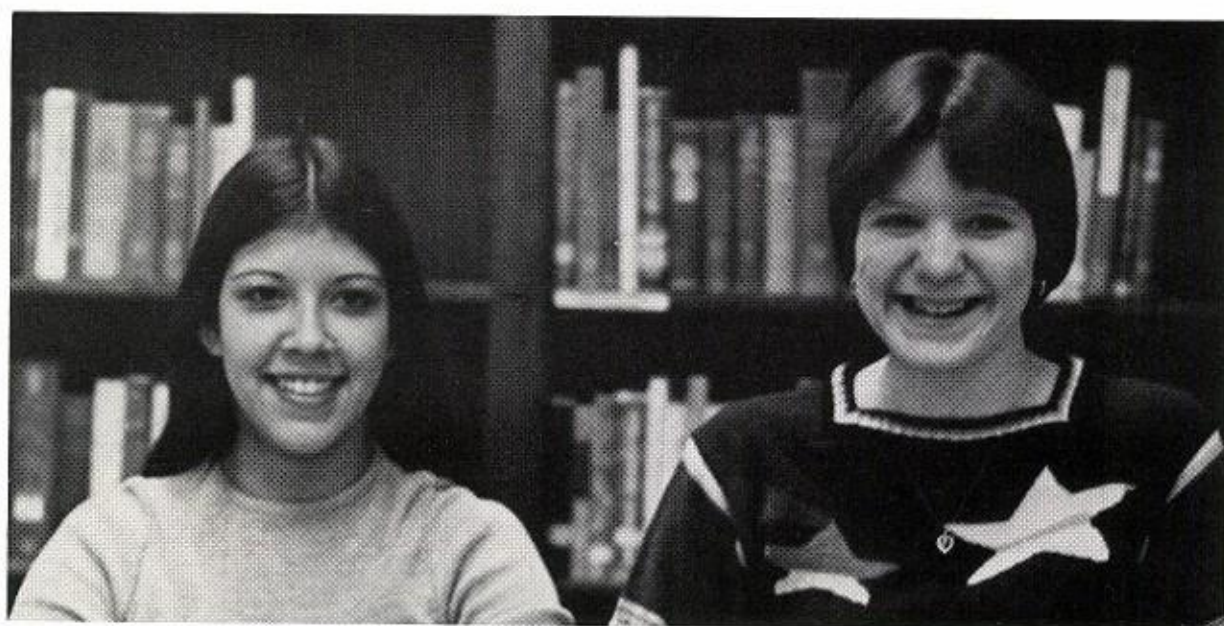

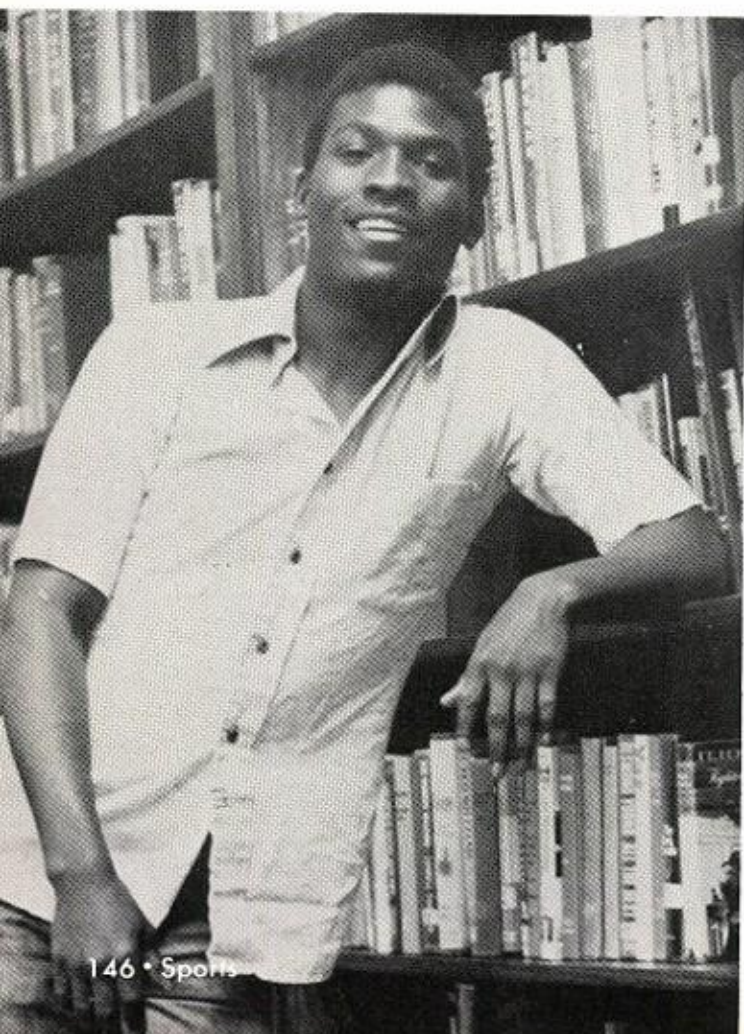

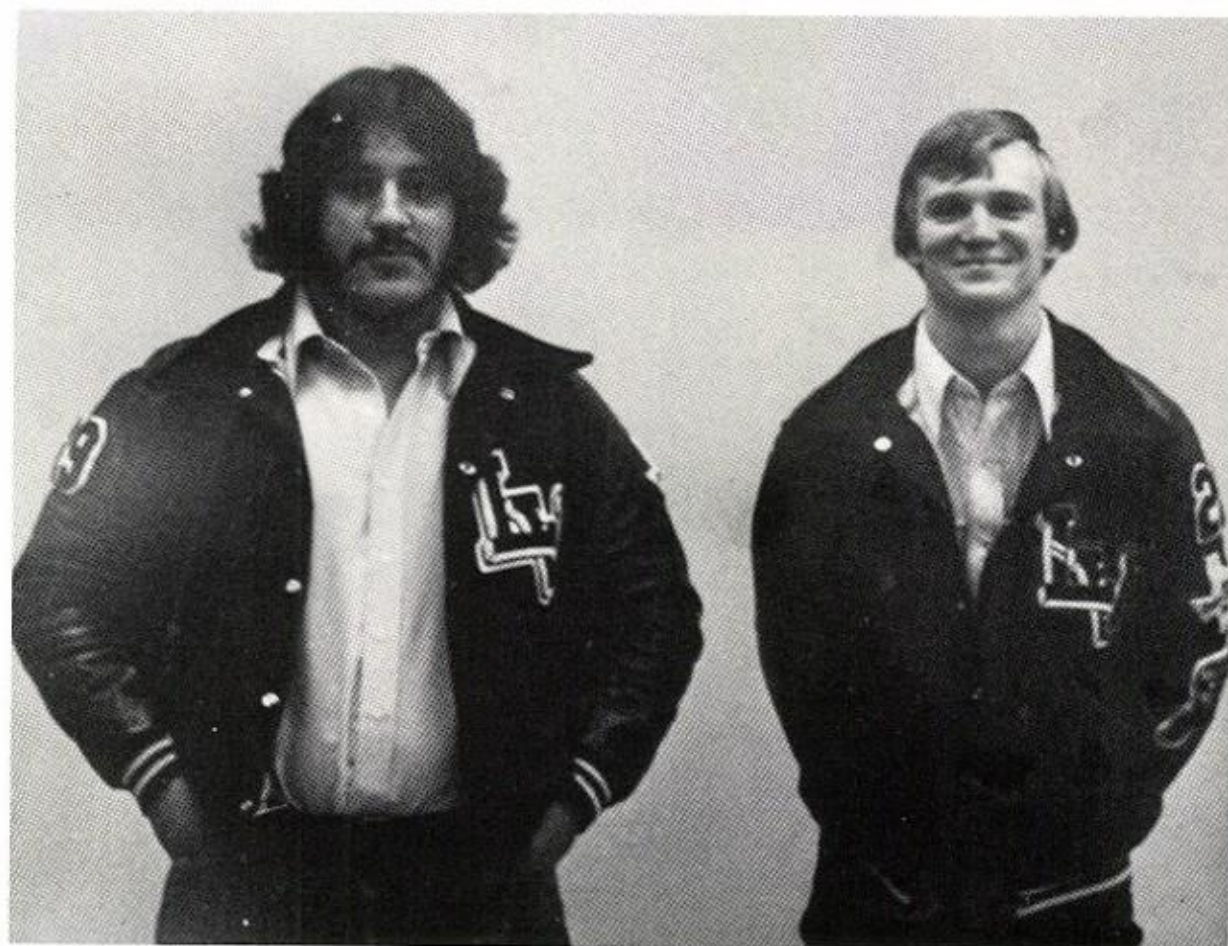

The team began working out after Christmas and played every afternoon after school throughout the spring.

"Tennis is a sport they can go with the rest of their lives," pointed out Coach Lopez.

"It is something they can get out and enjoy any Sunday afternoon," he added.

Stand-Outs Nab Athletic Awards

Athletes at Lake View earned many honors in their District 3-AAA titles.

Sponsored by Nathan's Jewelers, the Nathan's award went to John Maberry for being an outstanding individual on the varsity

football team.

Teammates honored Gary Speck and Maberry as outstanding backs. The defensive players of the year were Greg Priddy and Sammy Lopez.

For outstanding lineman, the team chose Craig Kleypas. The KIXY award was given to Johnny Matheny.

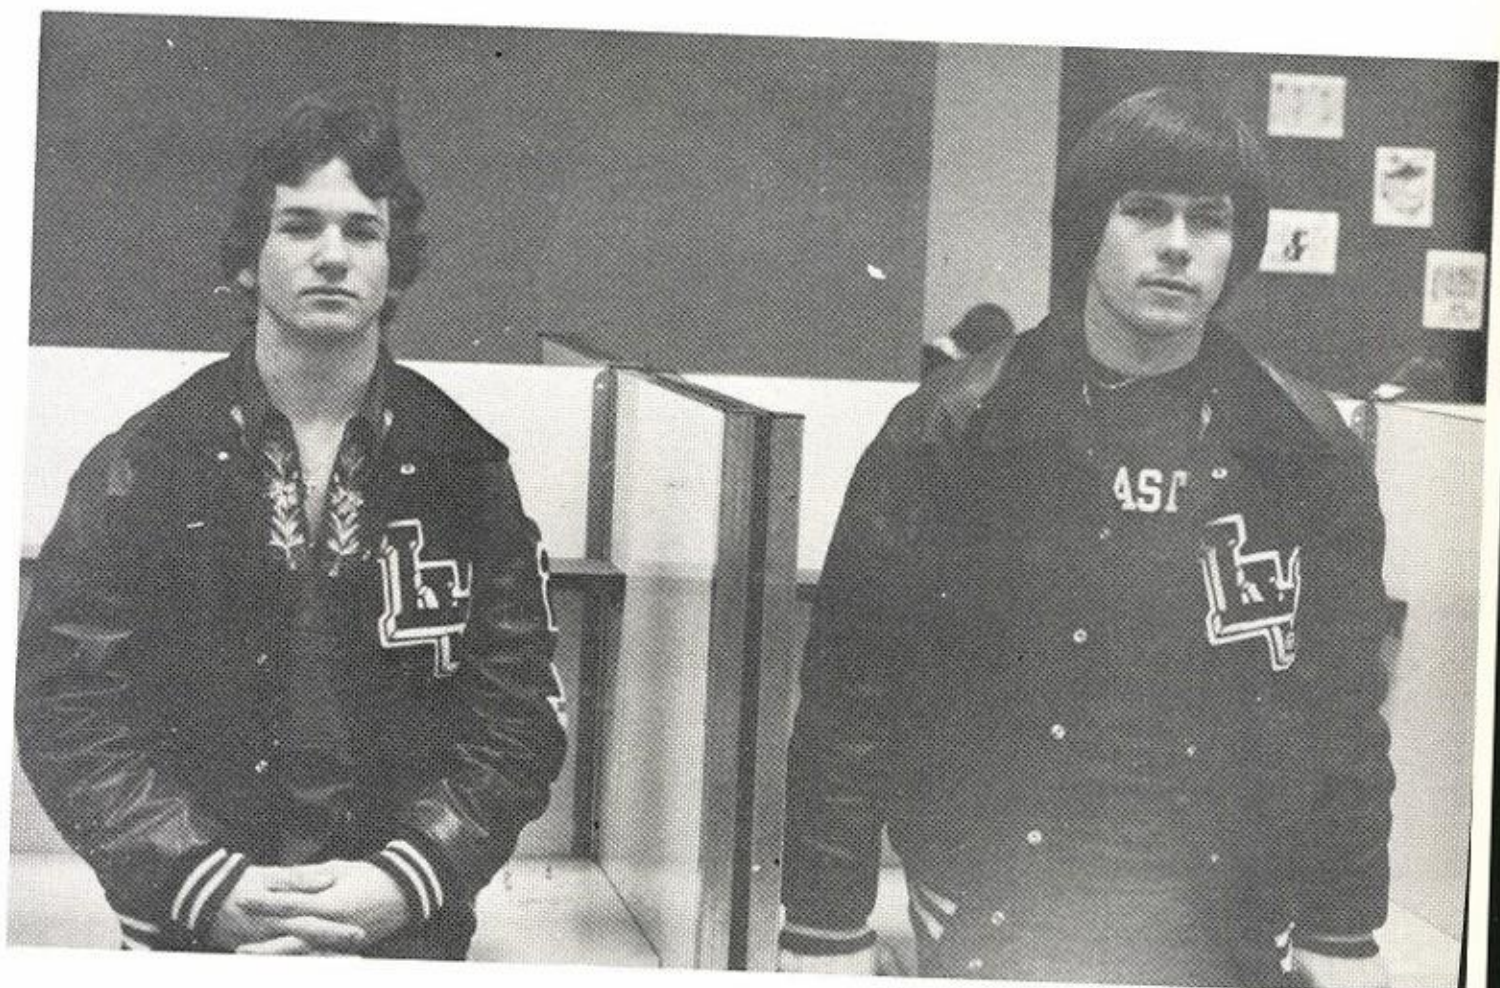

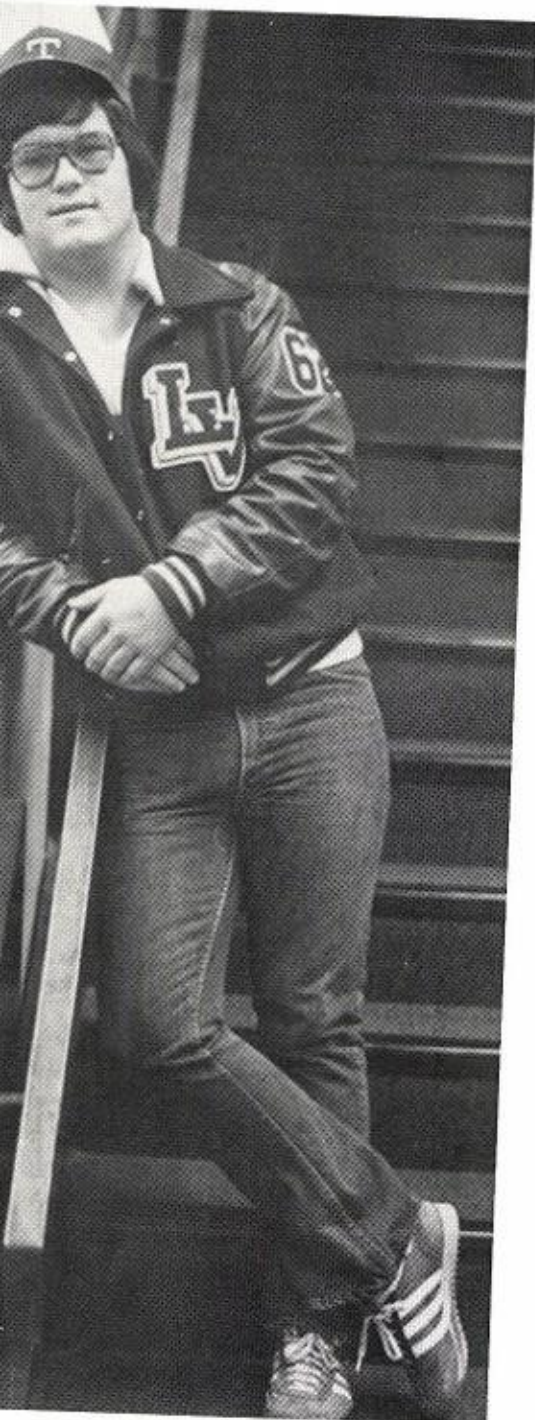

The Chief football squad chose Cyndi Holster as their football sweetheart for her spirit and support throughout the season.

In boys' basketball, contributions were awarded to Doug Martin with the Nathan's award. Captains included Lynn Cauley and Doug Martin.

The teammates picked Martha Ramirez and Reba Havlik as the basketball sweethearts for supporting the team.

In girls basketball, Vicki Bly received the Nathan's award and the captains consisted of Bly, Denise Davis and Kathy Munoz.

The girls basketball team chose Gary Speck as their beau.

Faculty

Regardless of what most students think, assigning homework and giving detention is not the only job of the teachers. These directors give us valuable information, participate in pep rallies and skits, help us through good times and bad, and mold our lives so that we can face society.

School Board Directs Policies, Priorities

Working with budgets, debating school issues, and establishing goals for quality education were tasks of the San Angelo School Board.

Lake View benefitted from the 6.8 million bond issue last spring which provided us with construction of the new gym located on the west side of the school.

These people directed the San Angelo Independent School District toward the road of progress.

Serving his twelfth year as

Lake View High School's principal was Mr. Herschel Duckworth.

As principal Mr. Duckworth carried out many responsibilities, from everyday problems to major conflicts in the school program.

Mr. Bob Meek, assistant principal, worked with absentee problems, tardies, and most disciplinary action that was involved with everyday life.

Bristo, Hooker Give Guidance

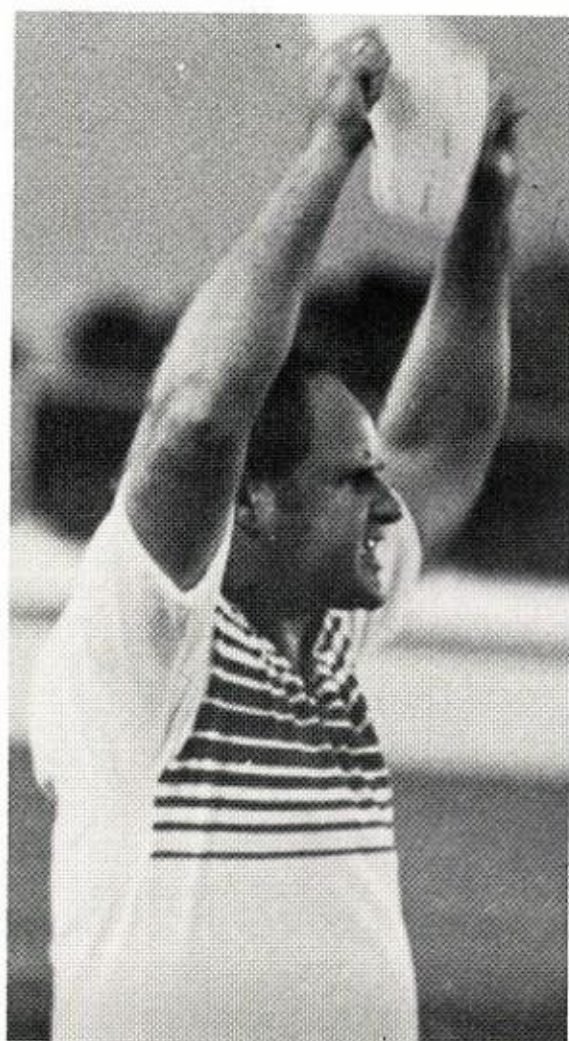

Providing guidance in areas ranging from personal counseling to scholarship information was the task of the counselors, Mr. Jerry Bristo and Mr. Charles Hooker.

Mr. Hooker, academic counselor, and Mr. Bristo, vocational counselor, offered their assistance to students who requested it or had special problems.

Coach Clovis Hale, head coach and athletic director, resigned January 16 to be offensive line coach at North Texas State University.

After five seasons of building up victories and two winning district titles, the man who united the Lake View Community took the college coaching position which was his stated "dream" in life. His Lake View record was 38-14.

Coach Jim Slaughter was appointed by the school board to fill the vacated slot Jan. 20. Slaughter had been defensive line coach since coming to Lake View with Coach Hale in 1973.

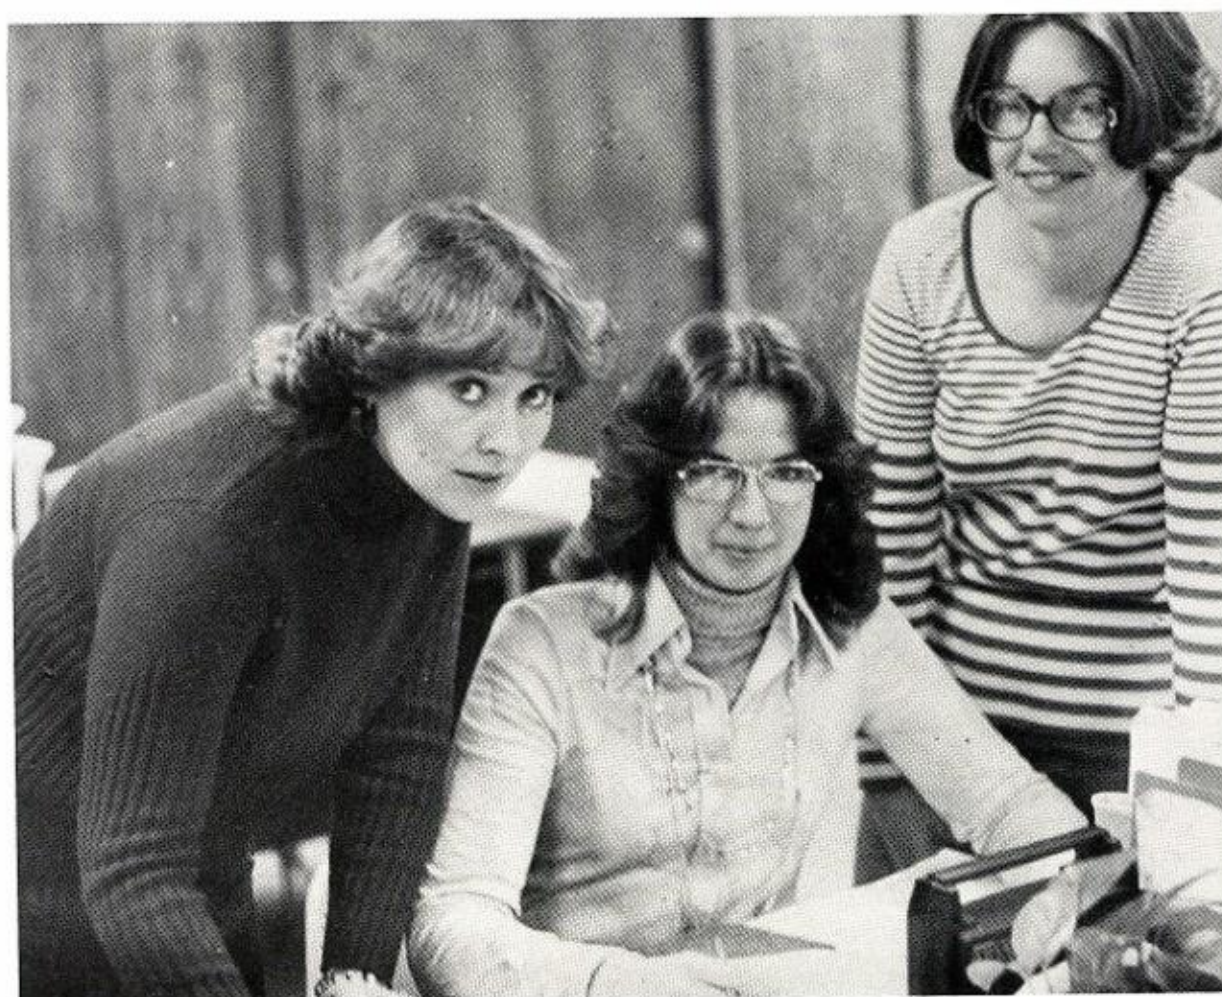

Secretaries, Aides Give Assistance

Behind all successful administrators are hardworking secretaries; behind the teachers are their aides. Mrs. Maxine Dendle, receptionist, Mrs. Betty Arnold, attendance registrar, Mrs. Charlene Cauley and Mrs. Pat Crowley, administrative secretaries, and teacher aides, Mrs. Dawn Barnes, Miss Sandra Paschal, and Mrs. Gay Turner, work hard to keep the school running smoothly.

Students Pick Capps Teacher of the Year

Mr. Ken Capps, biology and chemistry instructor was chosen by the students as Teacher of the Year for 1978.

This was his first year teaching, and he became involved with everything that was happening.

He took up tickets and sold tickets at the football and basketball games.

He sponsored the Key Club,

the Jr. Class, dances, line ups, and the concessions at basketball games.

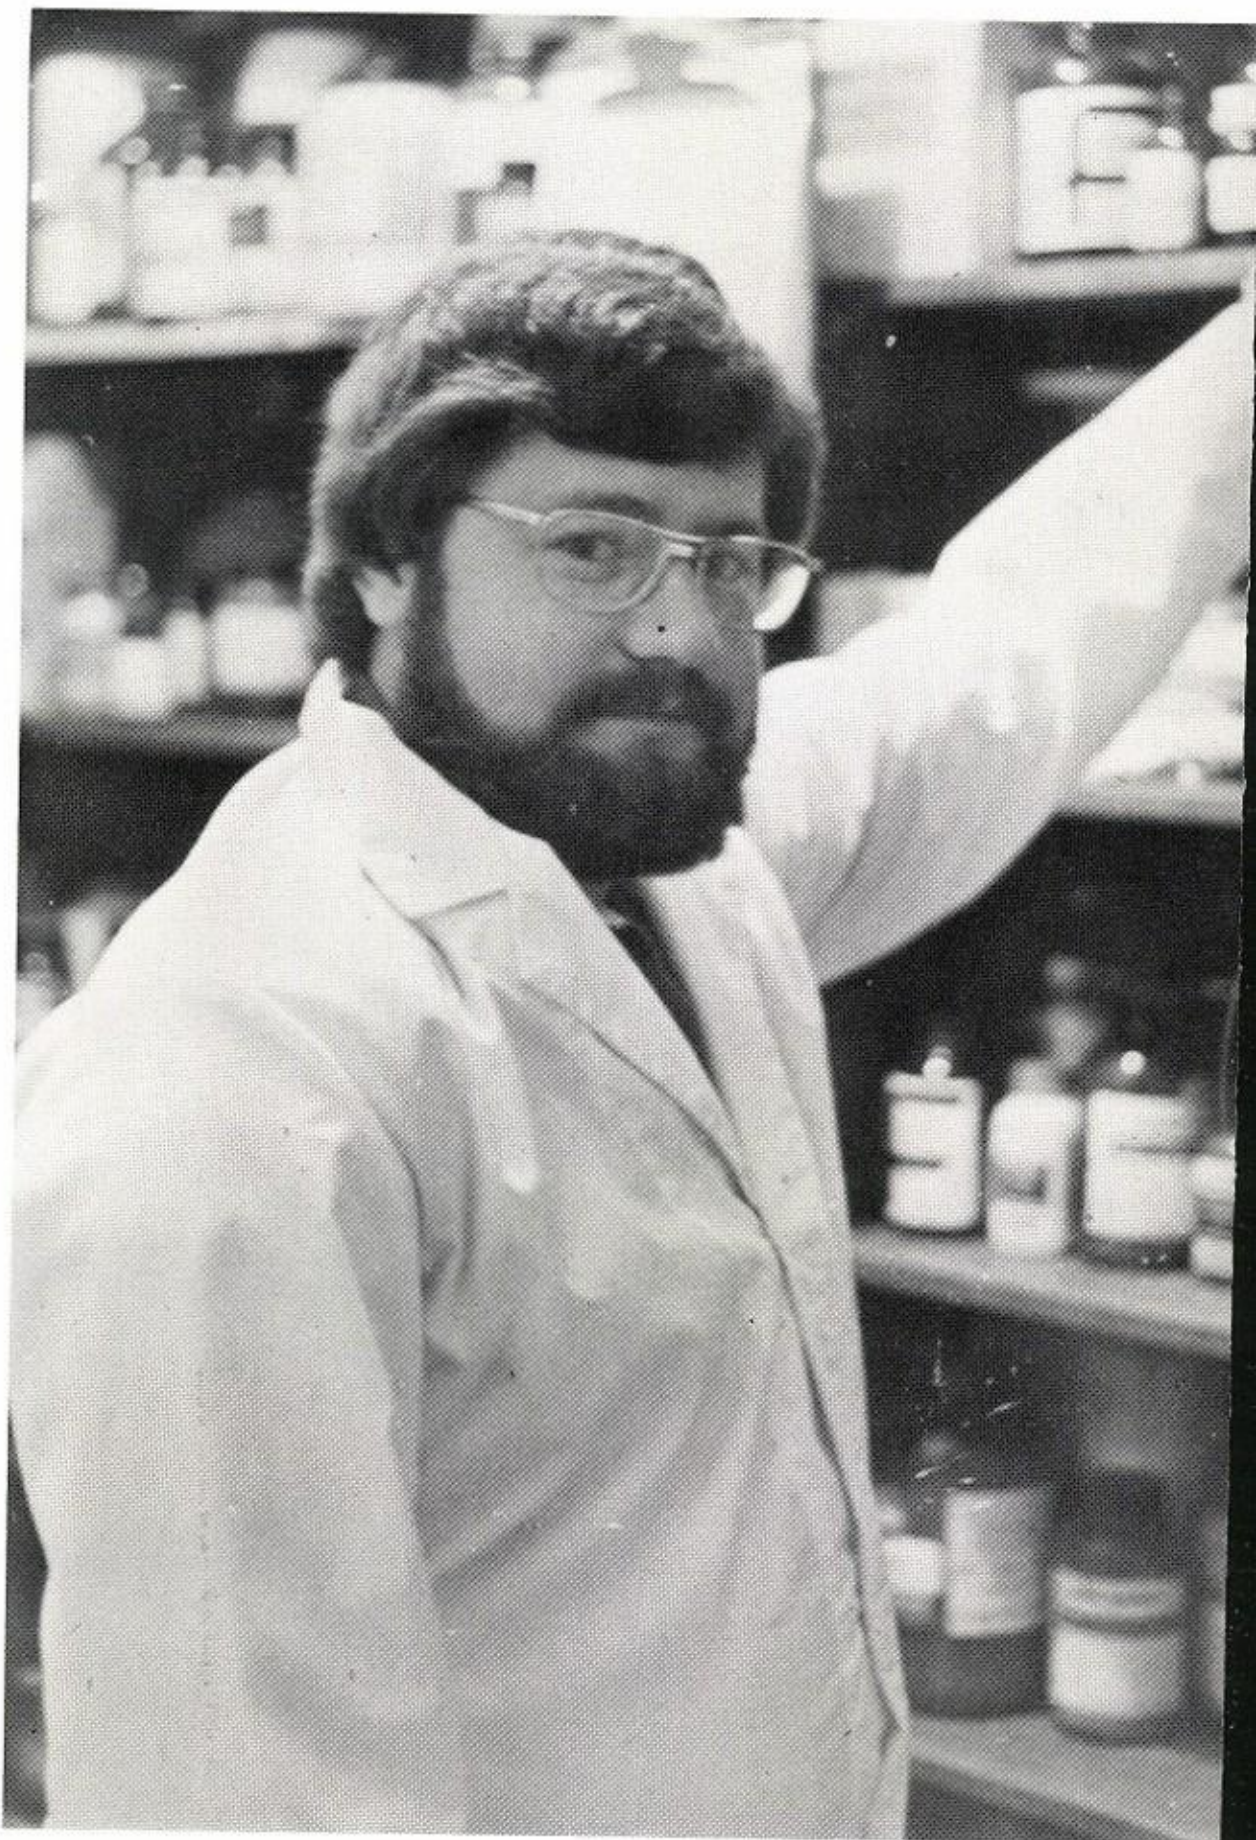

He even went as far as dressing up as Santa Claus in the Christmas program.

Taking it as both a surprise and an honor Capps was chosen for involvement, personality, attitude, and most of all his teaching.

Plays, Proms Sales Fill Teachers' Time

What do the teachers do when the bell rings? A look at the lives of the teachers out of the classroom produced surprising results.

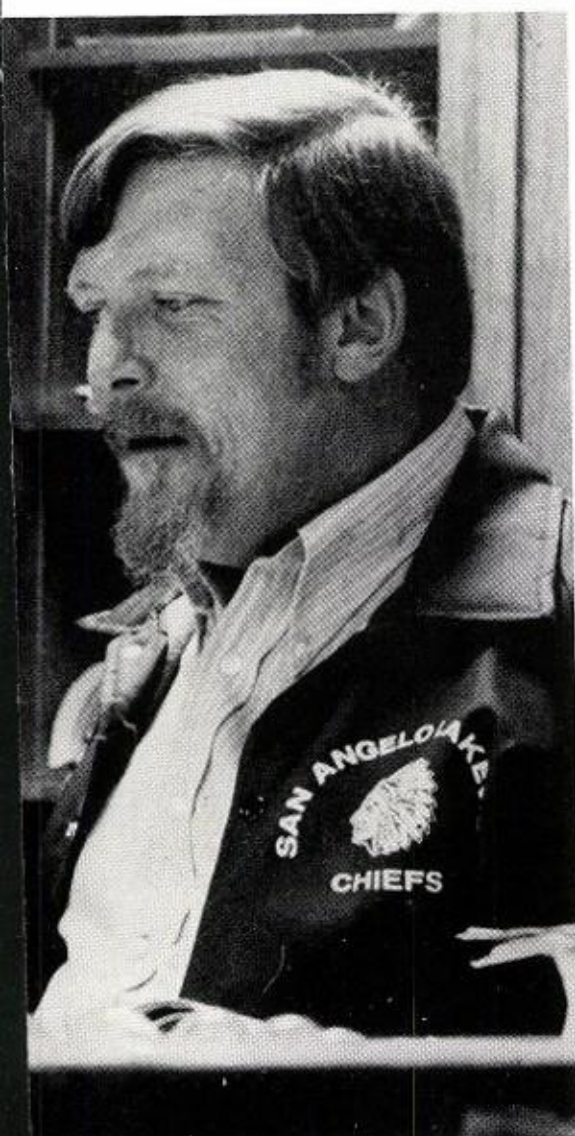

Some teachers played in the volleyball game while others cheerlead on the side. Representing each class, several teachers did cheers to boost the spirit at impromptu pep rallies.

The bonfire and the school dance were other homecoming

activities they became a part of.

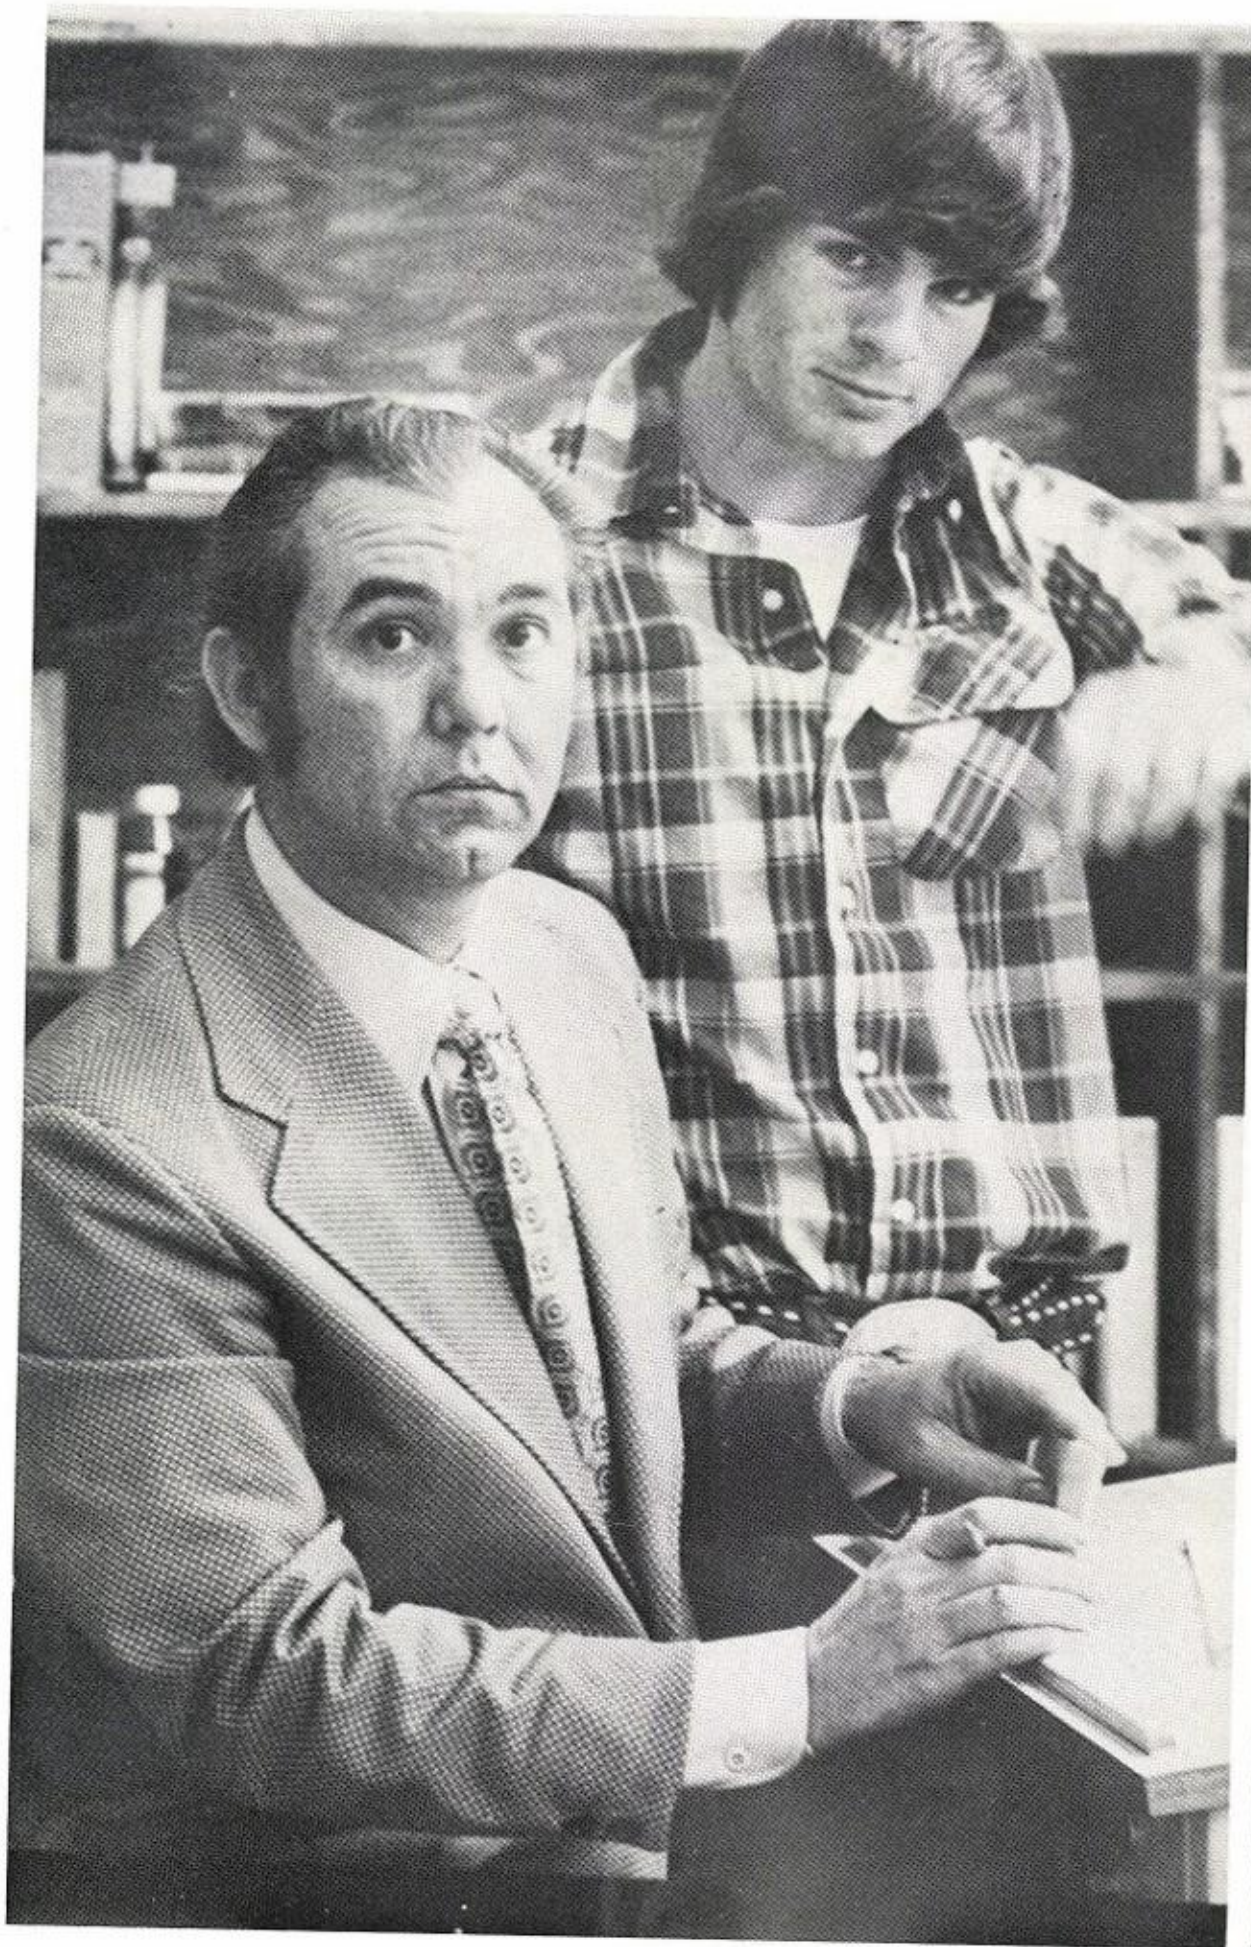

When the spirit was needed the most, teachers stepped in and helped out with the Bi-District parade and courthouse pep rally.

But, let's not forget all the Saturday car washes, bake sales, UIL meets, athletic contests, bus trips, workshops, proms, plays, banquets, assemblies, slide shows . . . and of course, lesson plans.

Nouns, verbs, and adjectives were a part of the grammar exercises brought out by the English teachers.

Reading, literature and writing compositions were other aspects of the required courses.

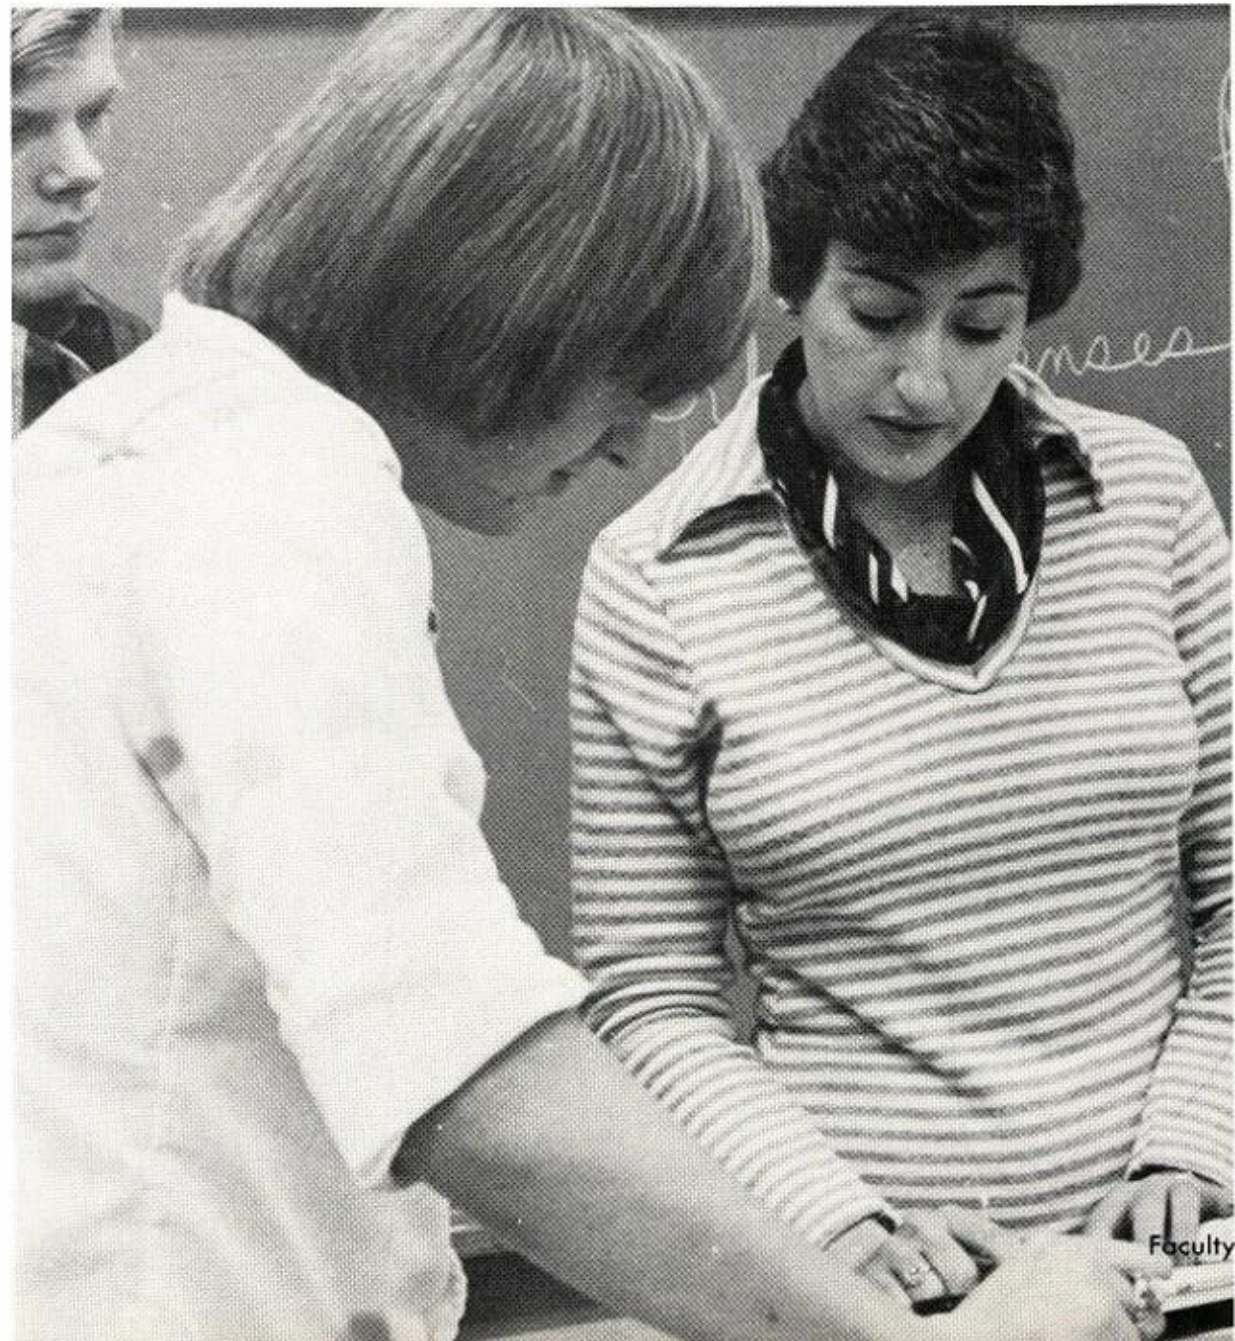

Another language taught at Lake View was Spanish. Students

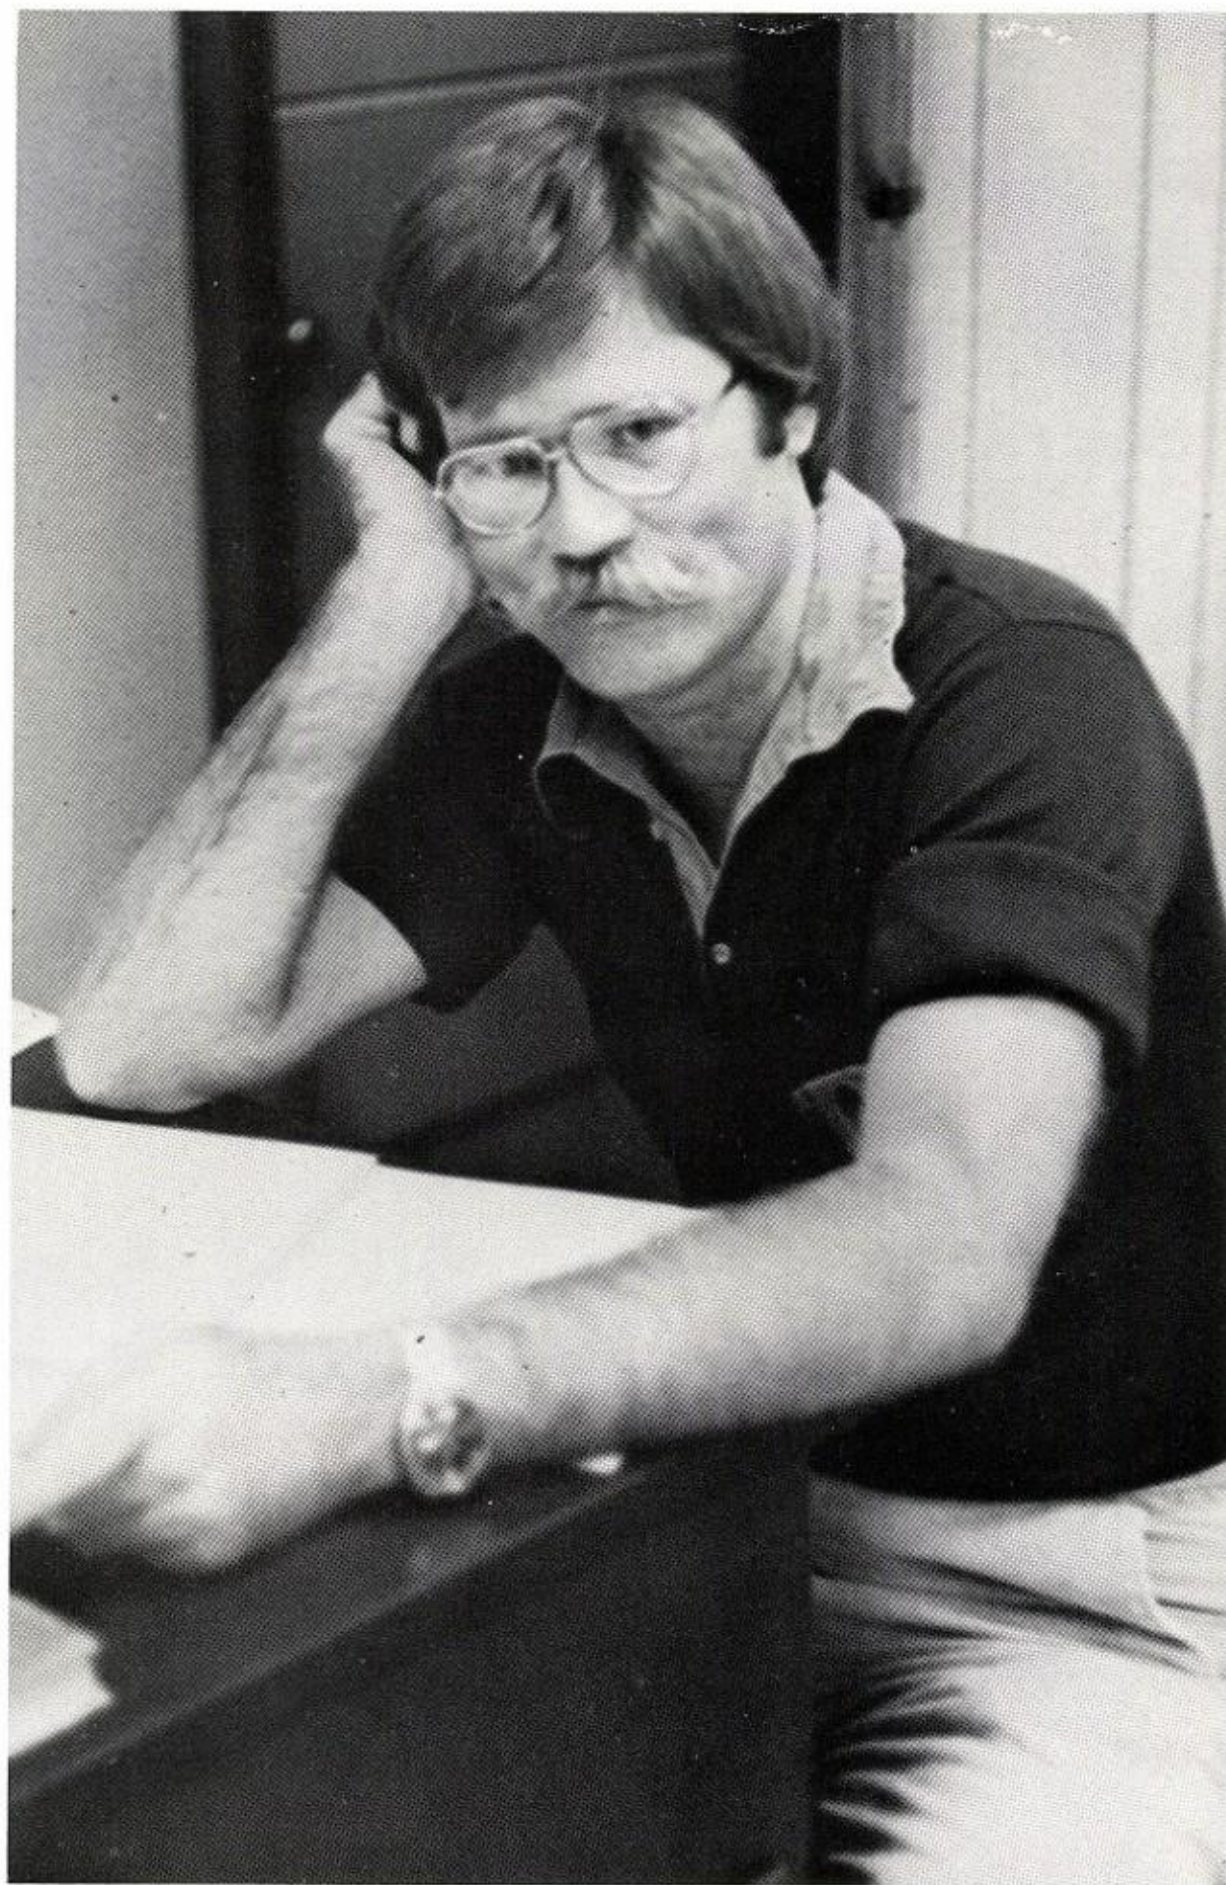

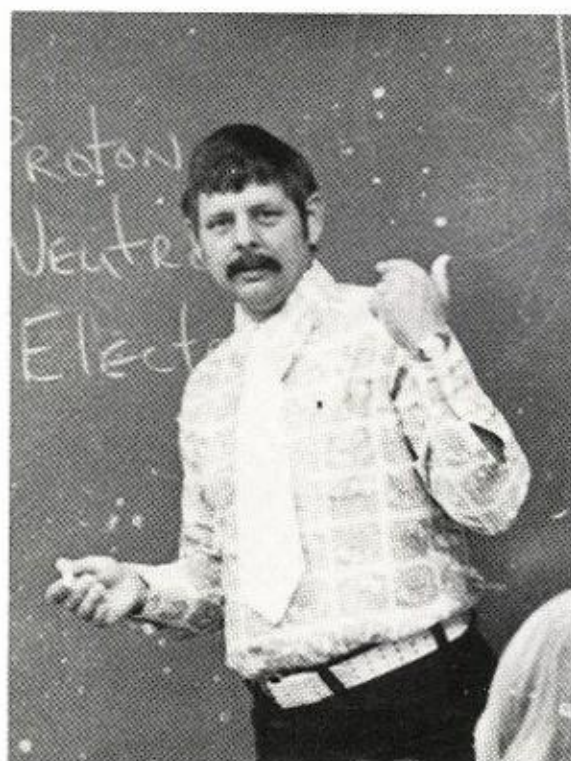

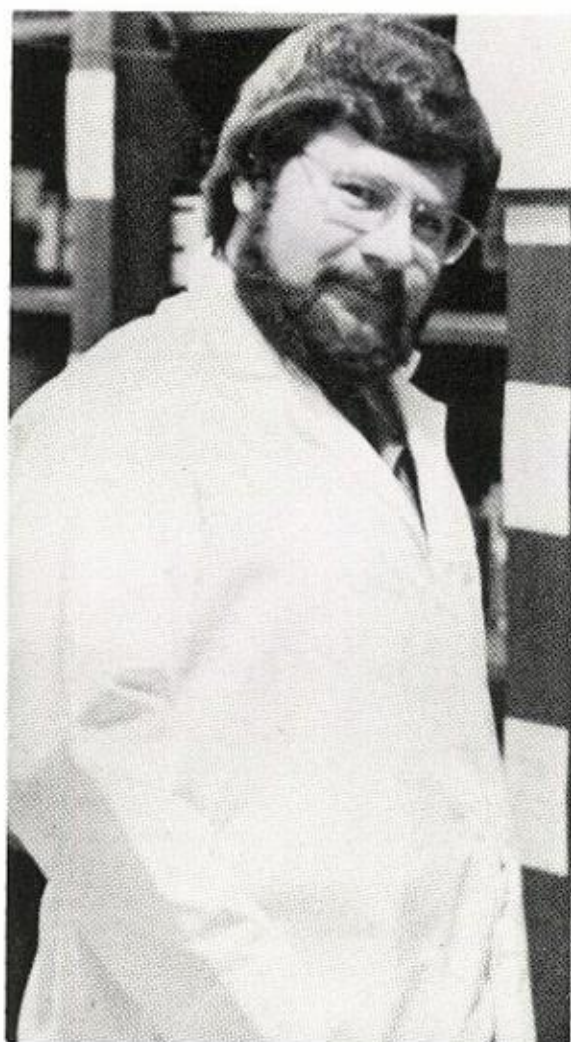

found out that a second language could be helpful throughout life, as there are job opportunities for people who are bilingual.

Those who need special attention in classes were also provided with help in the Resource Classes.

Science Dept. Gains New Staff

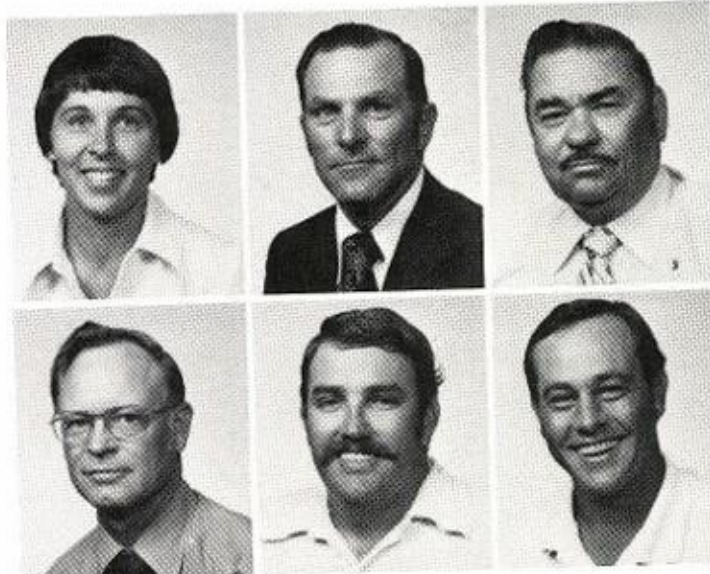

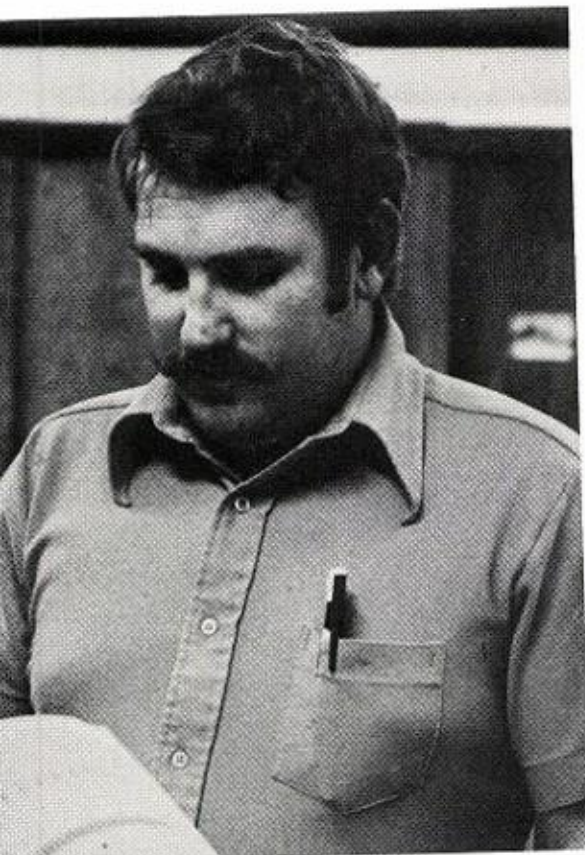

The science department welcomed several additions to the class room. Mr. Jerry Johnson, head of the department, Mr. Ken Capps, Mr. Joe Schriever, Mrs. Jann Stein, and Mrs. Debbie Kelley formed a totally new department.

These new teachers offered courses of different areas including biology, chemistry, physics, and physical science.

Experimentation and discovery answered many of the questions that were set in the minds of students at an early age.

Working with proofs, theorems, and equations were little compared to the larger focus in the complex math world.

Science and Math both challenged and added to the minds of the young.

Speech, Music Develop Talent

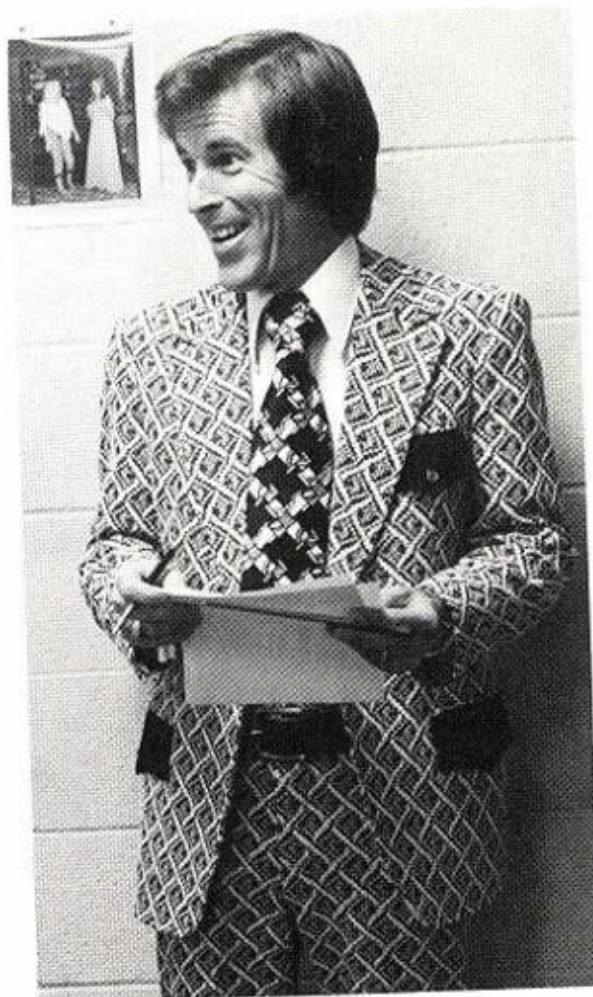

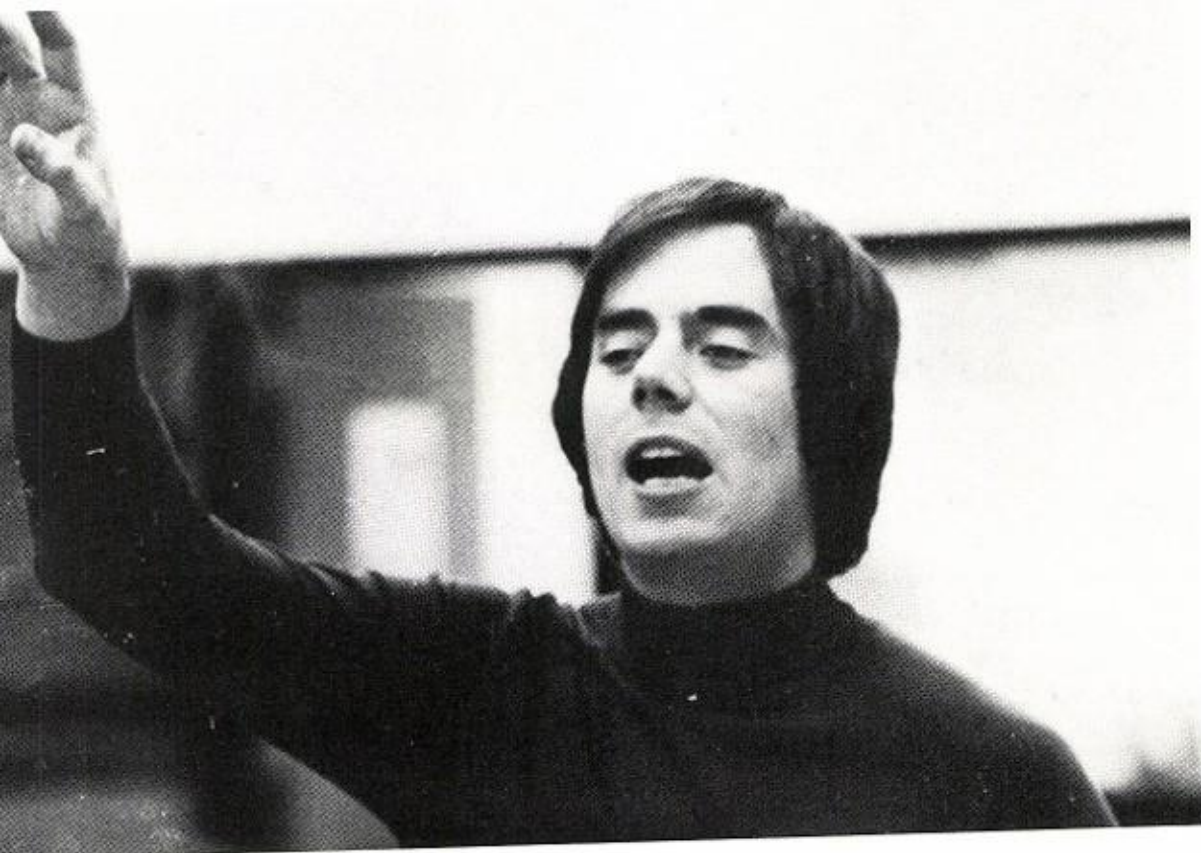

The Speech classes developed many new public speakers and covered quite a bit of talent as the year rolled on. Drama presented several plays. Following the yellow brick road was the acting for "The Wizard of Oz," which was performed for area elementary schools.

The humorous and the spooky were settings for other plays, along with yearly drama films.

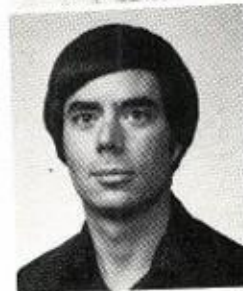

Teaching students about governmental affairs, including voting, structure and backgrounds were important jobs of Mr. Frank Simpson and Mrs. Cindy Slaughter.

American History and World History teachers taught how our country grew and the reasons for it.

Mr. Jerry Gowler directed young musicians in the classroom in vocal techniques, reading music, and sight reading this year.

Creativity Developed in Electives

Art classes brought out the creativity that might have been hidden forever through a variety of techniques.

Painting, charcoal sketches and abstracts were used to bring out each student's different creative talents.

This year the art room broadened with more space by removing a wall that once kept the room cramped.

From drawing to writing, journalism took its duties and put the students to work.

The battle of meeting deadlines of both the yearbook and the bi-weekly Pow Wow were the important goals of the publications.

This class offered a chance to present written and pictorial ideas on paper.

Home economics and home and family living were offered to give boys and girls skills in not only running a home, but making wise decisions about marriage and money.

Library, PE, AV, Health Offered at LV

"Knee bone connects to the shin bone," many students are learning this type of study for two quarters a year in health class. Taught by Coach Suzie Hagar, Coach Felix Lopez, Coach Paul Stein, Coach Jim Slaughter, and Coach Kathy Wadley, all aspects of body structure and care needed for a healthy body were continuously drilled in their students' heads in an hour course. These five teachers were also PE teachers and coaches for various athletic programs.

Taking care of the large number of books in the Lake View library, Mrs. Billie Eckles hardly had time for reading one of those good novels. Instead, she was filing books and making overdue slips out.

To keep the audio-visual room intact, Coach Tom Fambrough worked diligently in the mornings as director of the A.V. room. The rest of his busy day was devoted to coaching various athletic programs.

Vocational, Business Courses Offer Career Opportunities

Many commercial career opportunities were offered to business and vocational students through a variety of courses.

Among these classes were Typing I and II, Shorthand, and Printing. Others were Pre-Voca-

tional Office Education, VOE, Distributive Education, and Coordinated Vocational Academic Education.

Pupils in these classes were involved in everything from run-

ning an offset press to operating an adding machine to sales merchandising.

Students in DE, CVAE and VOE also worked in part-time jobs as a part of their training.

Construction, Machinery Taught in Vocational

Working with construction of houses and general cabinetry, were a part of the Construction Trades classes.

This class, located at Lincoln Jr. High, provides invaluable training in all aspects of the construction field.

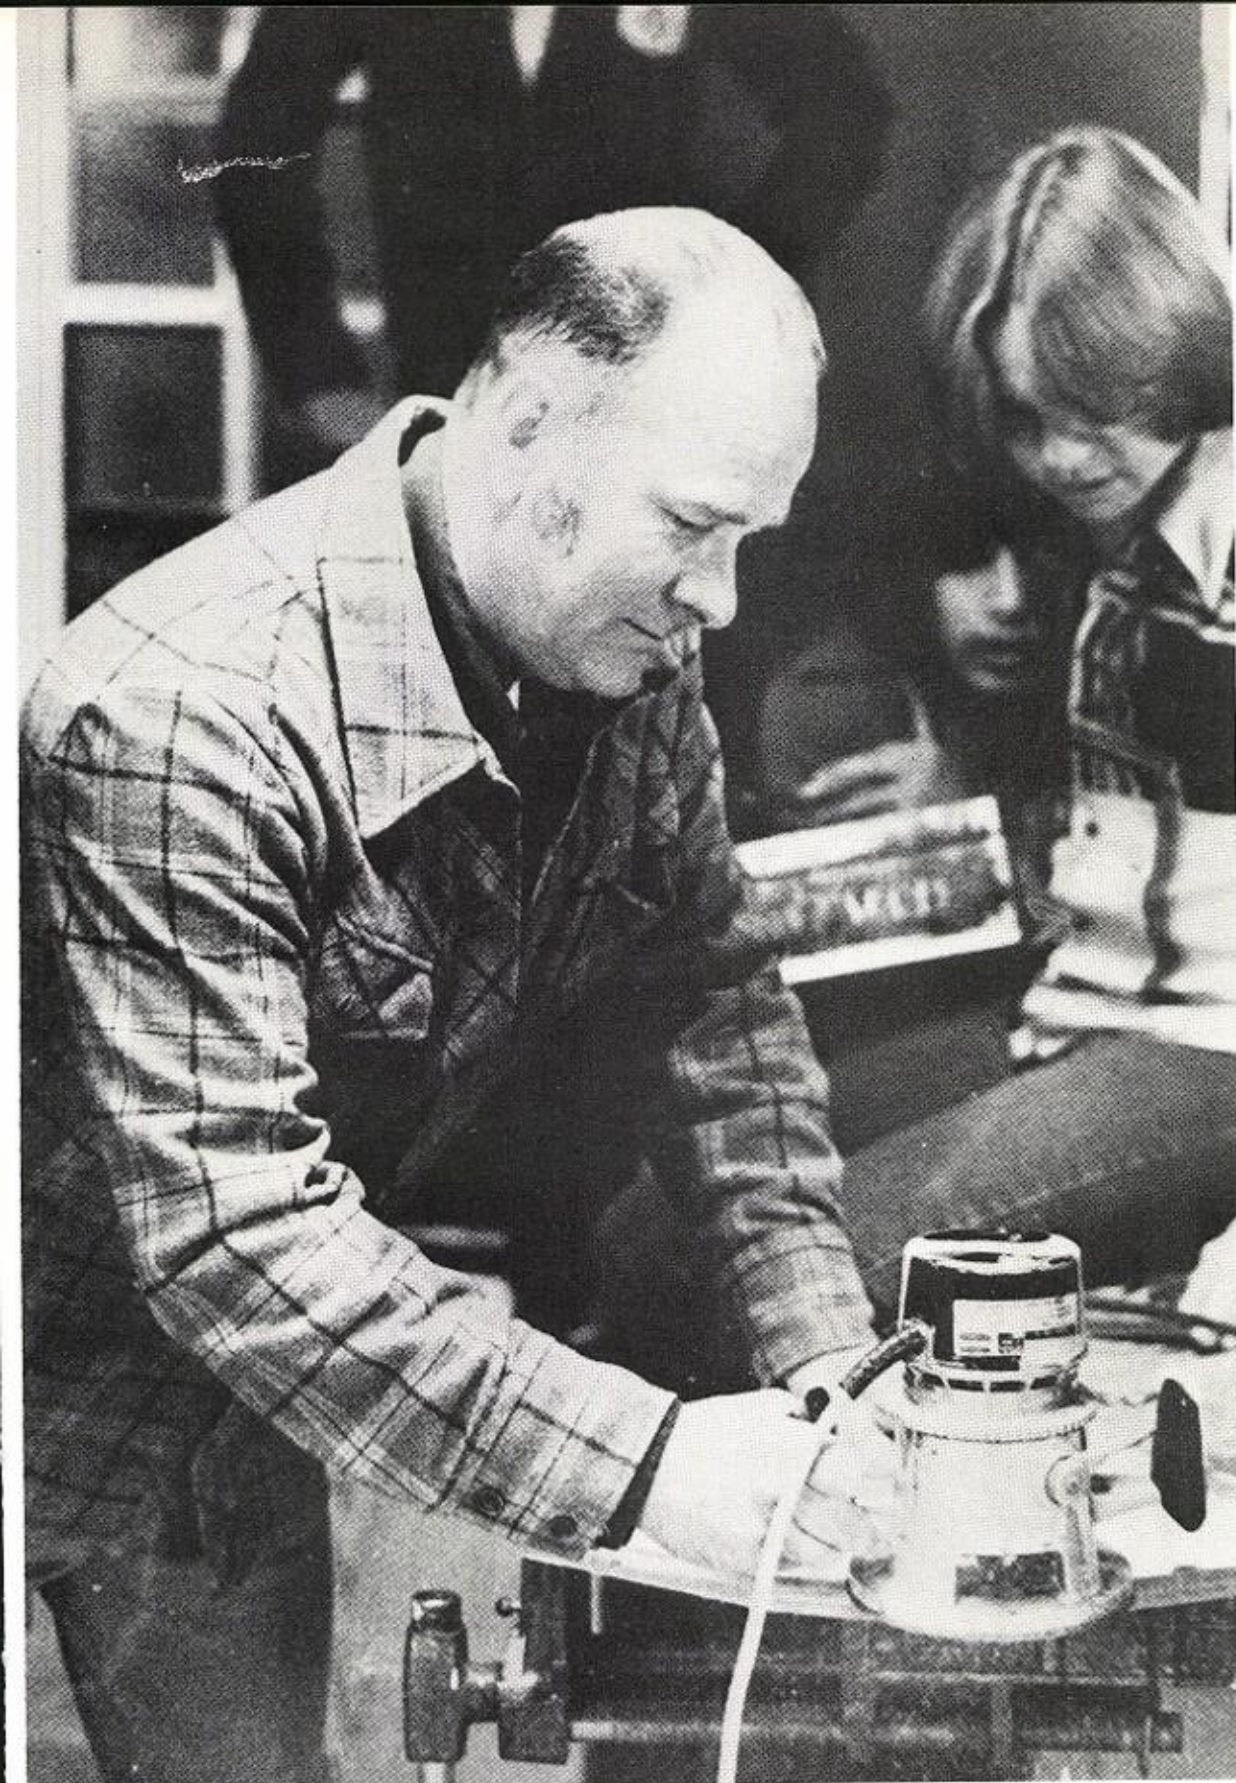

Repairing machinery, learning car parts and repairs were a part of the Mechanical Trades class, also at Lincoln.

The Engine Repair course carried out the skills of repairing cars, including everything from a radiator to the axle.

The anatomy of animals highlighted the Ag class. Learning to care for animals and show livestock were the important concerns carried out throughout the year.

Learning the techniques of upholstery and other commercial sewing were included in the Clothing Service course.

Custodians, Food Service Provide Care

Anyone who has had the job of cleaning up after others understands the tough breaks the custodians get. Tough or not, somehow they managed to keep the entire school presentable.

Serving over 1,000 people Monday through Friday, the cafeteria and snack bar crews worked hard to prepare a variety of nutritious diets.

Participation was the key word of any organization or group.

Many new ideas were expressed this year as new memberships increased. Everyone became involved with banquets, dances, parades, contests, and other projects. Even one new club, the Junior Historians, was formed, and one of its first projects was to write the history of the school.

Supporting student interest . . . that was the main goal of the backers.

Cheerleaders Create Pep

"Pep," was the magic word of the varsity cheerleaders. Pep rallies, pep on the field, pep in the heart, Pep . . . Pep . . . Pep . . .

The varsity cheerleaders were elected by the students and attended cheerleading camp in Cisco for one week last summer.

All through the summer they spent time in two-a-days working with the Chiefettes during

practices, and giving out popsicles to the football athletes.

Most of the summer weekends were spent working in bake sales, car washes, and garage sales in order to pay for uniforms and equipment.

Special events for the cheerleaders included a pep rally at the courthouse, the bonfire, the bi-district parade and homecoming car caravan.

Junior Varsity, Frosh Leaders Boost Squads

"We're with you Chiefs so fight," one of the well known chants kept ringing from the mouths of the Junior Varsity and Frosh cheerleaders.

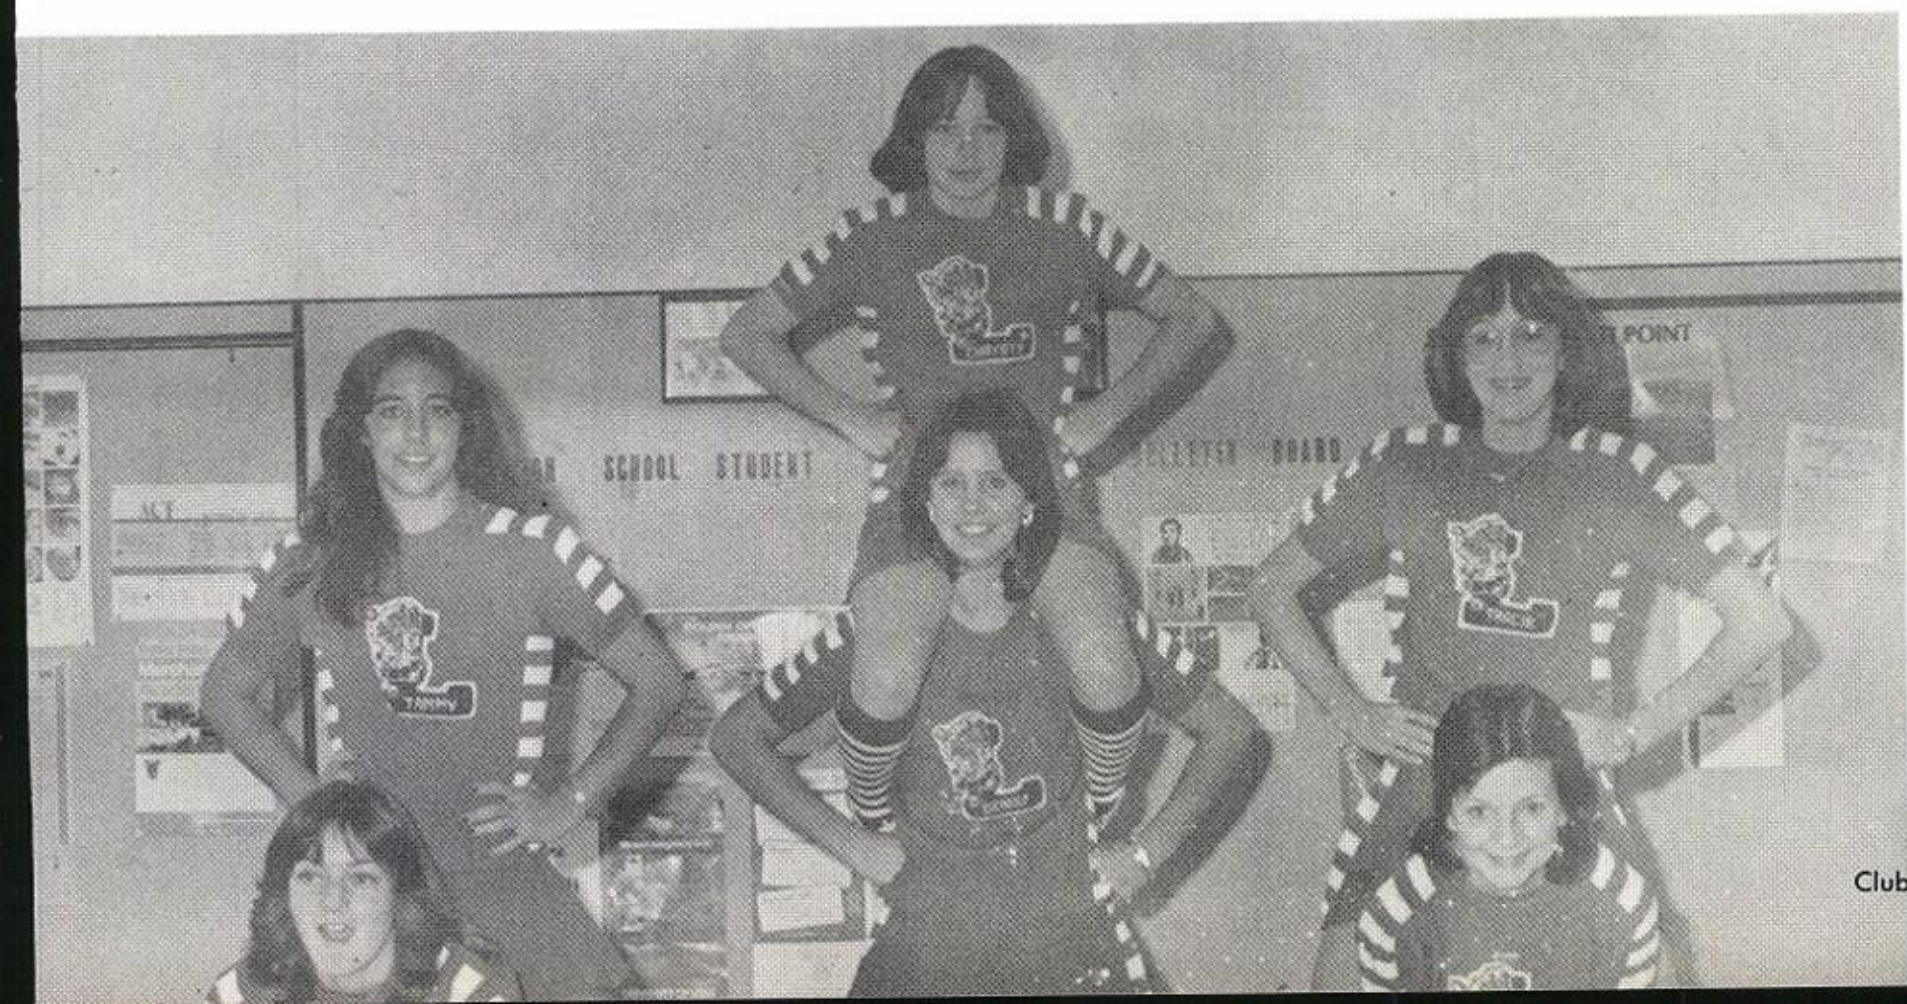

They added their touch by traveling to football games and boosting the Chiefs with their spirit.

Basketball was another event that called for their support.

Chiefettes Spark School Spirit

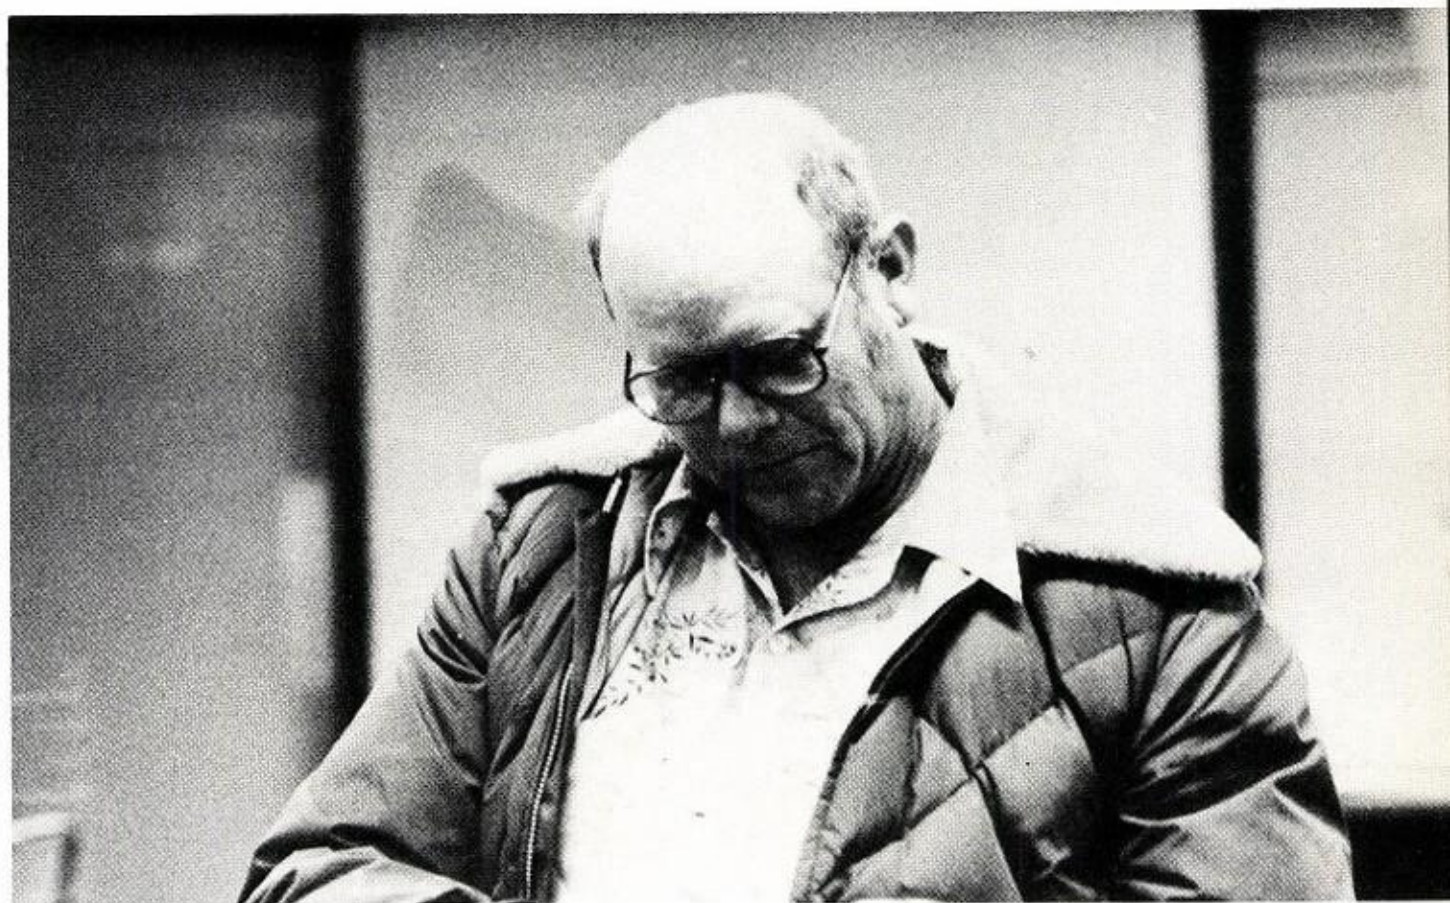

"Where does the spirit start?" One of the Chiefettes remarked, "I know where it started, bright and early every morning this summer, but I loved it!"

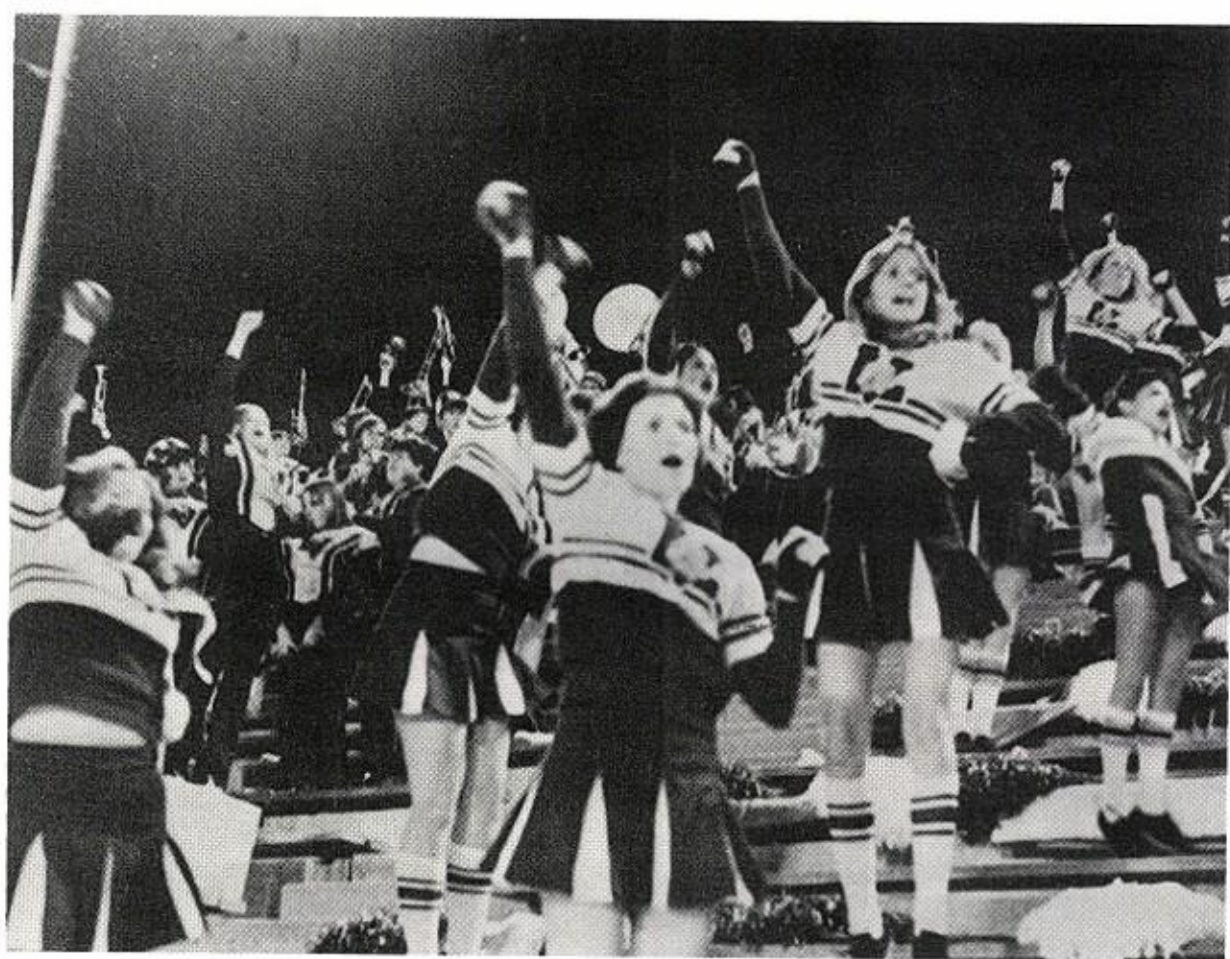

Rise and shine for two-a-days! The Chiefettes built up their own spirits and the Chiefs', too.

Selling booster club cards, jewelry, and barbecue tickets helped support the pep squad.

Traveling on buses, painting signs, wrapping the boys' houses were fun, but very time-consuming projects for the group.

Spirit-filled pep rallies and a homecoming half-time performance were experienced by the Chiefettes while backing the Chiefs to a second straight district title.

Parades, Concerts

Highlights Band

The 1978 Chieftain Band started this year off with 7 a.m. marching rehearsals last August.

Football games, pep rallies, the district parade, booster club meetings, and marching contests all spotlighted the marching band.

A Christmas concert, solo, ensemble, and concert contests were a part of the stage band's year.

Candy sales were the main means of raising funds for both

bands.

Two drum majors, a new band director, Mr. Jerry Gowler, and an assistant director, Mr. Charles Hargraves, were on the scene to help guide the members in their music.

SC Works for School Projects

This year untiring effort was put forth to keep activities circulating in Lake View.

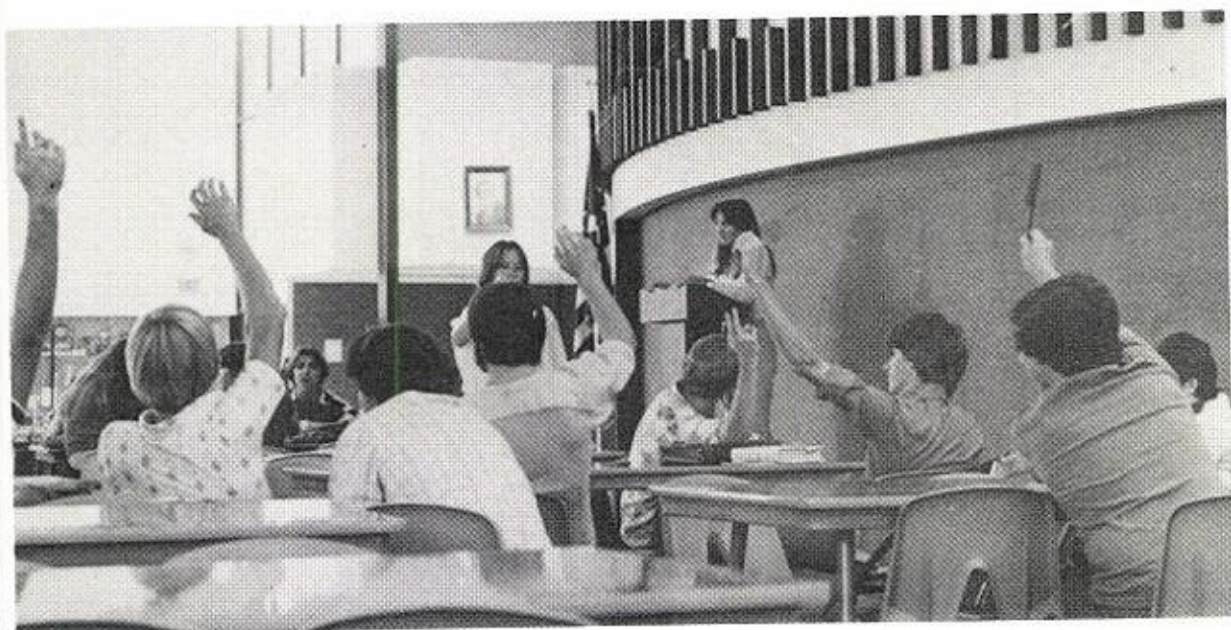

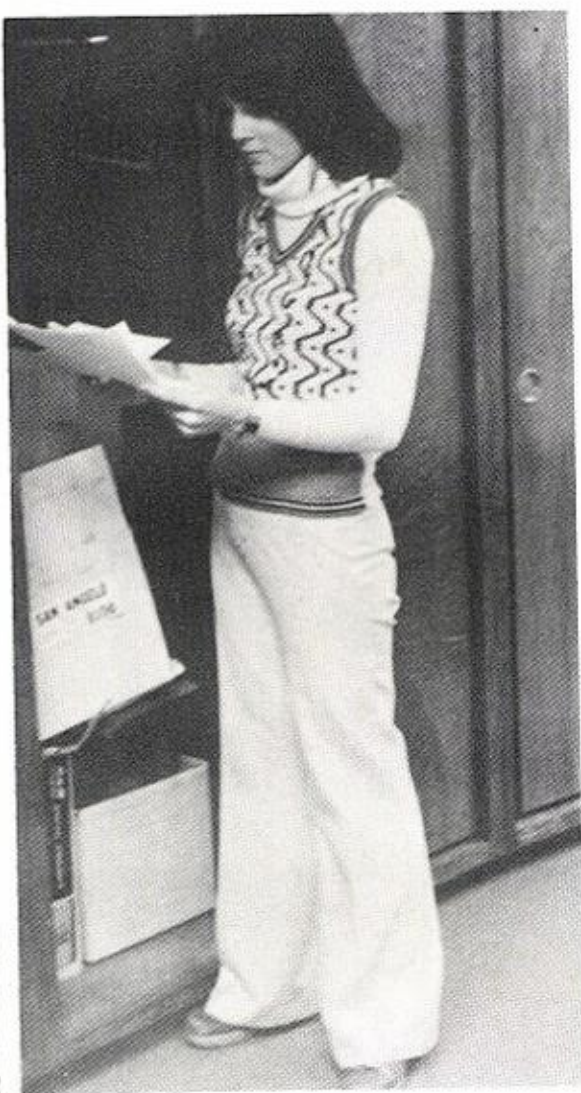

Assemblies, dances, (including a benefit dance), parking lot cleanups, and raising money for World Hunger were a few of the

many projects the Student Council members were involved in.

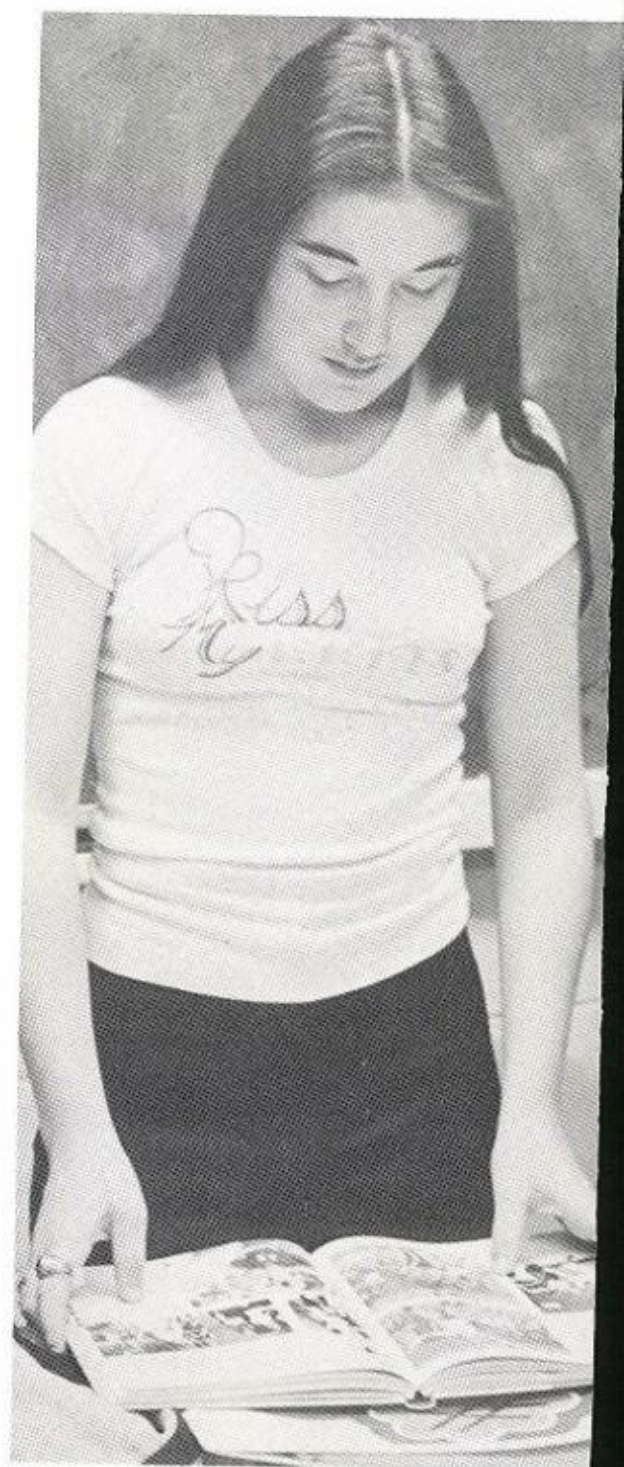

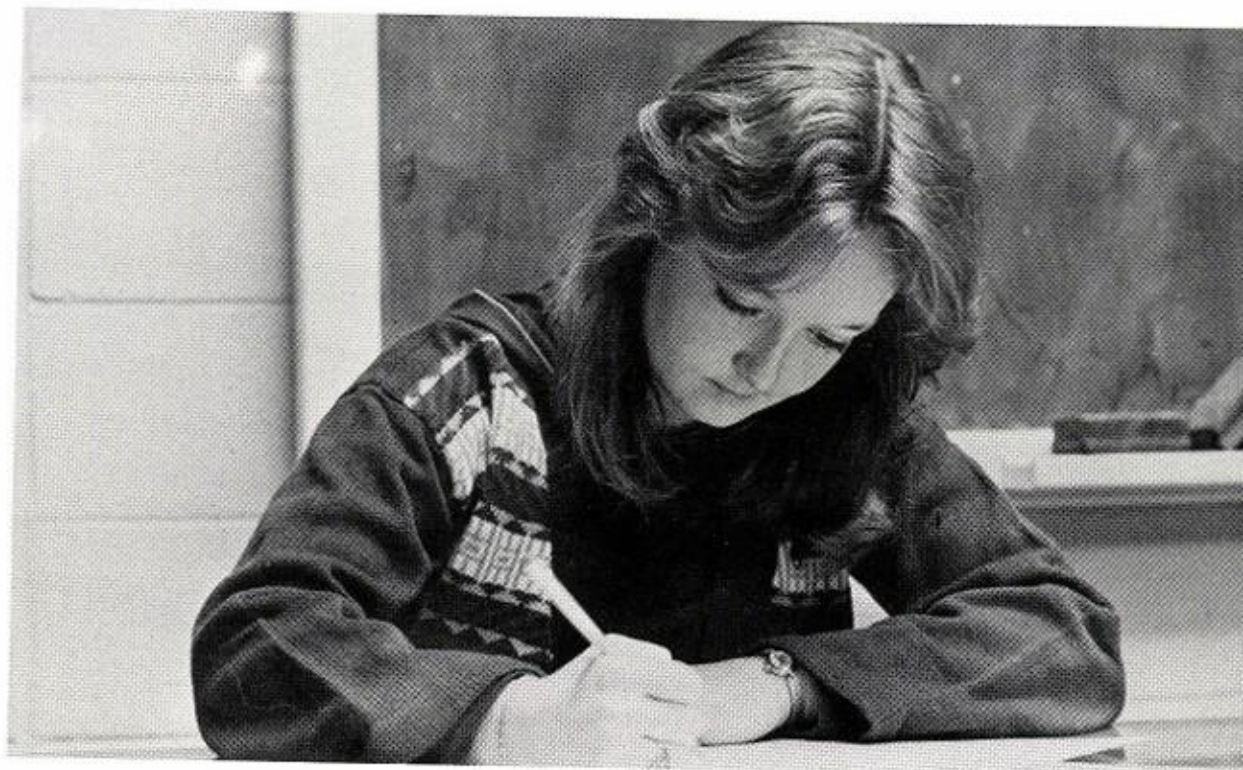

The 77-78 officers and sponsors attended the spring state convention where they learned how to carry out their new responsibilities.

ties.

The Lake View High School Student Council supported many activities with successful results by improving and exchanging ideas.

Yearbook Preserves Memories of School

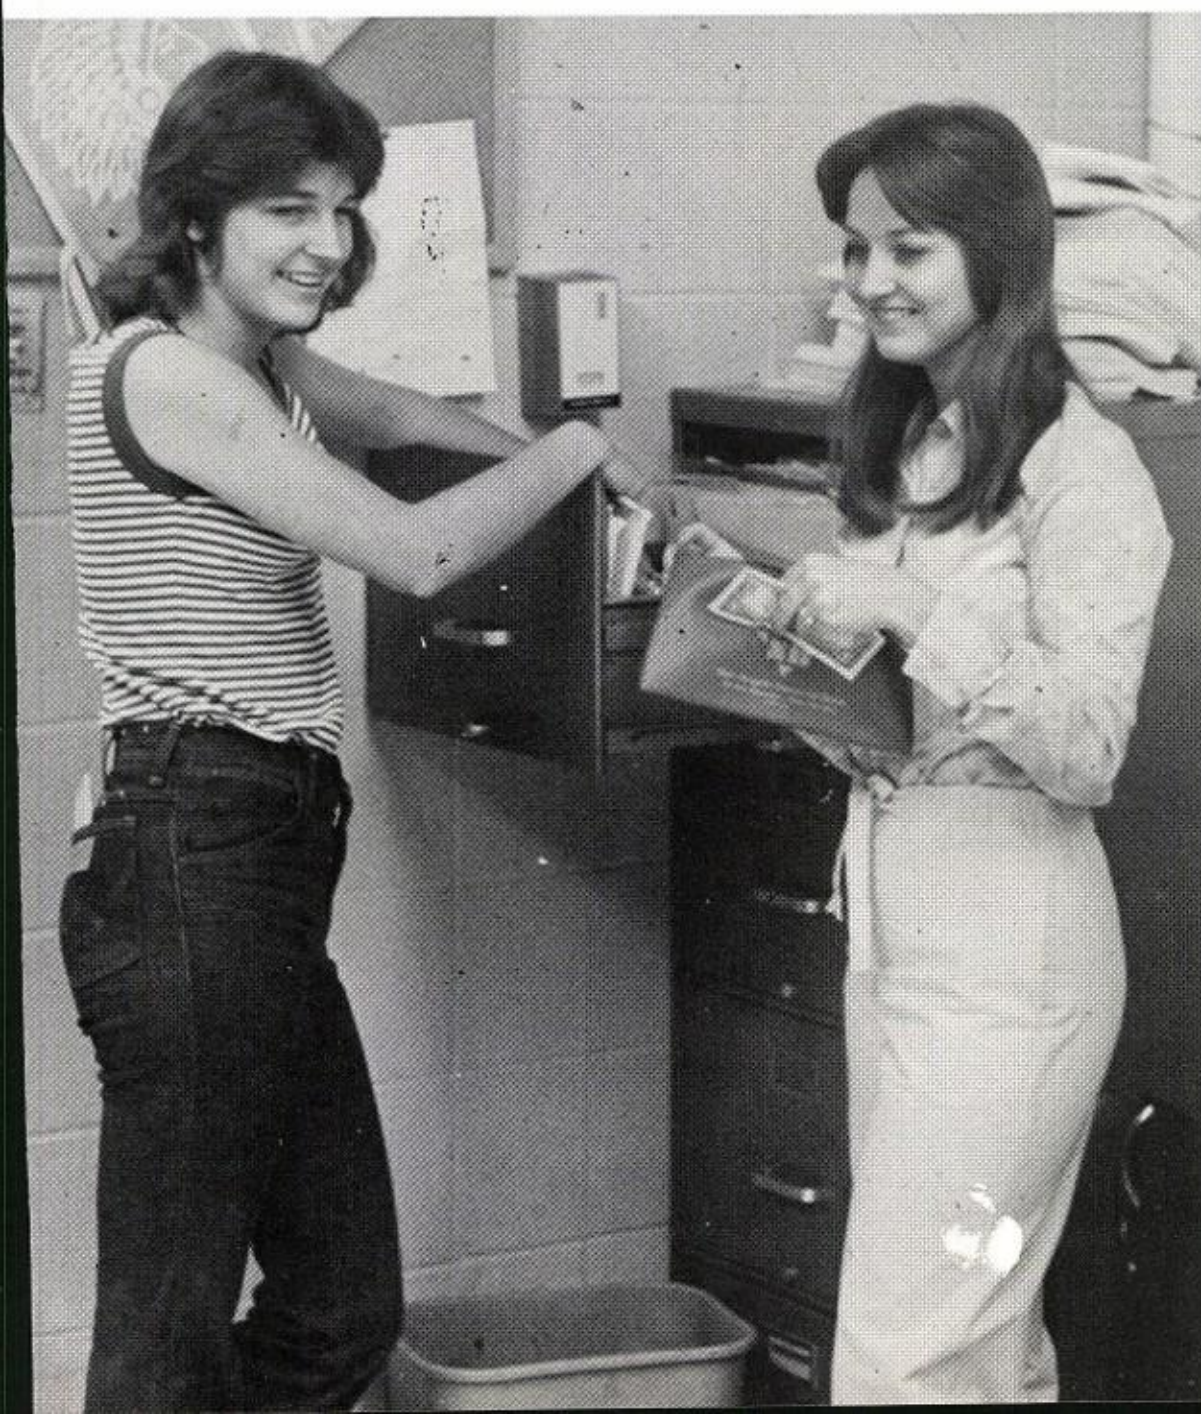

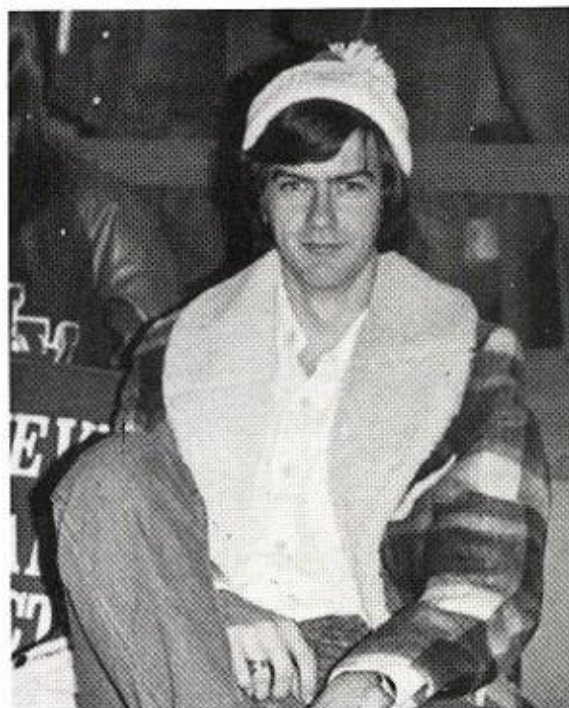

Preserving memories, and events, pertaining to the school year were the main goals of the Chieftain staff.

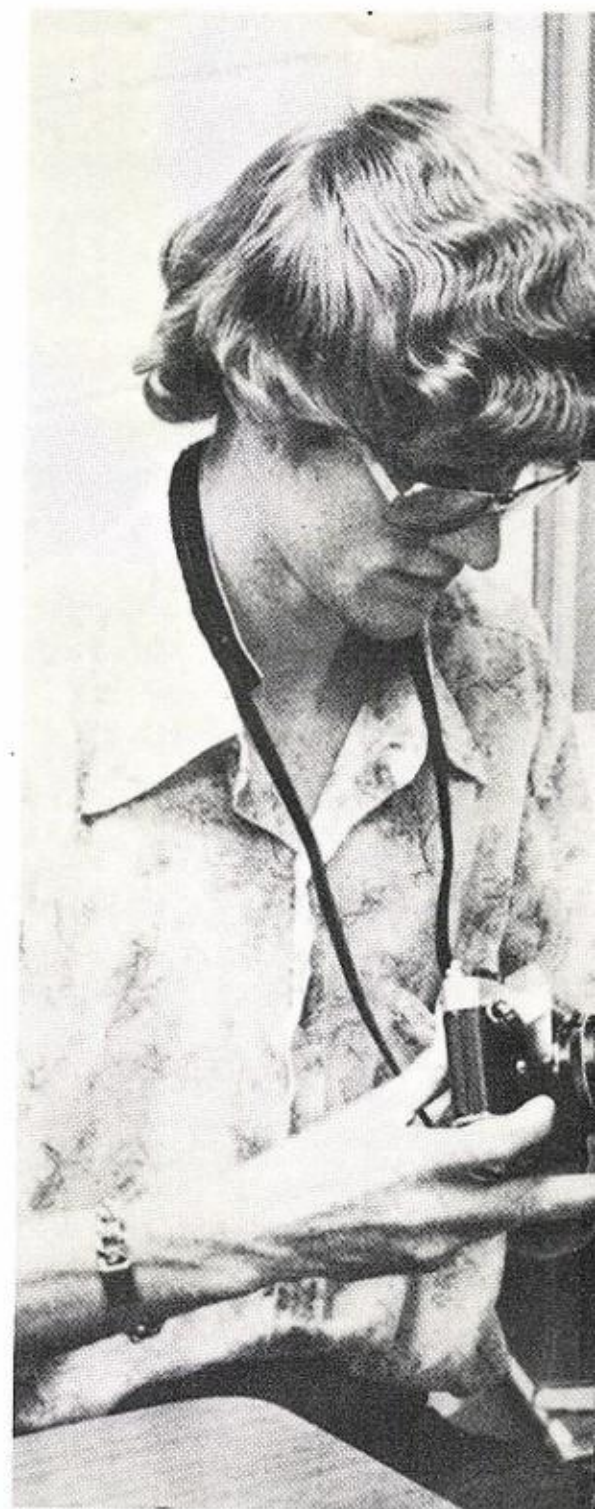

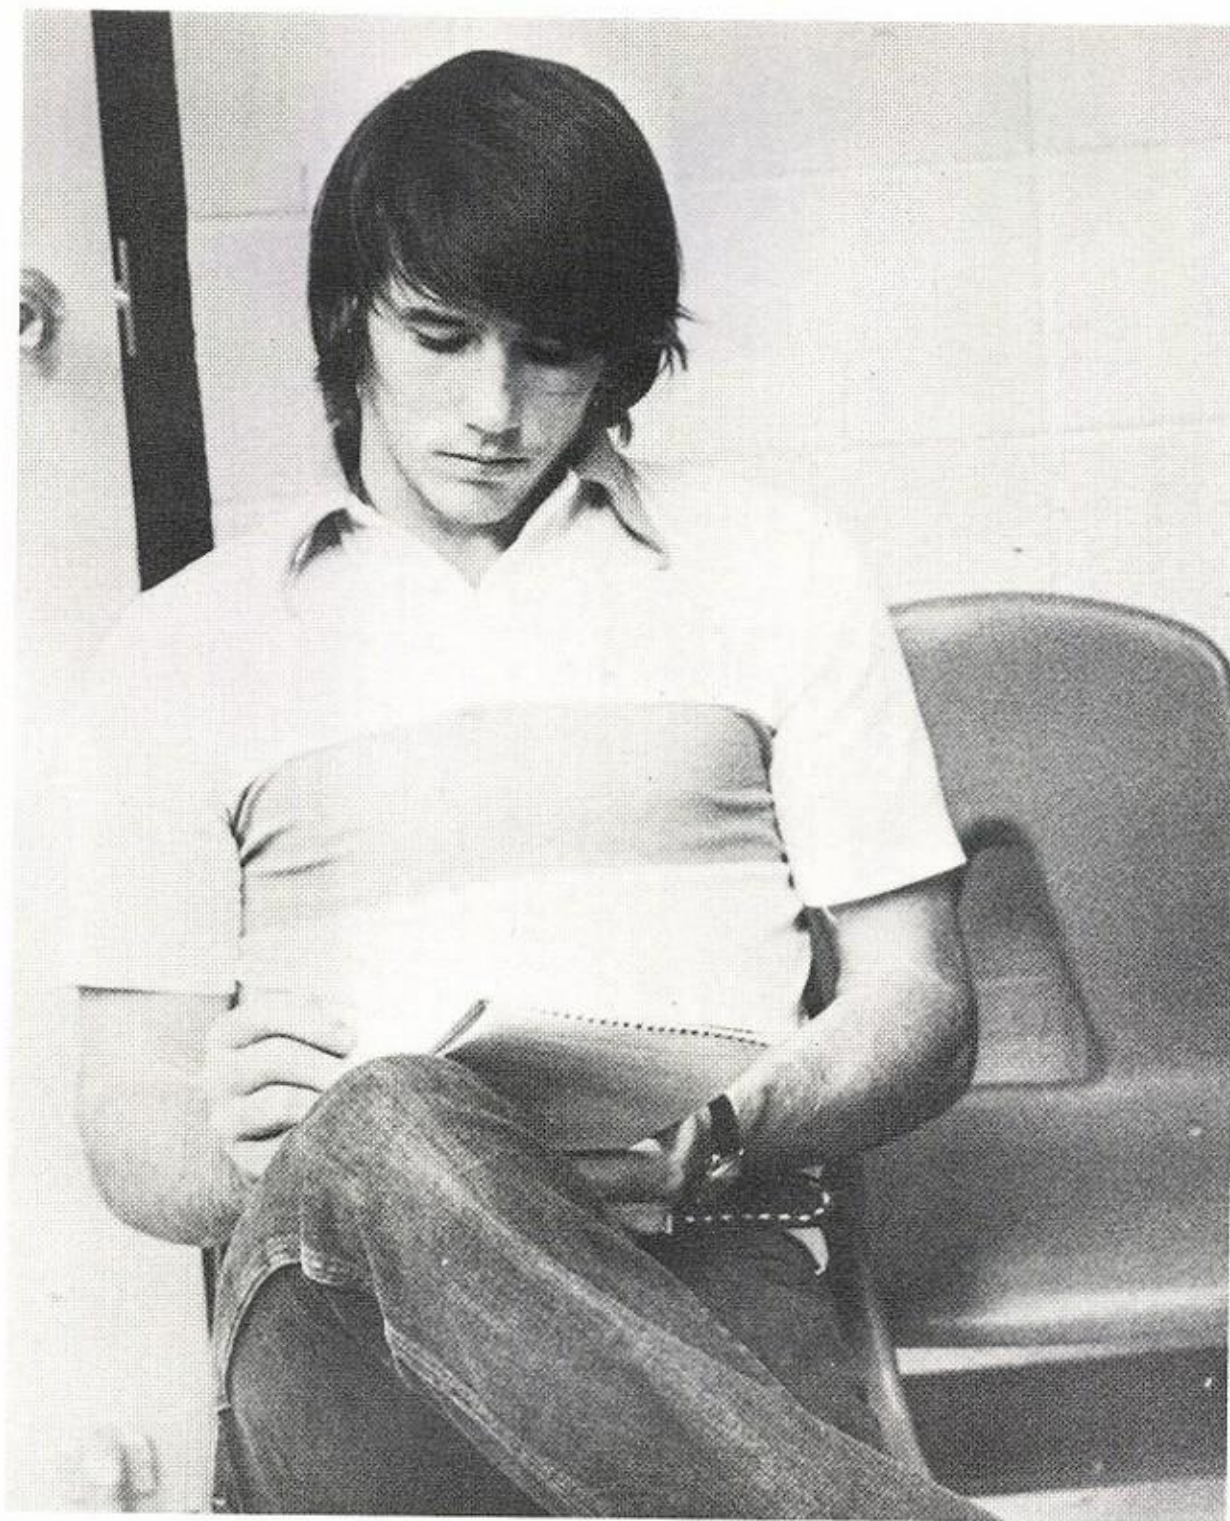

Only one member returned from last year, Denise Davis, the editor who was a lot of help to

advisor, Mrs. Janie Wells. The staff attended summer and fall yearbook workshops, learning the latest lay-out and design techniques in the yearbook.

Vertical or horizontal? One of the main questions you'd hear from a photographer trying to satisfy the staff. Photographers were in charge of developing film, printing pictures, and one other tough task: seeking people to take pictures of, and keeping them still long enough to snap a photograph.

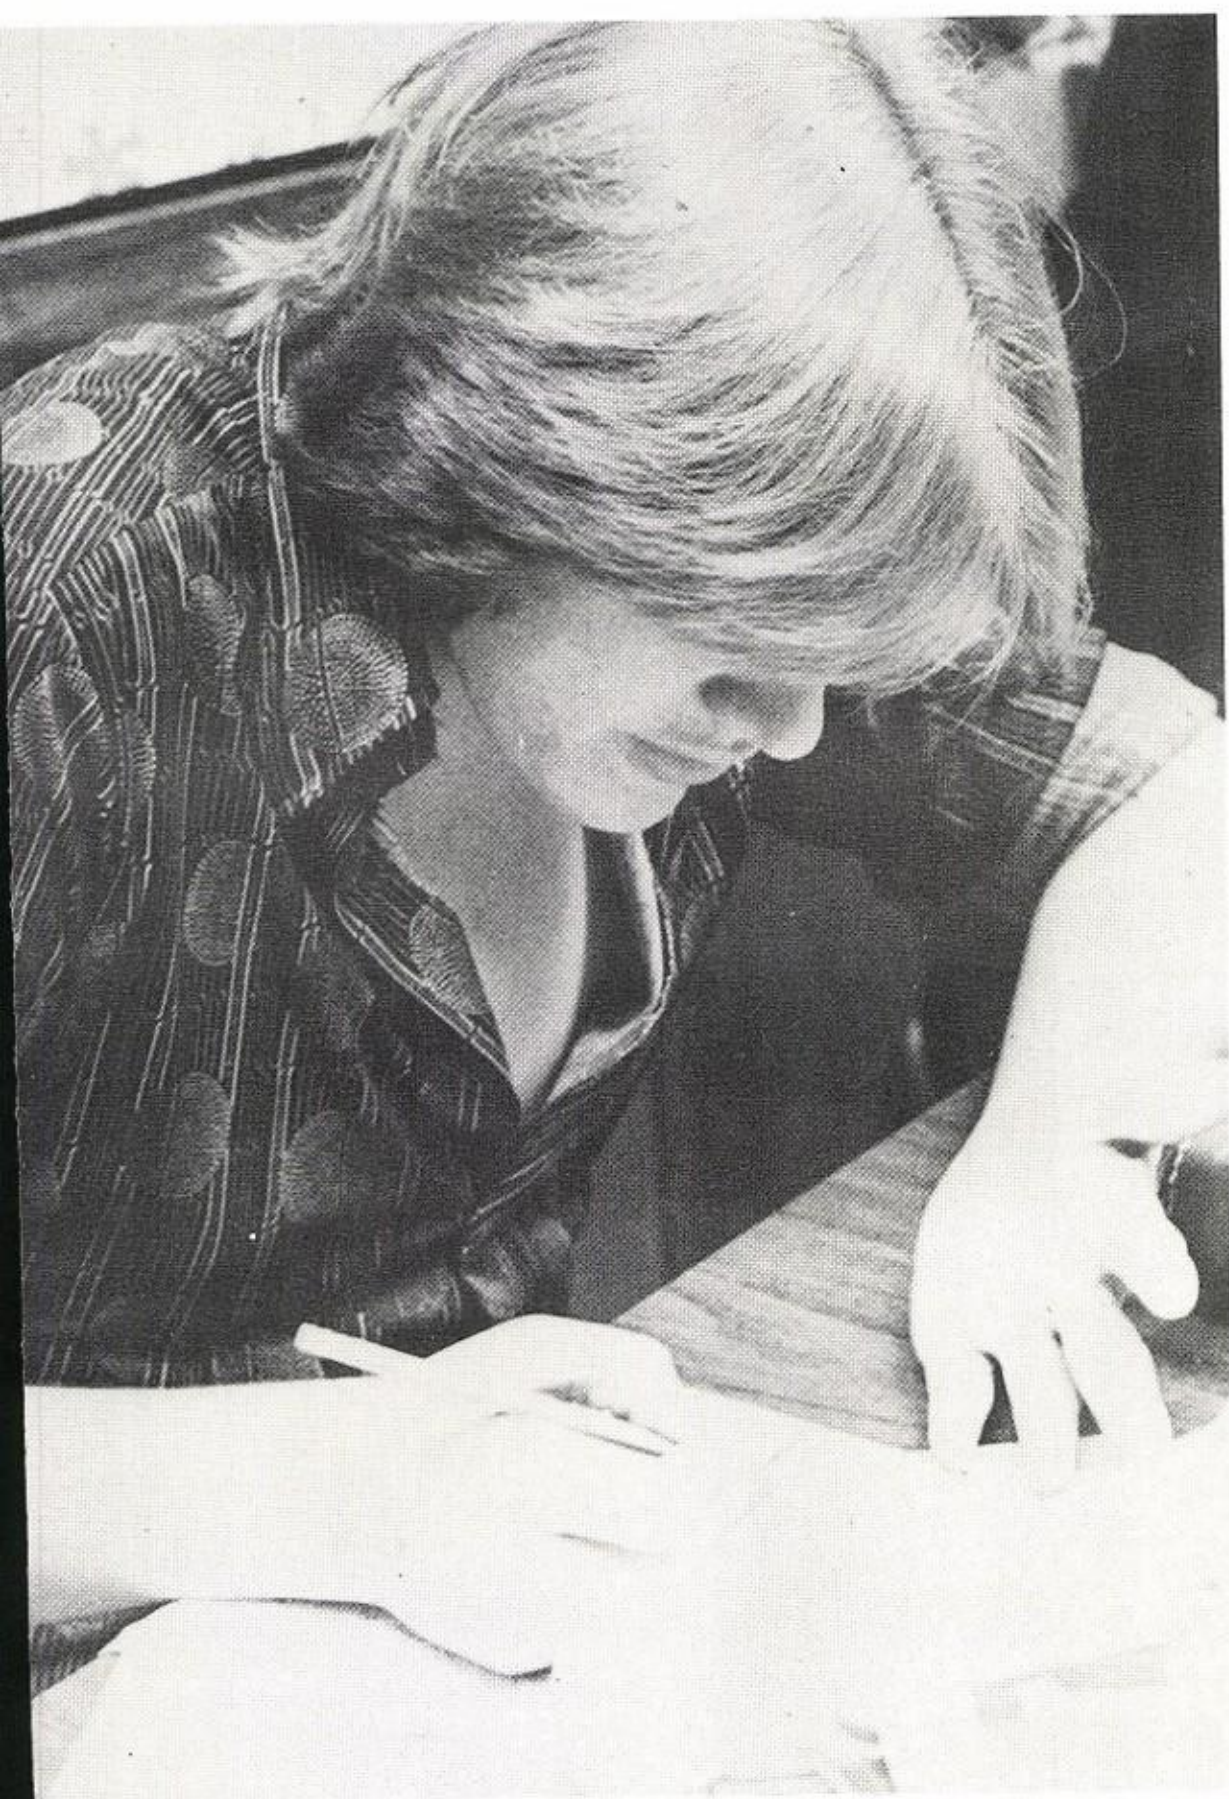

The yearbook was distributed by the staff members at a school-wide yearbook party in May.

Pow Wow Publishes 16 Issues

Gathering information, writing stories, getting pictures, and laying out each page were rather complex jobs required of the Pow Wow students.

In between the rush of deadlines staffers competed in headline writing, news writing, editorial writing and feature writing in UIL contests at District, Regional, and State bringing home numerous awards.

The Pow Wow published 16 issues, each six or eight pages in length.

Clubs Host Fund Raising Projects

Future Teachers of America raised money through candy sales and tote bag sales to attend the convention in Dallas. The group also went to a local meeting at ASU concerning leadership in FTA.

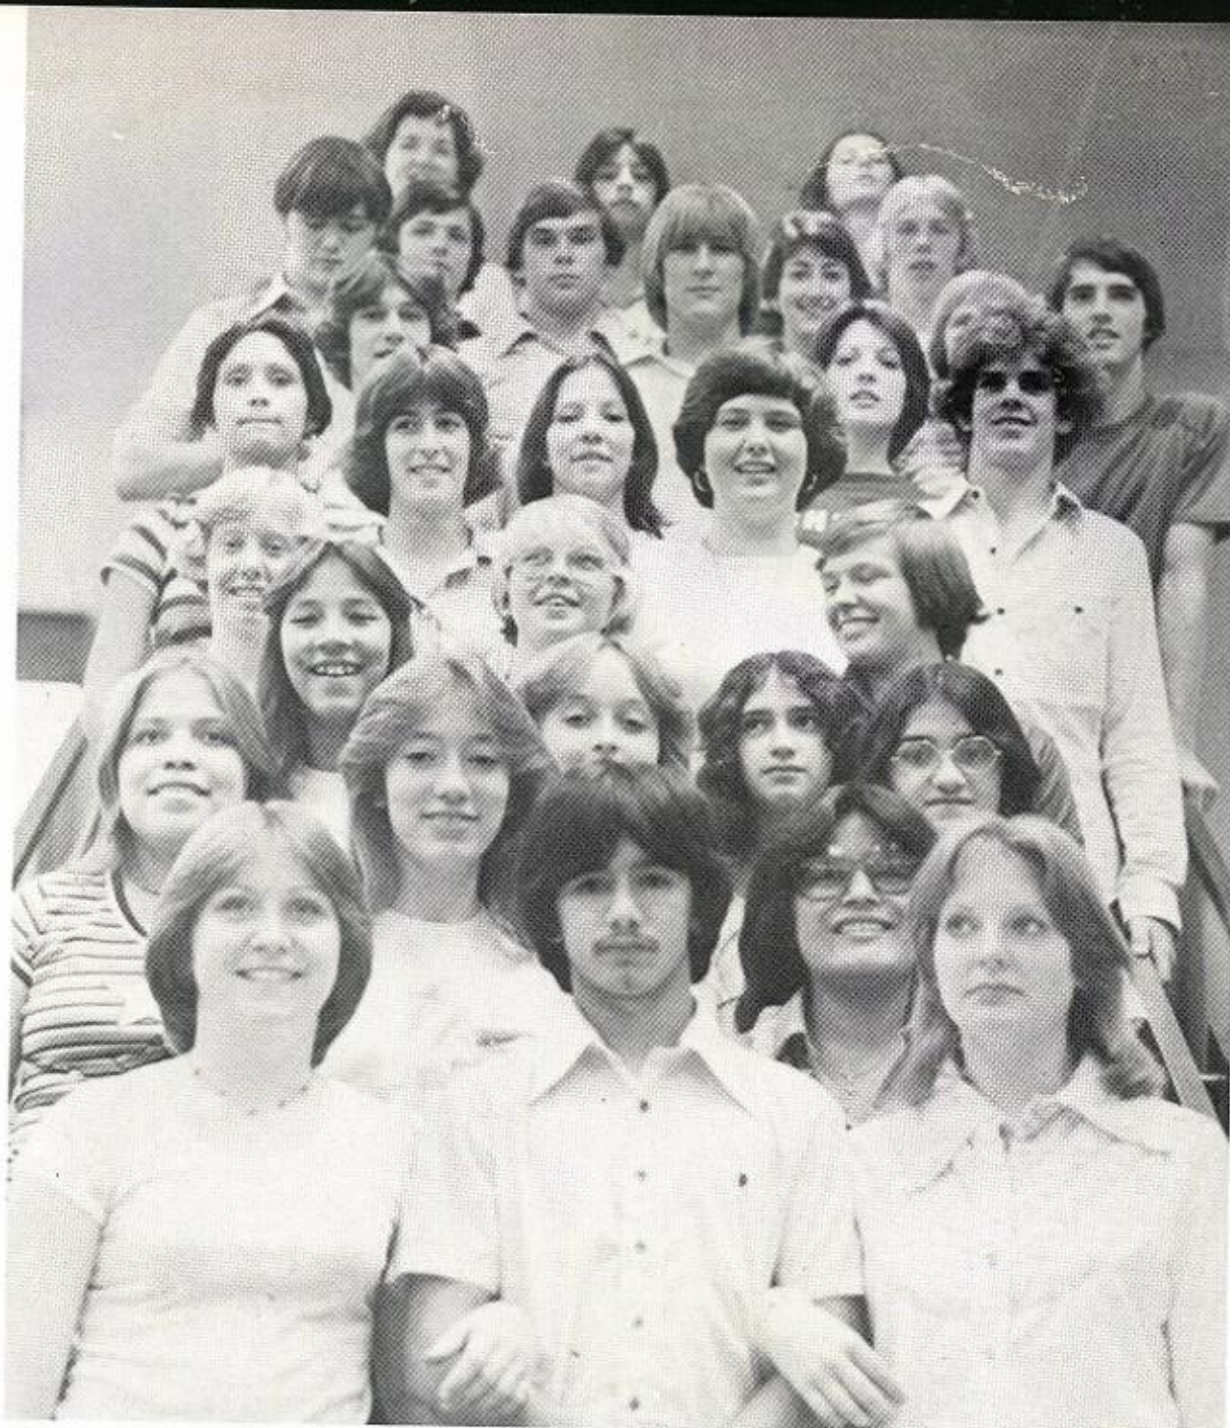

Each month the FTA chose a teacher of the month and presented that teacher with a cake or other bakery items.

To liven up the school hours they announced a thought for the day every morning.

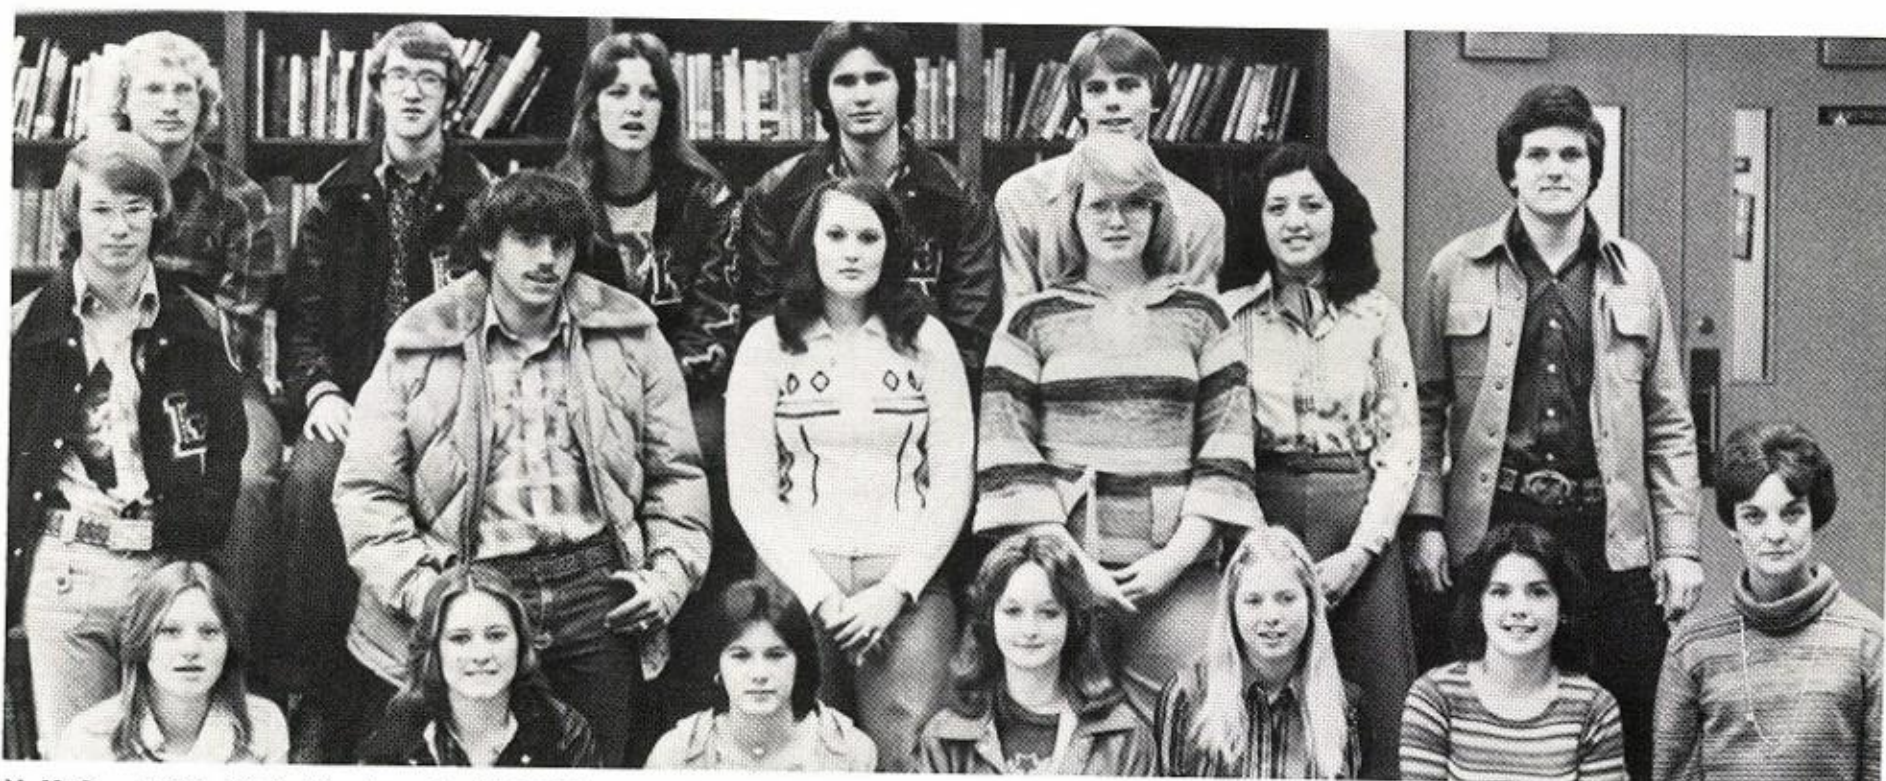

National Honor Society memberships, which required good grades and leadership, were a very small group with 19 members.

Putting size aside, this group stayed active with various projects including raffling a life-sized stuffed animal during Christmas.

Hosting the banquet for both Lake View and Central was the big event for the year.

Los Alumnos Gives Scholarships; Math Club Attends UIL Contests

Los Alumnos participated in several money-making projects this year to raise funds for two scholarships for one Mexican-American girl and one Mexican-

American boy. Both scholarships were to Angelo State University.

The Math Club traveled to Lubbock, Pecos, and Stanford this year to compete in slide

rule, number sense, and mathematics contests. After this they went on to the District meet in Snyder.

Athletics

The Girls Athletic Association worked this year in further developing the school athletic program. They supported Lake View by working in the concession stand at various tournaments along with several other money making projects.

The Art Club again participated in the Christmas Tree decorations program, sponsored by a local bank. This year the group used over 300 shells to produce their "shell tree" for the special exhibit and program. The club also made decorations for the athletic banquet, as well as holding several exhibits in the trophy case.

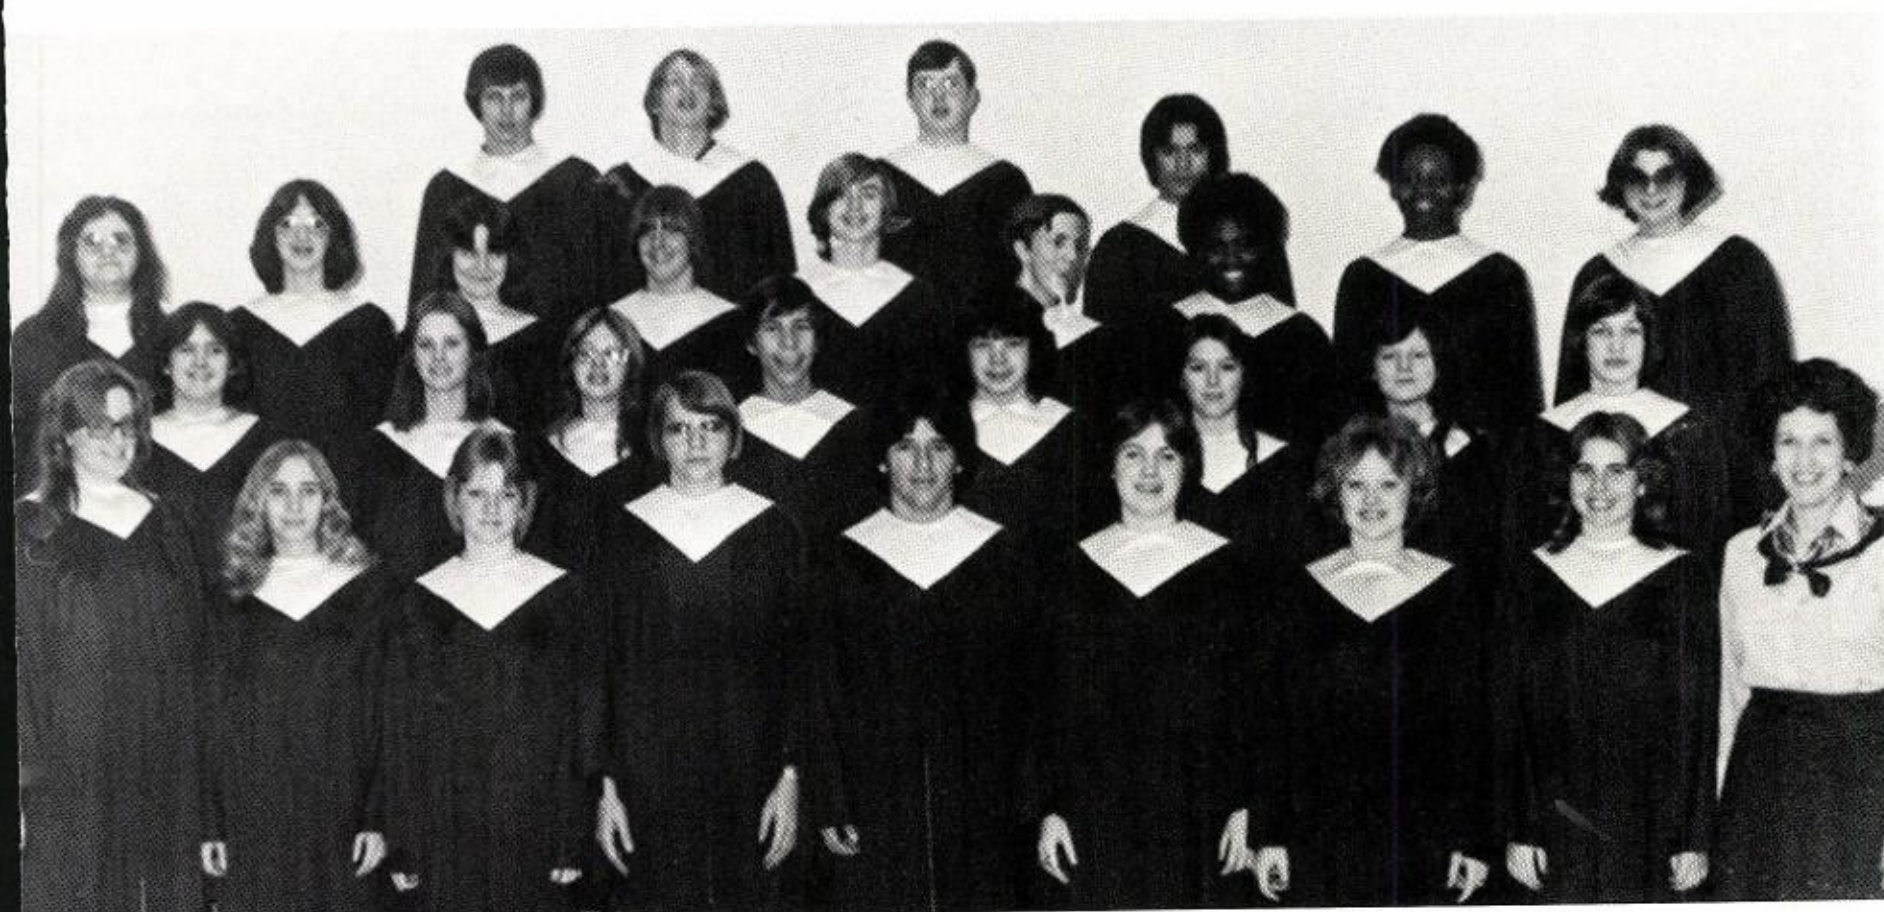

The Lake View choir performed concerts during the year, including the Christmas assembly which all students attended.

Kiwanis Supports Key Club

Helping to develop attitudes was the key purpose of the Key Club, supported by the Kiwanis.

Each week the Key Club sent two of its members to the Kiwanis luncheon. These youth helped the Kiwanis with a TV auction and other money-making auctions.

These young men also traveled to Dallas for the annual Key Club Convention.

Speech Club Works Behind the Scenes

Supporting programs for those interested in acting and speaking was the chief mission of the Speech Club.

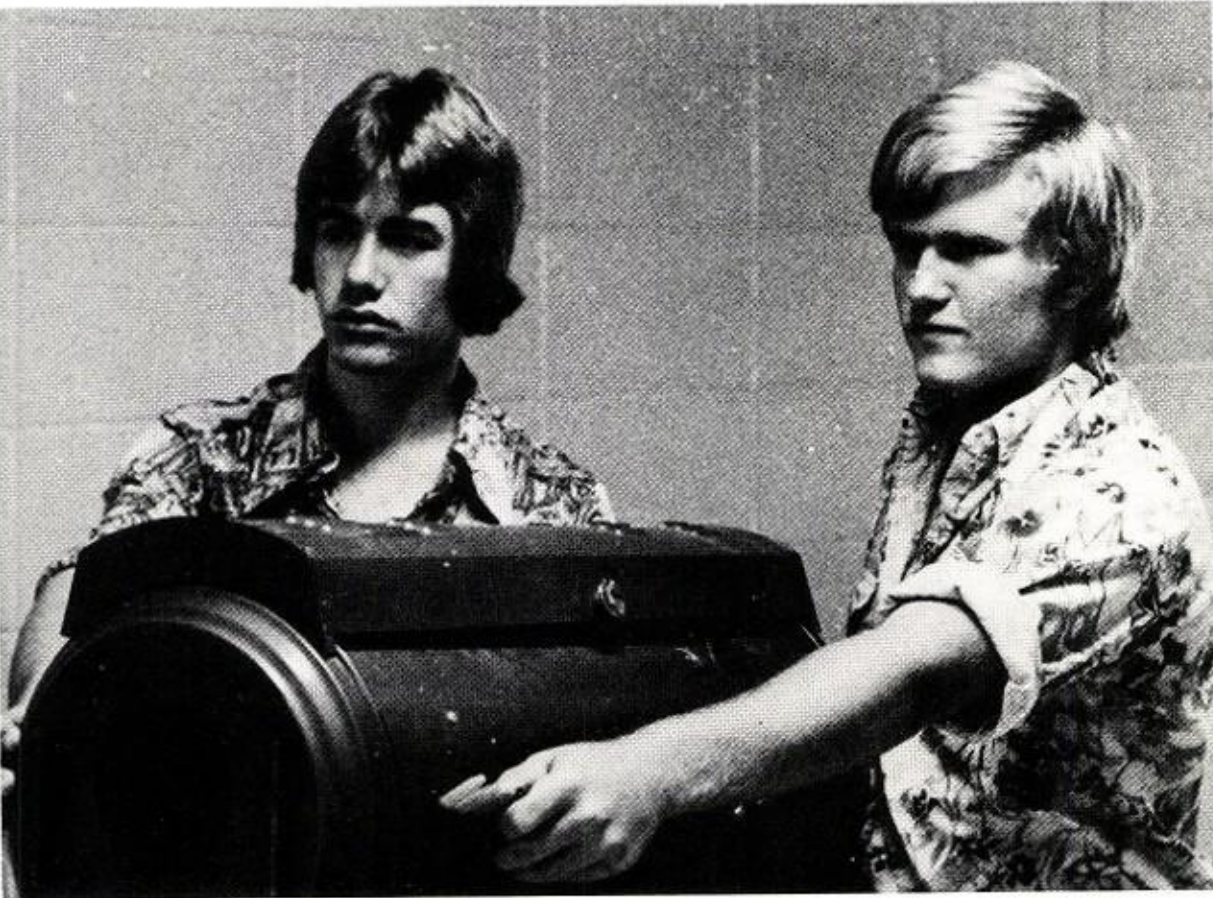

Paying for costumes, scripts, props, and equipment were all reasons for the money-making projects hosted by the club.

According to Mr. Frank White, sponsor, the club is "an auxiliary operation for people interested in speech and drama."

The people in this club worked "behind the scenes" getting things ready for speech department programs.

The club helped sponsor the department's films, multi-media shows and children's theater.

"The Speech Club gives kids not taking speech or drama a chance to compete in contest areas."

Mechanics Learn Repairs

Looking deep into the mechanical world was the Engine Repair Club.

This club worked on the technology of automobiles, their engines, and their repair.

Experiments in other tools and mechanical devices were also offered with each membership.

FFA Shows Livestock

The Future Farmers of America's main issue was working with agriculture technology. These youths learned about farming, livestock shows, and all the equipment for this development.

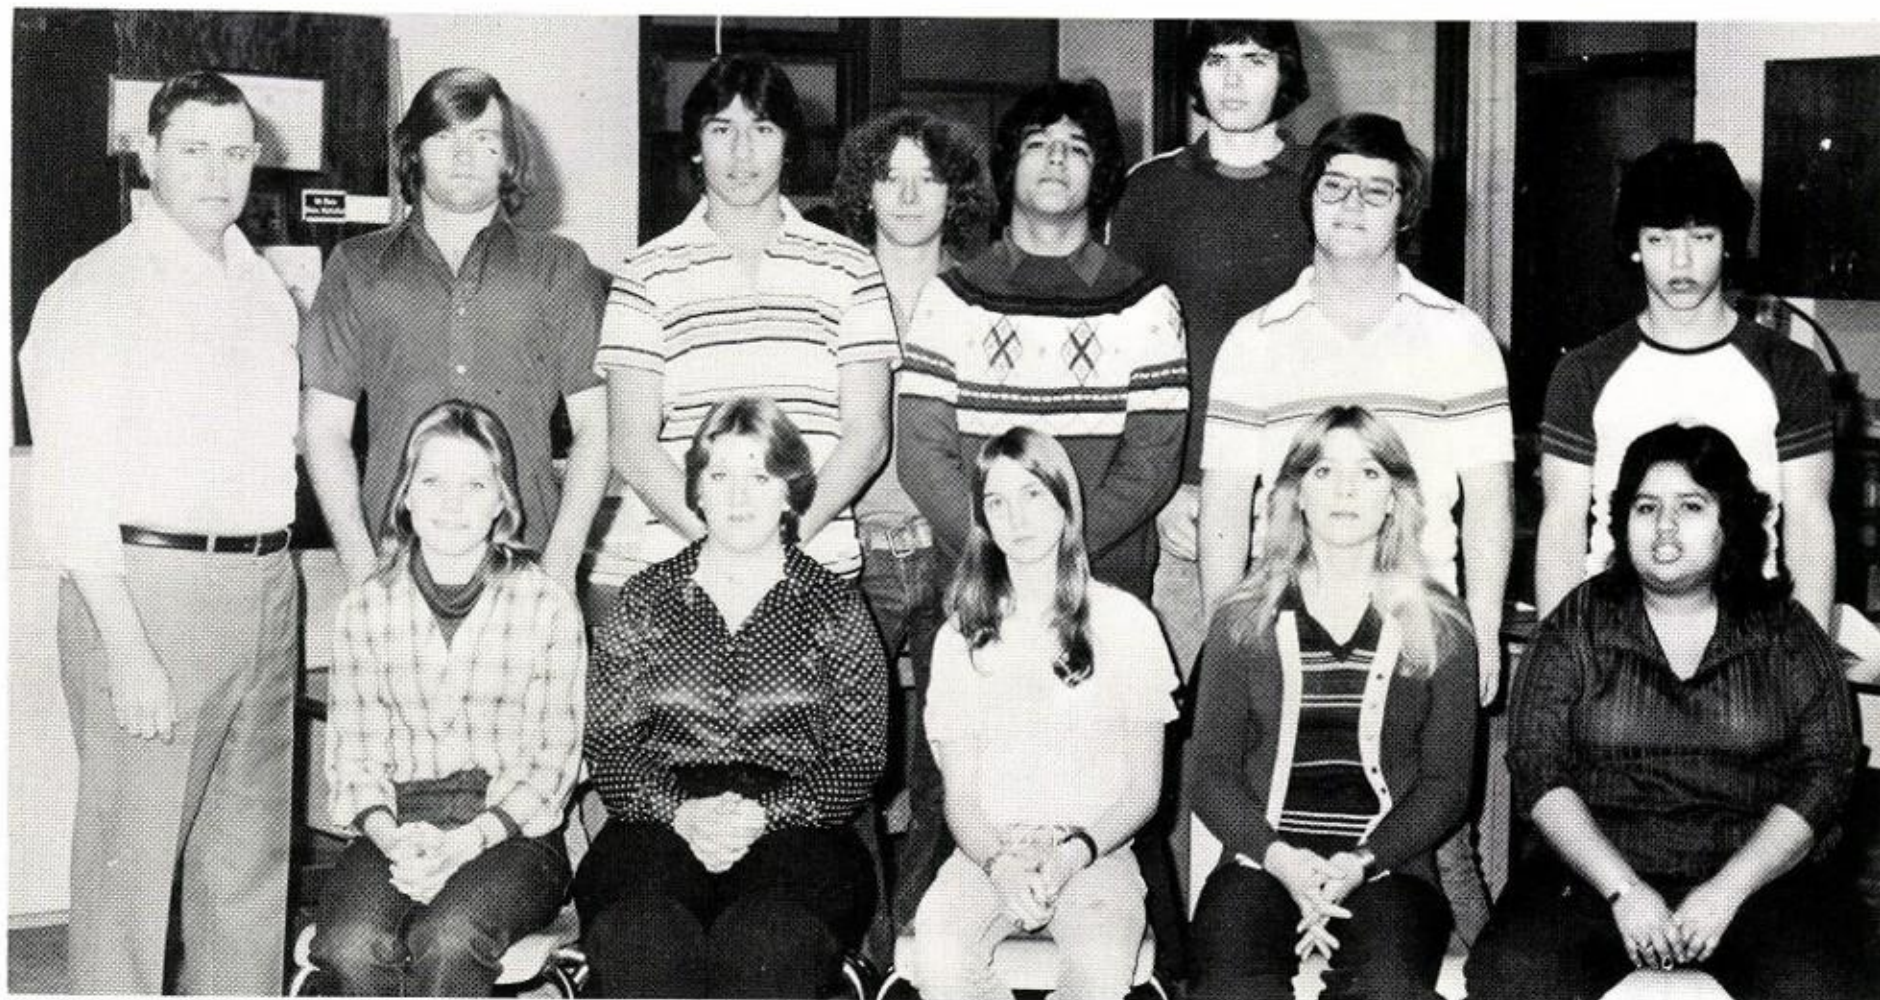

They built trailers, pens, sheared and shaped sheep, raised calves and went to contest dealing with parliamentary procedure.

Their biggest event was the preparing the fine showing of their cattle and sheep during the annual San Angelo Stock Show and Rodeo.

Conie Little was chosen by local FFA members as their 1977-1978 sweetheart, also elected as District Sweetheart, and she traveled to Alpine for the state competition.

Printing Club, Clothing Offer Career Choices

Two programs that obtained industrial products through study, labor, and skill were the Printing Club and Clothing Service Class.

The Printing Club reproduced many designs on surfaces using various different processes. Clothing construction and repair were chief points.

Mrs. Betty Oates carried out for two hours each day in the Clothing Services class. This class offered such things as sewing wardrobes and upholstering furniture.

Construc- tion, DECA Support School Projects

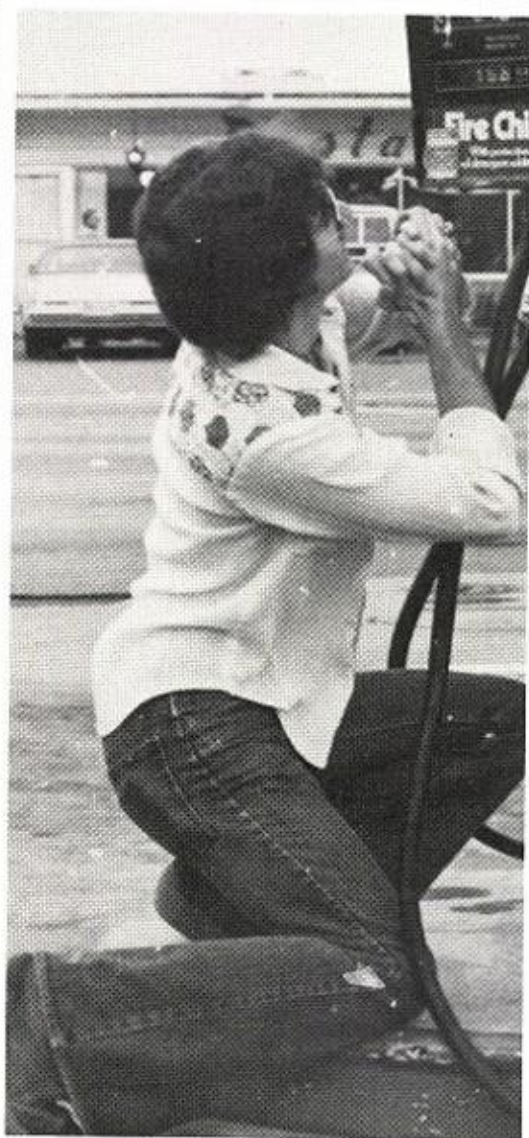

Julie White, Clay Woodul, Donna Stevens, Johnny Fisher, Teresa Truelove, Billy Hawkins, Craig Summers and Theresa Grady won trophies at the Area I contest held at ASU.

Deca members worked hard together to support Lake View by selling spirit flags at the home football games, and providing programs. Constructions Trades was held at Lincoln Jr. High teaching the crafts of woodwork, cabinetry, doors, and building houses.

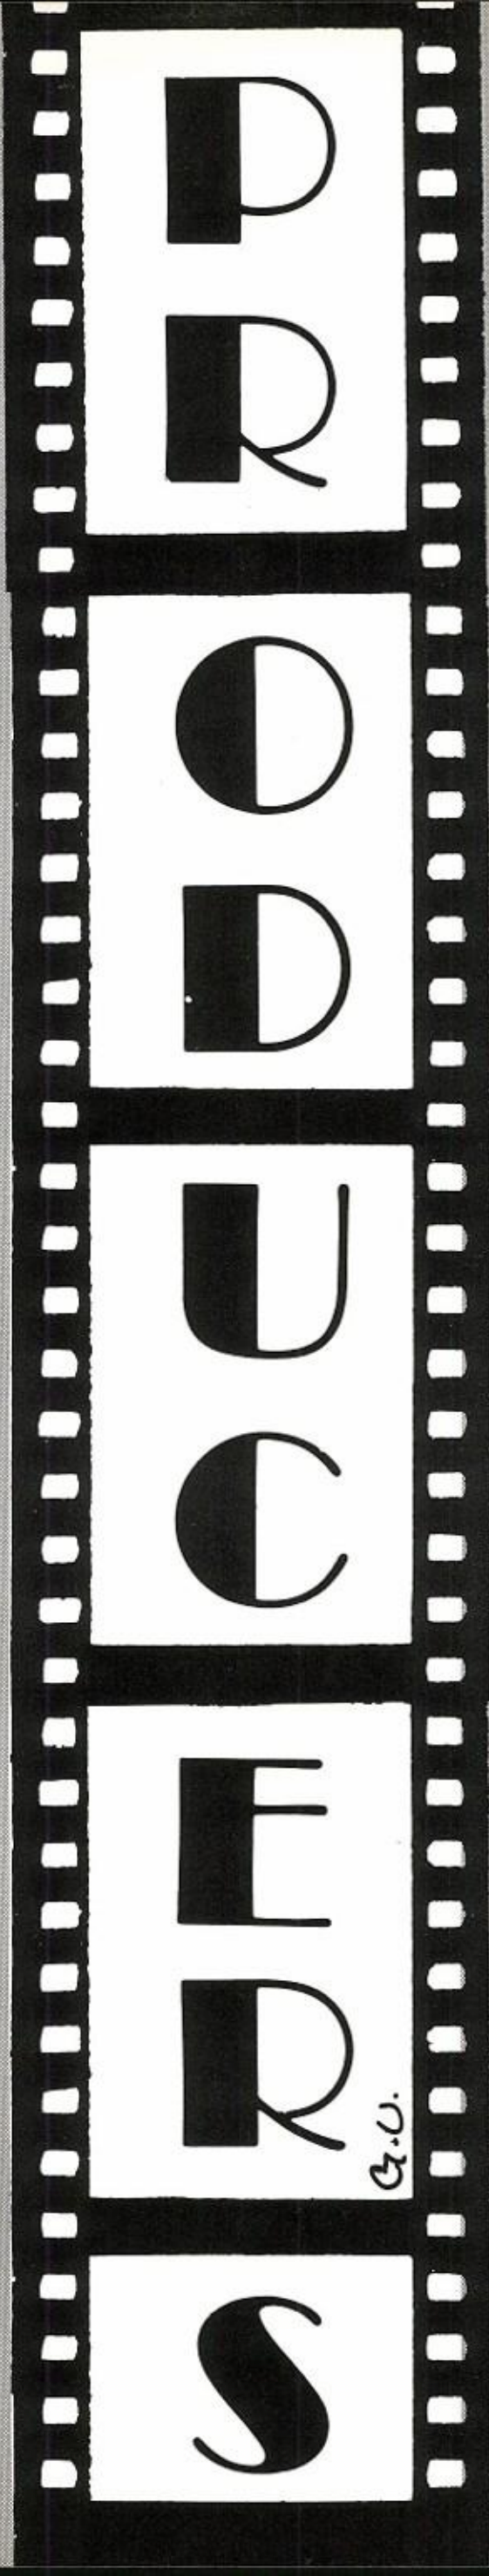

CONSTRUCTION TRADES - FRONT: W. Allsbrook, B. Crook (Pres.), L. Garcia, M. Lackey (Sgt.-at-Arms), J. Ramirez, J. Matthew. SECOND ROW: R. Walker, H. Liebo, R. Williams, R. Burney. THIRD ROW: D. Putska, O. Hernandez, M. Boehm, R. Stewart (V. Pres.), G. Putska.

Without financial support, many things at Lake View would be impossible. The yearbook, football and basketball programs, the school newspaper, and countless other items rely upon the businesses in our community for their livelihood. Helping Lake View to continue producing quality projects is just one role of the Producers.

PAGE 206: TOP LEFT: Senior Eddie Seward pleads with the electronic gas pump not to charge so much. TOP RIGHT: Kristy Owen and Marisa Jordon are shocked by the prices of new cars. BOTTOM LEFT: Betsy Harmon, senior, test-drives an unusual type of vehicle. BOTTOM RIGHT: Sophomore Sandra Pyburn enjoys her Dairy Queen ice cream cone.

Cut the lights. That's right. This scene's almost over. Time to move on to another set. Homecoming's over, the coronation is past, football and basketball seasons are gone. Why, the whole year is almost over. And everything has gone smoothly . . . well, almost.

PAGE 232 LEFT: Lights glow from a rig pumping "Texas Gold." TOP RIGHT: Senior photographer Johnny Fisher snaps a picture of the choir class. BOTTOM RIGHT: Sophomore Mitch Lane looks disgusted at the prospect of more English homework. PAGE 233 TOP: Members of the booster club show their support for the Chiefs in the bi-district parade. BOTTOM LEFT: Mark Echly, senior, pauses in English to hear a good joke. BOTTOM RIGHT: Connie Little thinks back on her high school days as a junior.

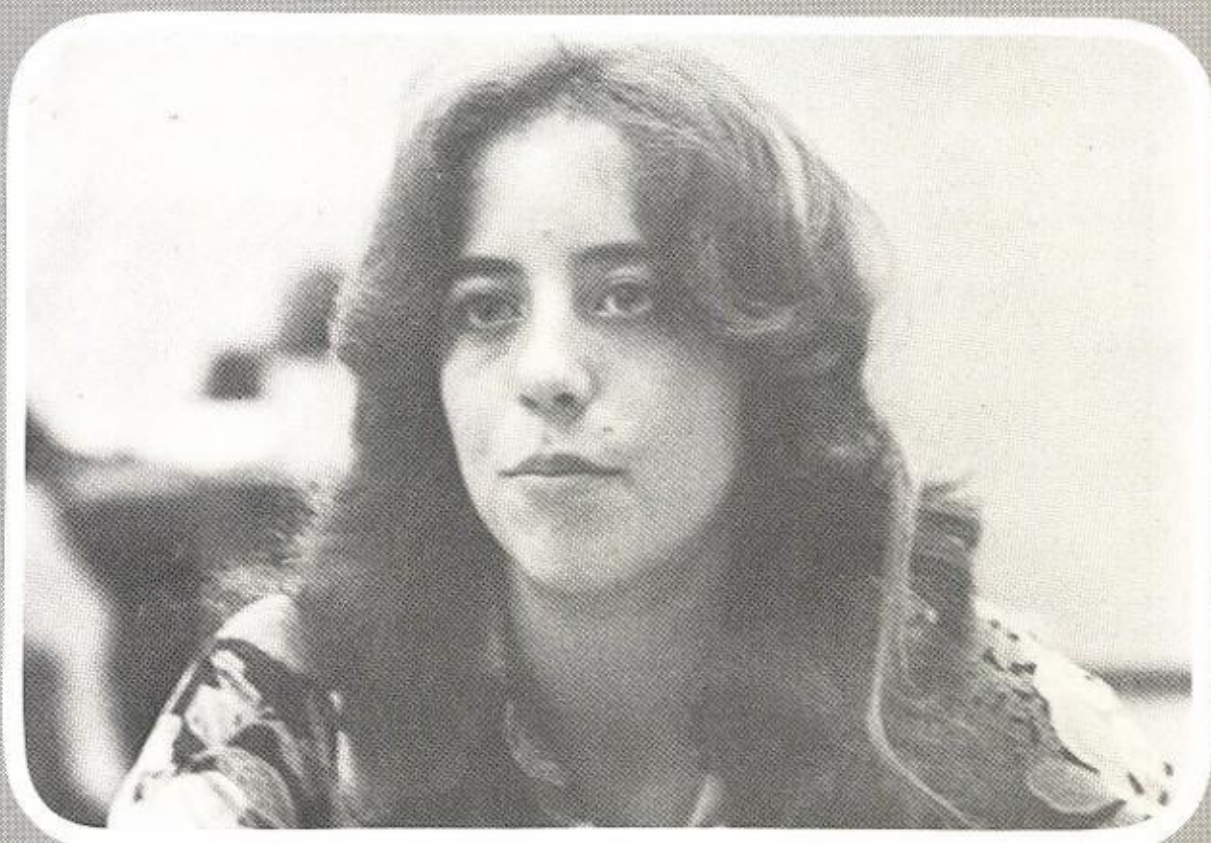

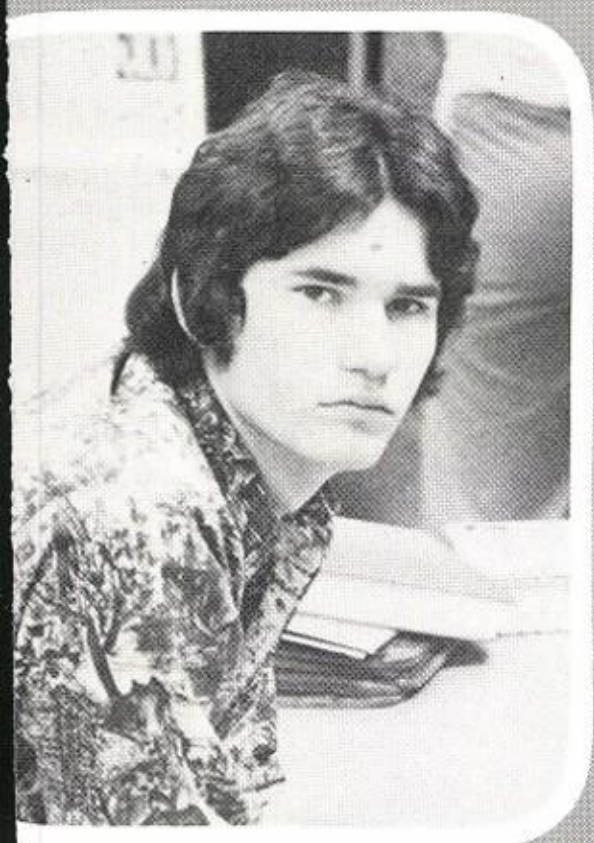

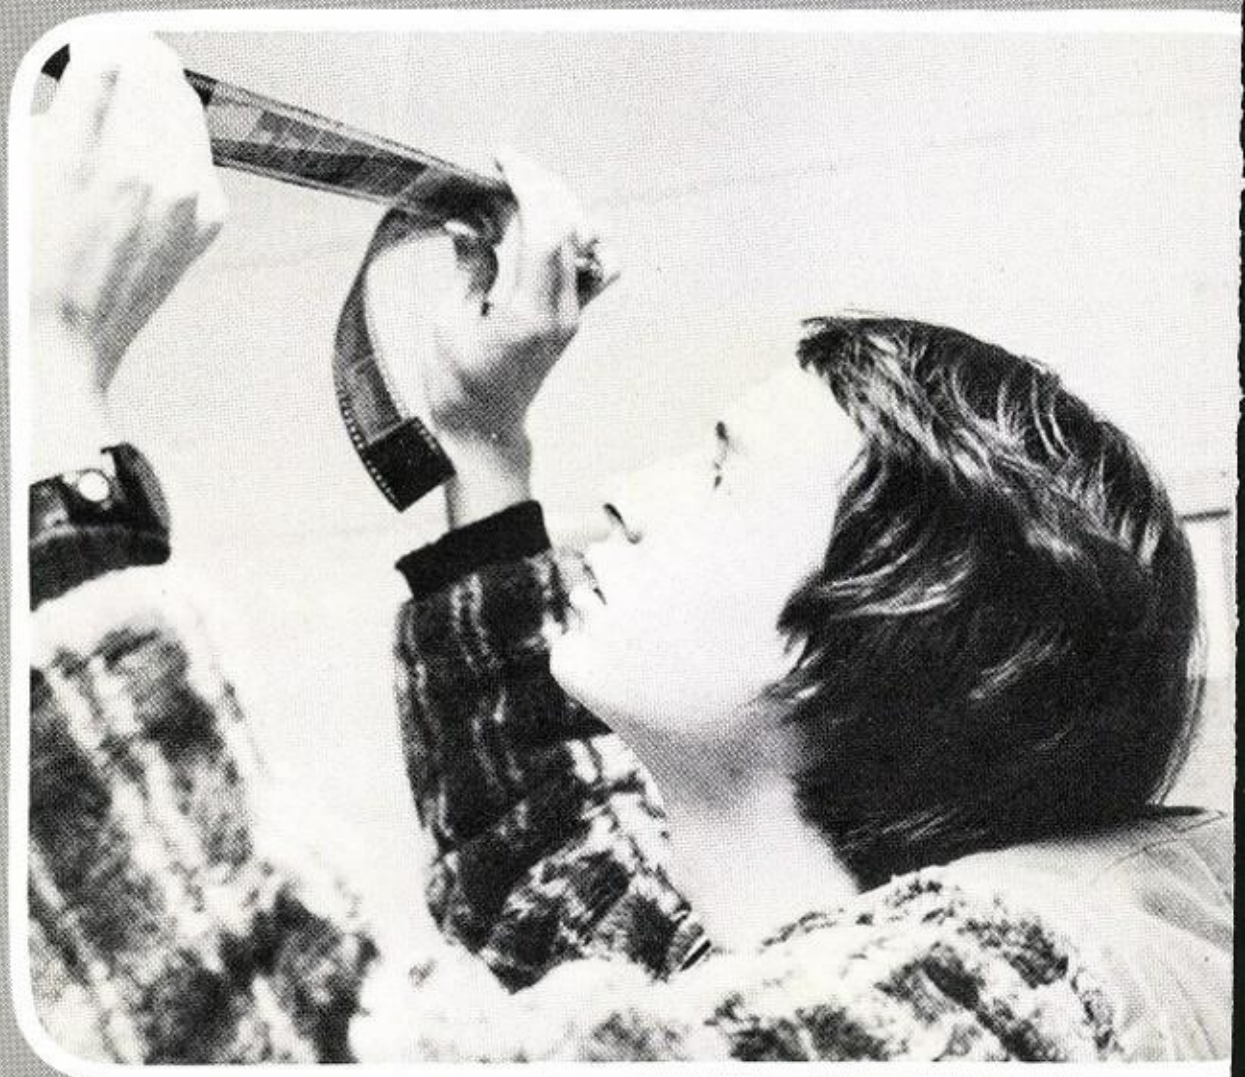

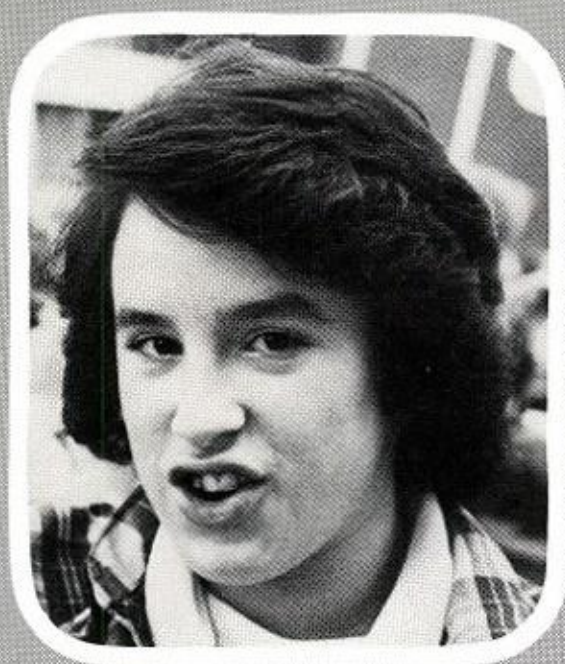

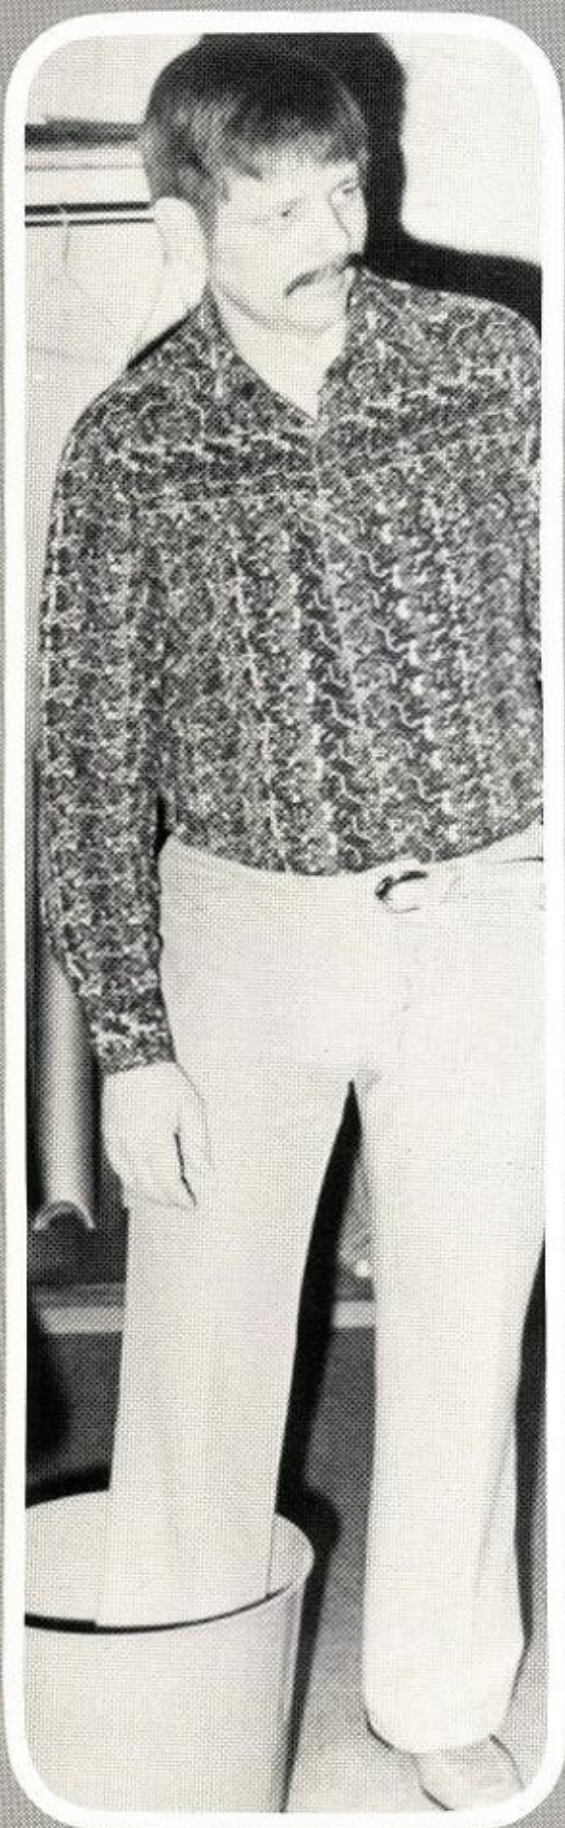

All right, everybody, you can relax for a few minutes. Go get yourself a coke, something to eat, relax a bit, but be back here in five minutes! We've got to get this thing finished! Be back on the set ready to roll in 5.

PAGE 234: TOP LEFT: Senator Robert Hardy takes a breathful during his lunch break. TOP RIGHT: Robert Brest, junior, has a suggestion for the cafeteria food. BOTTOM: Science teacher Ken Cappe takes a nap with a friend. PAGE 235: TOP LEFT: Mrs. Debbie Kelley takes a coke break before her next class. TOP RIGHT: Lee

Rodgers leans back and relaxes in English, ignoring the workbook on his desk. BOTTOM LEFT: Billy Hawkins, senior, looks up from his homework. BOTTOM RIGHT: Freshman Tammy Cortese starts to say something, but is caught by the camera.

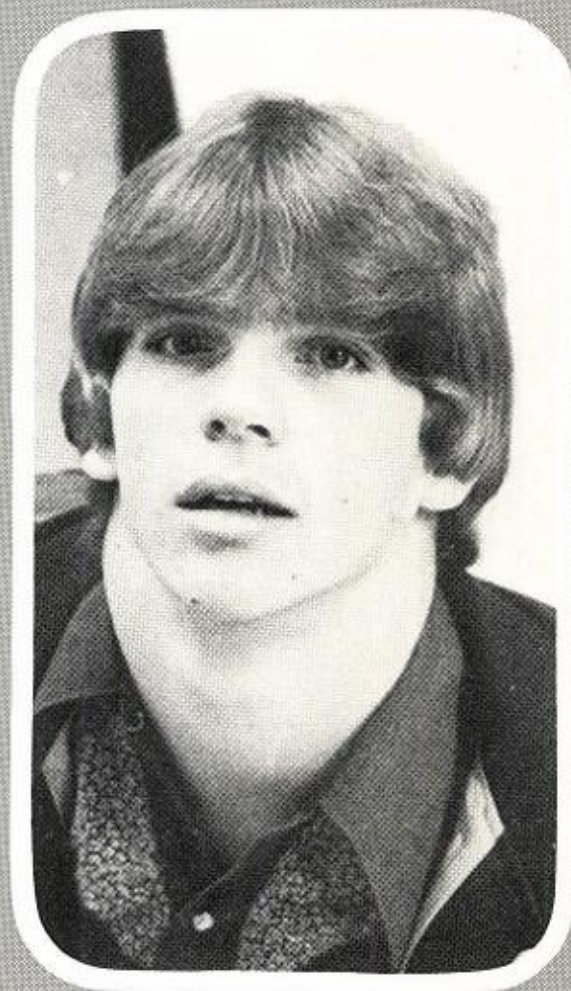

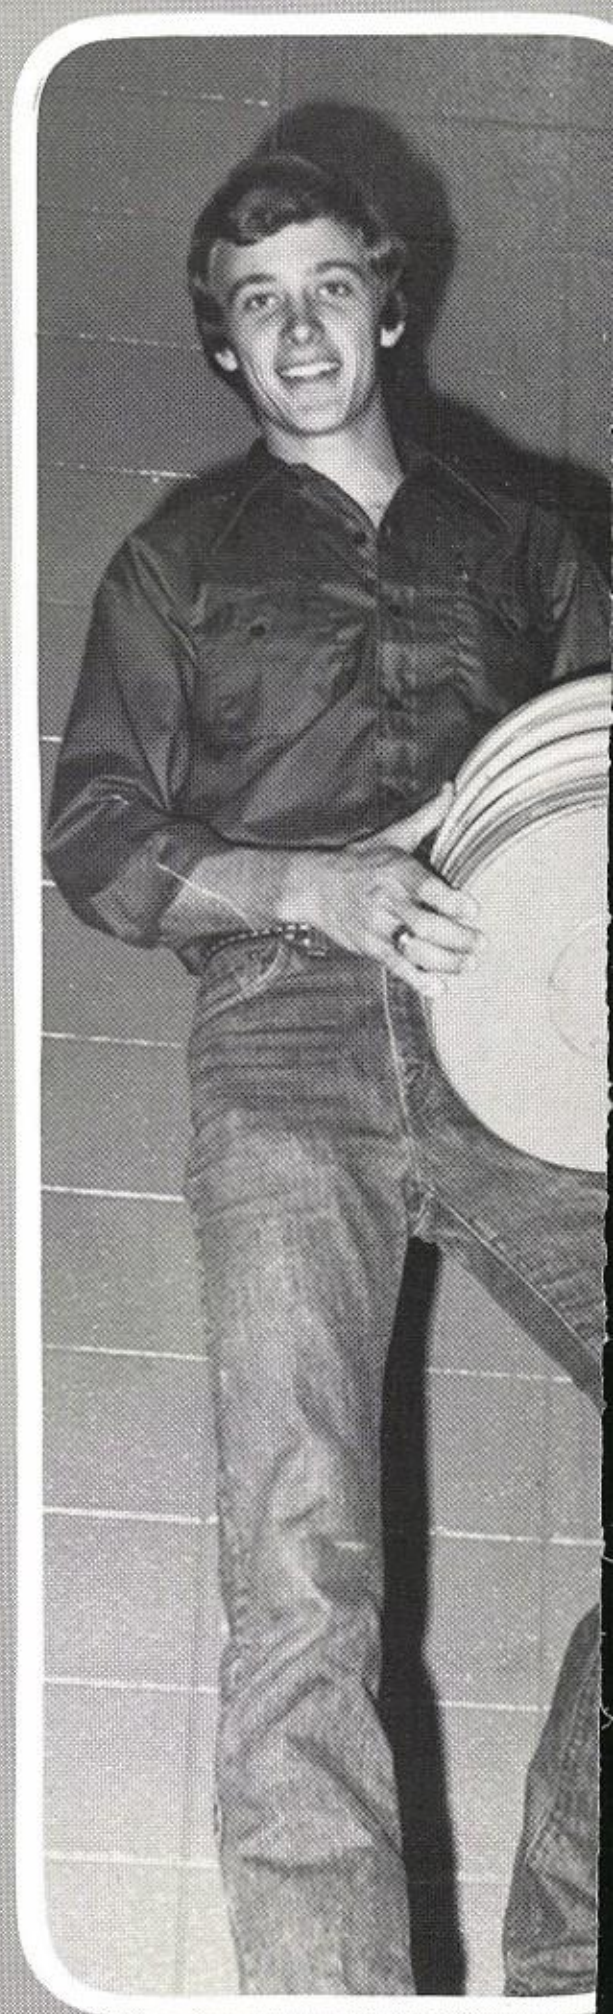

Way to go, guys. We finally got through with that one - and it's about time! Whoever heard of scene 35, take 917? Well, it's finished now. We can move on to the last scenes: final exams, graduation, and such. Hope we

have a little better luck there.

PAGE 200: LEFT: Mr. Johnson takes a mis-
step in the teachers' lounge. TOP LEFT:
Deannie Mandley, junior, makes a face at
the photographer. TOP RIGHT: Brad Ellis
watches over Dean Hanson as Dean writes
an important assignment. BOTTOM: Sen-

ior Brian Stewart examines film processed
for the yearbook. PAGE 207: LEFT: Mrs.
Pearson and Mrs. Abbott applaud students
in a pep rally skit. TOP RIGHT: Mark
McDonald, senior, looks up to find a
camera facing him. BOTTOM RIGHT:
Sventha Rodgers, Freshman, searches for
information in her text book.

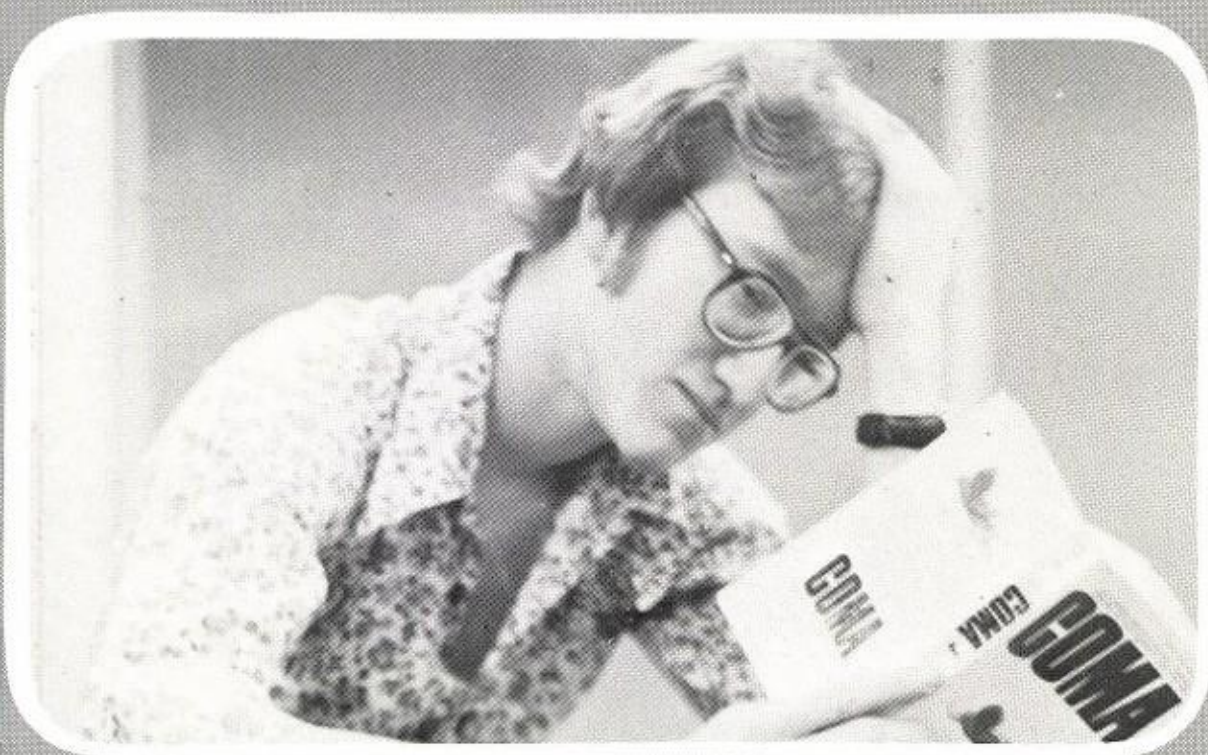

Okay, I guess that's it. Pick up that prop. Yes, that's our ladder. Did you remember to pay the stuntmen? Guess we'll be moving on. We've got another assignment here next year, and we have to get ready for that one.

Close the door on your way out.

PAGE 235: TOP LEFT: Senior John Maherry reflects back on a very successful year in football. BOTTOM LEFT: Wes Oates, Sherry Bozeman, and David Mullins gather up Math Club trophies. RIGHT: Tobin Abbott, senior, carries

stacks of films to the A.V. room. PAGE 239: TOP LEFT: David Mullins takes time to read a popular book. TOP RIGHT: Mrs. Haney pauses to look up from her sewing.

BOTTOM LEFT: Senior Arnie Freeman rewinds a film manually. BOTTOM RIGHT: Johnny Matheny, senior, looks dejectedly towards the floor in English.

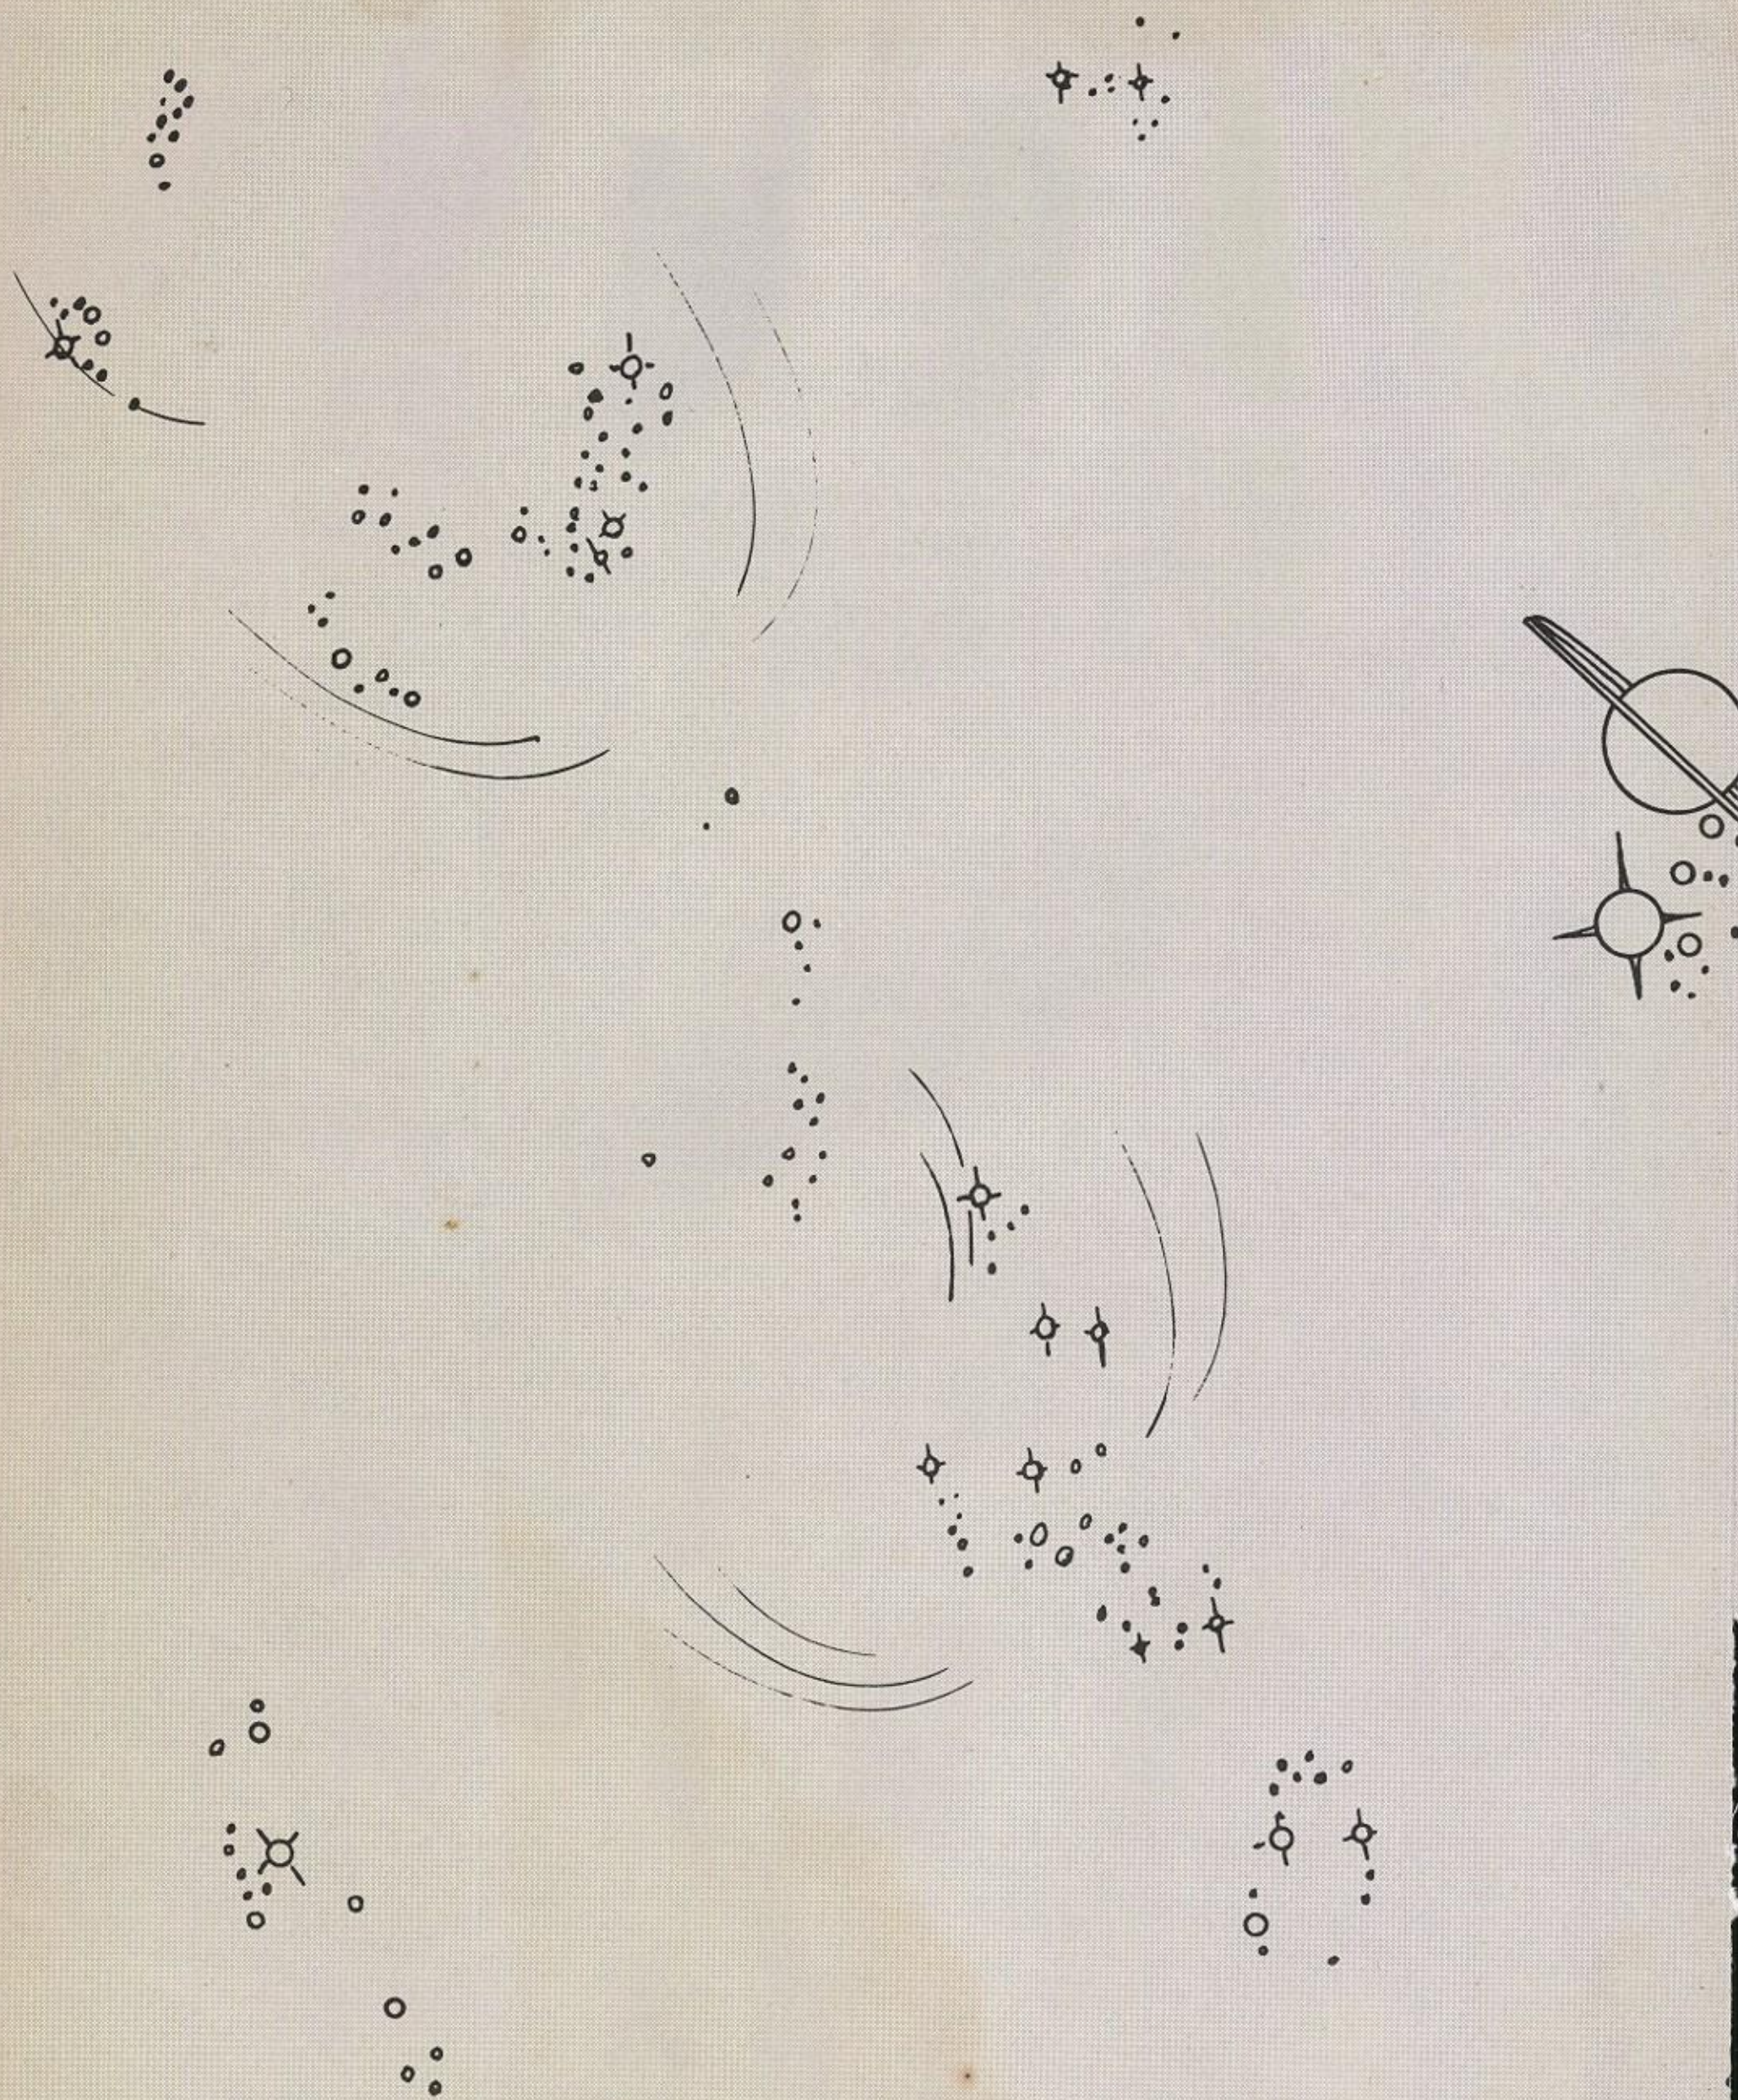

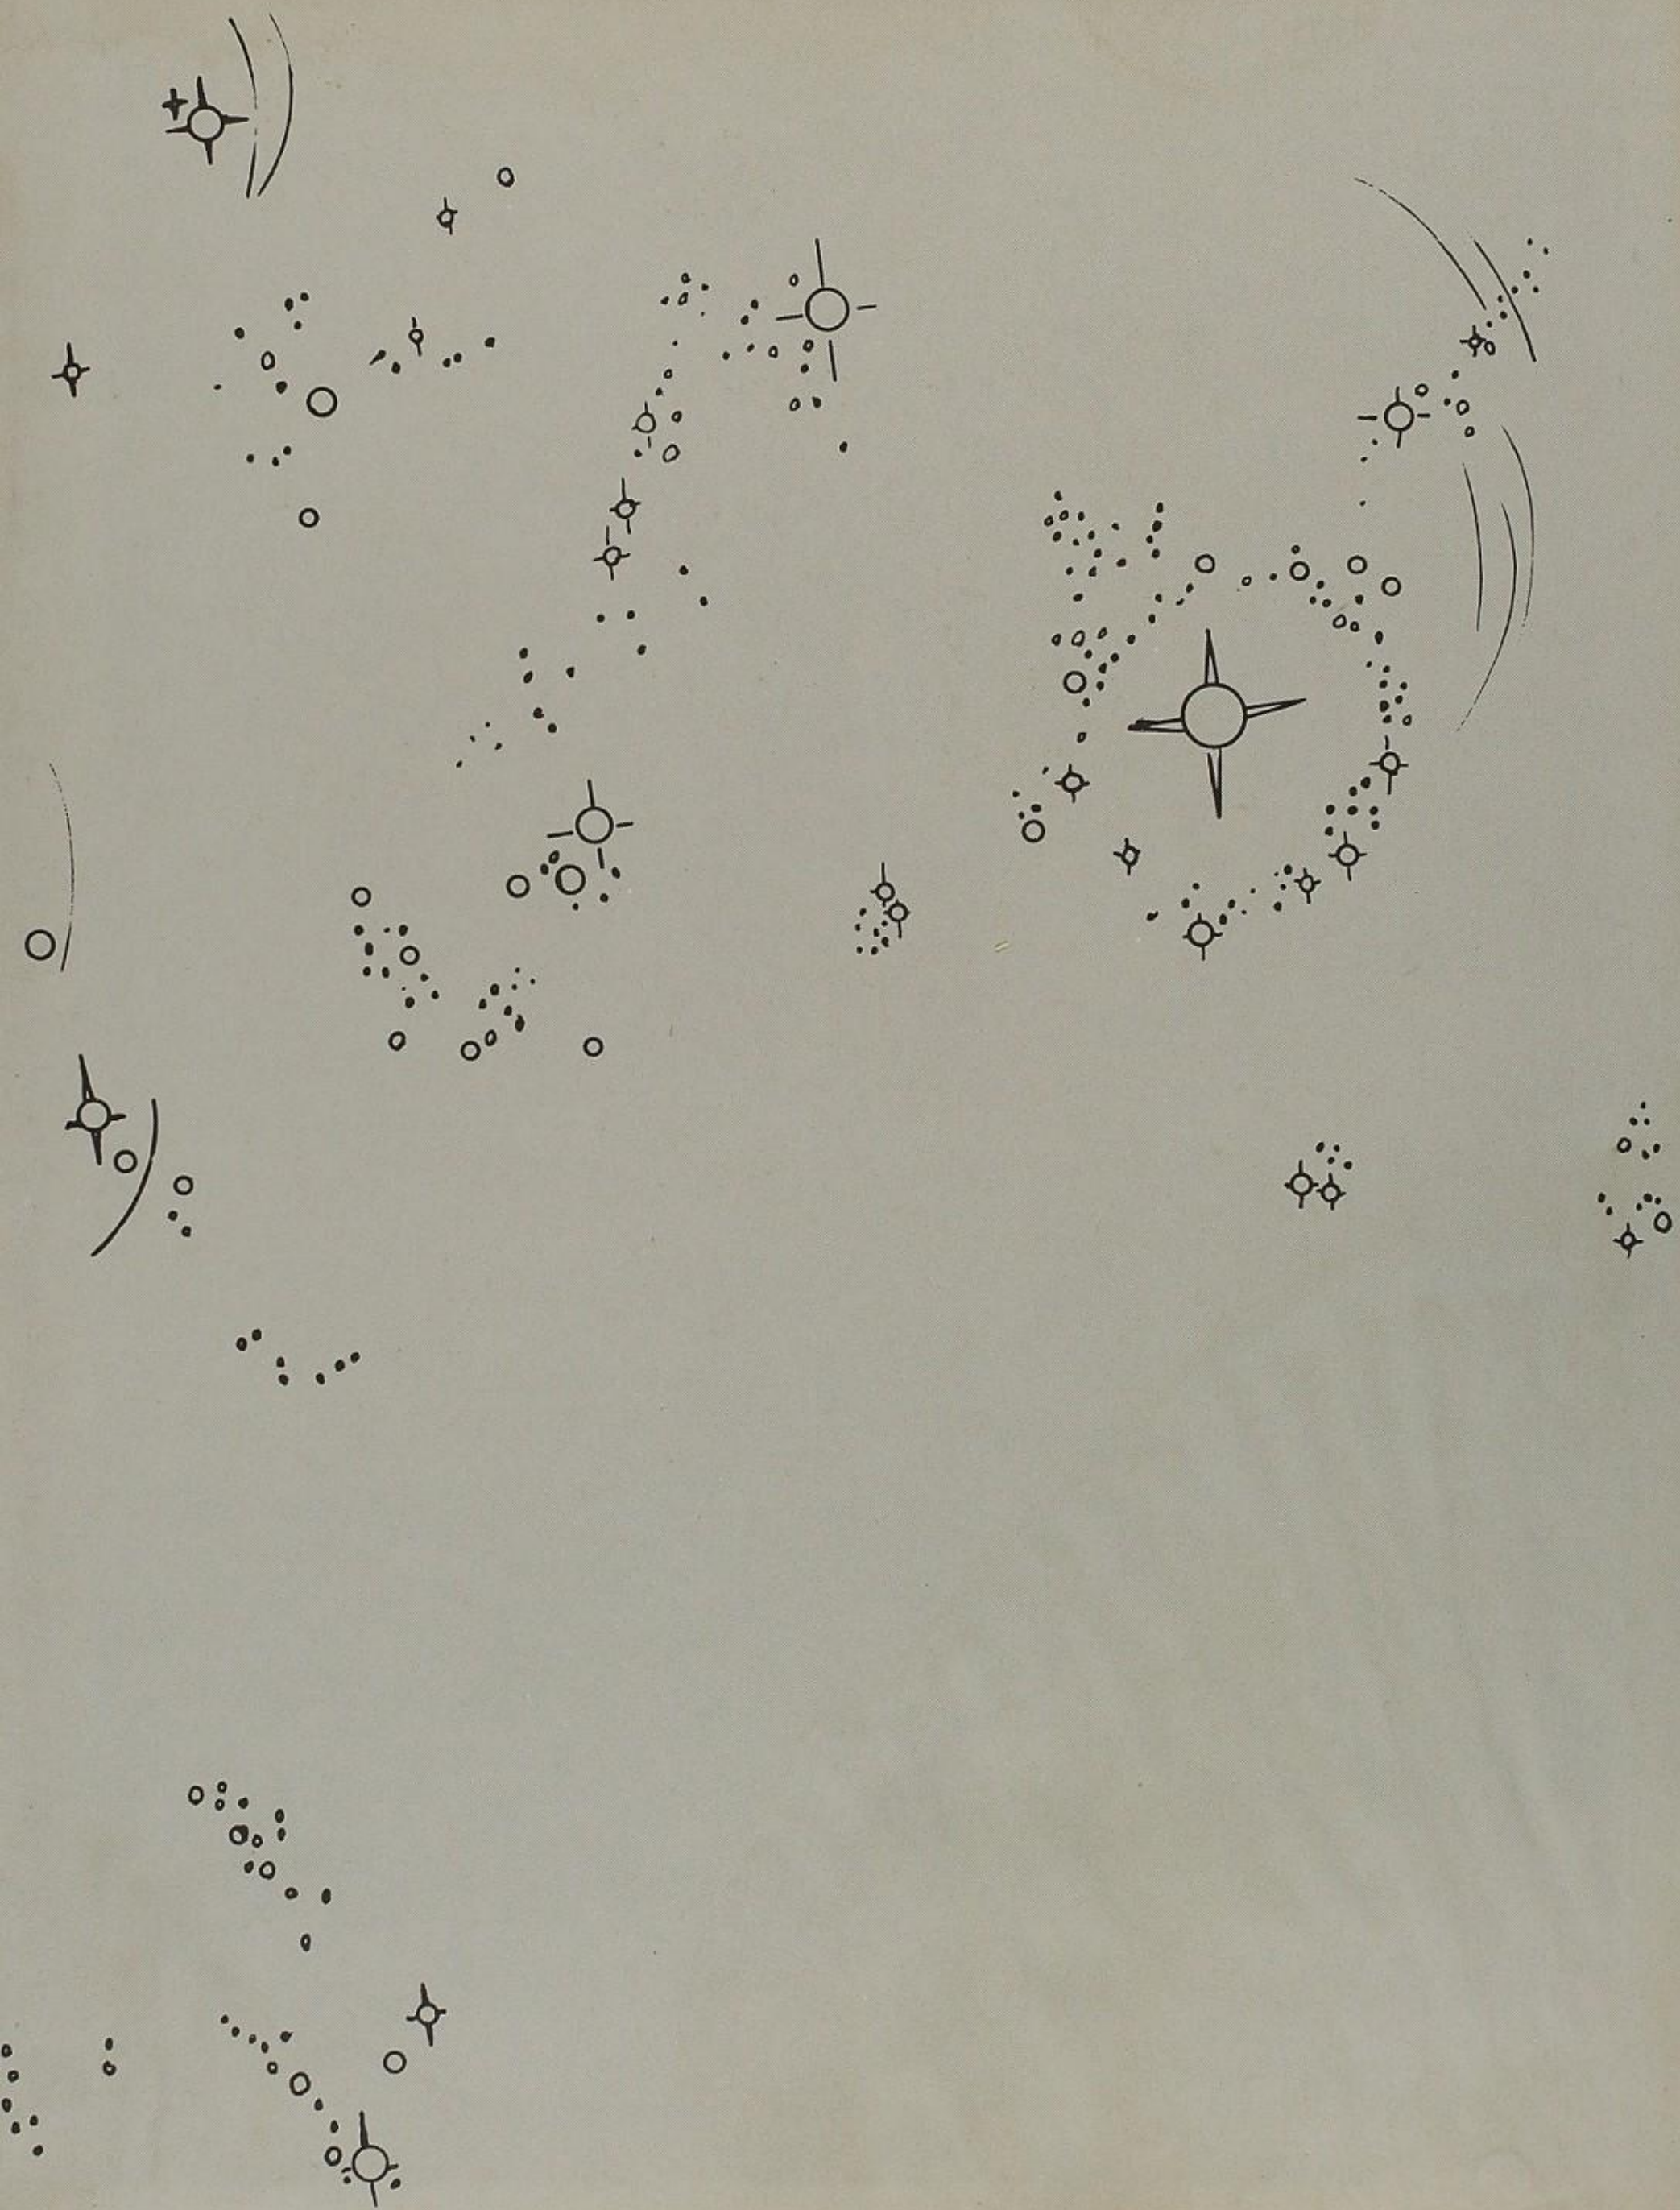

The year was a total success. At the cast party, everyone waited tensely for the reviews. Shouts of "We're Number 1!" and "Wait 'til next year!" were frequent.

At the same time there was much hand-shaking and overall congeniality. All agreed, however, that the success of the year and hopefully the yearbook could not have been accomplished

without the help of our faithful advertisers, photographers, the San Angelo Standard Times, faculty, and of course, the students themselves. So, to all . . . Thanks - You're Number 1!
